

ICE GREETED
KEY MONDAY NIGHT
n of Eloquence and Power and
Impression on Congregation—
Features of Meetings Monday.

...testifying to the existence of a great deity.
Nature proves the existence of God."
Taking up the consideration of the modern
revolutionary theory he claimed that
science in that particular had advanced
very slowly and even if it had advanced
to that cause were able to prove their case
it was only another illustration of the
greatness of the power of prayer.
The history of Jesus Christ as presented
in the four gospels, was incontrovertible.
Many attempts had been made by the
so-called "new theology" which, the speaker
said, was grey-headed before it was born,
but though many able men had attempted
to make progress in this way they had met
miserable failure.
Today at least this much was proven,
that the four gospels are true in every
particular and that was after all the funda-
mental principle of Christianity.
Dr. Torrey said that although he met
W. S. Jacoby every day he did not know
W. S. Jacoby as well as he knew God.
The Power of Prayer.
He told how he had cut off all his in-
come in one day as a result of a call which
he believed came from God. He decided
that God would give all that he asked if
only asked for it in prayer, and he had
proved it. When in Chicago with Mr.
Moody and they wanted to raise \$7,000 for
their work there, they had \$1,000 and they
knelt down and prayed for \$6,000 more.
A few hours later they received a telegram
from Northfield, announcing that they had
collected the sum of \$6,000 for Mr. Moody's
work in Chicago. He cited other instances
of the wonderful power of prayer. He had
always got what he asked for.
The man who denied there was a God
was the supreme fool. "What a monster
what an inconceivable as is a man when
he rears his intellect and tells what God
ought to do." In scathing terms the
speaker flayed men who stood up to say
what God should do. Man was the merest
atom while God was the infinite One. All
men must meet God no matter what their
position, and the great question was
are we ready to meet that great and holy
ruler of the universe.
There was only one way of meeting God
and that was through the atoning blood
of Jesus Christ. It was not sufficient to
be a church member. One must live as Christ
would have him live.
"Will you," he said in closing, "accept
this Saviour tonight as your personal
Saviour?"
After an earnest prayer he asked for a
show of hands from those who would take
a stand for the Christian life.
"Anyone who will make a stand tonight
just hold up your hand." Five or six re-
sponded to the invitation and were led up
to the penitential bench at the front of the
rick. Then while a song was sung others
were invited to come forward and after a
little urging one or two others were per-
suaded to take the step for the Christian life.
The leaders were much gratified over this
early fruitful result of their work.

COMPLAINT ABOUT
BAD ROADS
Rexion, N. B., Nov. 3.—The roads here
are in a "pretty middlin'" condition. In
some places there is too much water in
an automobile, and not enough for a
motor boat. The streets here and the ap-
proaches to the bridge are quite as bad
as the roads outside the village. It makes
one wonder where Mr. Grimmer's "in-
creased revenue" has gone. All that we
are certain of is that none of it has
reached the roads in this section. And
that is the cry that comes from most
parts of the province.
A large steamer arrived here Tuesday
to load freight for the Swedish-Canadian
Lumber Company. She will take about 500
tonwards here, and complete her cargo in
Miramichi. This makes the second steamer
loaded by this firm this season.
Most farmers have finished their thresh-
ing and report the grain crop above the
average. Potatoes were a light crop, not
more than 80 per cent of last year's yield,
but they are of an excellent quality, and
free from rot. They sell here for \$1 a barrel.
Several carloads have already been
shipped.
Partridges are very plentiful in this
vicinity, but they are hunted so much
that they are very few. Deer are also be-
coming very numerous. Indeed, they are
beginning to become a nuisance, as they
have destroyed many fields of turnips as
well as grain. They are particularly fond
of turnips. Of course a farmer has no re-
dress. If he shoots one out of season
without first having procured a license,
he is heavily fined. When the animals
start his growing crops, the farmer since
has to "grin and bear it." And from some
of the papers supporting the Hazen govern-
ment are crying out for more protection
for the big game. More revenue for
the government is what they want. They
don't seem to care a continental what
happens the farmer or his crops, so long
as their favorites at Fredericton have a
nice fat income. One St. John paper went
so far as to suggest reducing the license
fee to non-residents, and increasing it to
our own people. New Brunswick for
American tourists, is the cry, and not
New Brunswick for its own people. X.

BRIEF RESPIRE
FOR CRIPPEN
London, Nov. 7.—Inspector Dew of the
Scotland Yard detective who arrested Dr.
H. H. Crippen and the woman on the
S. S. Montrose, has resigned his position.
No cause is made public.
Solicitor Newton, Crippen's counsel is
drafting a petition to relieve Crippen.
The execution is now fixed for Nov. 23.
It is officially announced that Dr.
Hawley H. Crippen, convicted and
sentenced to death for the murder of
his wife, Belle Elmore, would not be exe-
cuted tomorrow. Original arrangements for
the reason that the law provides that two
weeks must elapse between the dismissal
of an application and the carrying out of
the sentence.

VOL L ST. JOHN, N. B., SATURDAY, NOVEMBER 12, 1910 NO. 12

GENERAL ELECTION SOON IN BRITAIN

Veto Conference a Failure

Premier Asquith Makes Announcement But Gives No Reasons

Radicals Now Favor Appointment of But Enough Liberal Peers to Pass Their Legislation, But Appeal to the Country is the Likely Course.

Associated Press.
London, Nov. 10.—The conference which was organized shortly after the death of King Edward in an endeavor to reach a settlement of the acute controversy over the question of the veto power of the house of lords with reference to measures passed by the house of commons—a controversy aggravated by the refusal of the upper house to pass the budget—has dissolved without reaching an agreement.
Announcement of the failure of the leaders of the two great political parties to find a solution for the dispute which has kept British politics in a turmoil for more than a year, was made by Premier Asquith tonight after a meeting of the cabinet, which followed the earlier gathering of the conference. The official statement does not disclose the cause of the disagreement. It simply says: "The conference which has been sitting to consider a constitutional question has come to an end, without arriving at an agreement." The statement adds that the members of the conference had decided to discuss the question of the veto power of the house of commons at a meeting of the cabinet.

COMPLAINT ABOUT BAD ROADS

Rexion, N. B., Nov. 3.—The roads here are in a "pretty middlin'" condition. In some places there is too much water in an automobile, and not enough for a motor boat. The streets here and the approaches to the bridge are quite as bad as the roads outside the village. It makes one wonder where Mr. Grimmer's "increased revenue" has gone. All that we are certain of is that none of it has reached the roads in this section. And that is the cry that comes from most parts of the province.
A large steamer arrived here Tuesday to load freight for the Swedish-Canadian Lumber Company. She will take about 500 tonwards here, and complete her cargo in Miramichi. This makes the second steamer loaded by this firm this season.
Most farmers have finished their threshing and report the grain crop above the average. Potatoes were a light crop, not more than 80 per cent of last year's yield, but they are of an excellent quality, and free from rot. They sell here for \$1 a barrel. Several carloads have already been shipped.
Partridges are very plentiful in this vicinity, but they are hunted so much that they are very few. Deer are also becoming very numerous. Indeed, they are beginning to become a nuisance, as they have destroyed many fields of turnips as well as grain. They are particularly fond of turnips. Of course a farmer has no redress. If he shoots one out of season without first having procured a license, he is heavily fined. When the animals start his growing crops, the farmer since has to "grin and bear it." And from some of the papers supporting the Hazen government are crying out for more protection for the big game. More revenue for the government is what they want. They don't seem to care a continental what happens the farmer or his crops, so long as their favorites at Fredericton have a nice fat income. One St. John paper went so far as to suggest reducing the license fee to non-residents, and increasing it to our own people. New Brunswick for American tourists, is the cry, and not New Brunswick for its own people. X.

WILL REFUSE TO SIT WITH A THRICE CONVICTED FELON

Kentucky Democratic Congressman Will Oust Caleb Powers from His Seat.

Louisville, Ky., Nov. 10.—Reports which were freely circulated today, and which were neither affirmed nor denied by Democratic leaders, are to the effect that there is a movement under way to have the nine Democratic congressmen in the Kentucky delegation make a concerted effort to have Caleb Powers ousted from his seat as representative of the eleventh Kentucky district.
Congress, it is reported, will be asked to elect Powers his seat on the ground that he has been convicted of felony and has not been acquitted by a jury. Governor Wilson's pardon, it is contended, does not have the same effect as the pardon of the charge of complicity in the Goebel assassination.

NET INCREASE FOR PAST YEAR 172—OFFICERS ELECTED—GRAND SCRIBE SAUNDERS DEFEATED.

Special to The Telegraph.
Picton, N. S., Nov. 10.—The sixty-third annual session of the Grand Division of Nova Scotia, Sons of Temperance, closed its session today. There is a net gain in membership of 143, making a total membership in the province of 10,866. There is one working division less than the year before, the number of divisions being 152. During the past year 3,271 members were added and 3,128 dropped. Of twenty-two districts, in which the province is divided, Barrington is the largest with 1,238 members, and Antigonish the smallest, with 96 members. The election of new officers resulted as follows:
G. W. P., Rev. D. Stiles Fraser, New Glasgow; G. W. A., Mrs. Laura M. Powell, Halifax; C. S., Isaac Grant, Pictou; G. T., W. Thornton, Halifax; G. patron, Mary Fraser, Glace Bay; C. conductor, J. E. Hills, Halifax; G. sentinel, E. M. MacDonald, Pictou; G. chaplain, Rev. J. Astbury.
The surprise of the election was the defeat of W. S. Saunders, for twenty years grand scribe of Nova Scotia, which will entail the removal of the office of the order from Halifax, where it has been for sixty years. On a motion of Pictou county he was elected today. Mrs. Carter, who had been dependent on ill health, left her home yesterday morning and had not been seen since. Her husband found her hanging from a beam in the reservoir early today and notified the police.

SOMERVILLE WOMAN'S BODY FOUND IN TUFTS' RESERVOIR

Medford, Mass., Nov. 10.—The body of Mrs. Antoinette C. Carter, aged 28, of Somerville, was found in Tufts' reservoir here late today by the police, who had been dragging the pond. Mrs. Carter, who had been dependent on ill health, left her home yesterday morning and had not been seen since. Her husband found her hanging from a beam in the reservoir early today and notified the police.

OUTLOOK GOOD FOR A TRADE TREATY

Conference at Ottawa Over

Next Meeting in Washington Early in January—Hon. Mr. Fielding States Negotiations Are a Success So Far.

Special to The Telegraph.
Ottawa, Nov. 10.—At the conclusion of this afternoon's meeting of the Canadian and United States trade negotiators the following statement was given to the press by Hon. Mr. Fielding:
"The conference between the representatives of the United States and Canada on the subject of improved trade relations, terminated today. The conference began on Saturday, the 5th inst, and was continued on Monday, Tuesday and Thursday."
"The whole discussion was of the most frank and friendly nature. While no conclusion was reached, the ground was cleared for a further conference, which will be held in Washington, probably early in January."
"The members of the conference—Messrs. Hoyt, Pepper and Foster, representing the United States, and Messrs. Fielding and Paterson, representing Canada—departed with the strong hope that on the resumption of the conference at Washington an arrangement can be reached that will prove acceptable to the people on both sides of the boundary line."
Outlook Good, Says Mr. Pepper.
Mr. Pepper, speaking for the American members of the conference, said: "We leave Ottawa feeling that the outlook is good for a successful issue of the negotiations, when they are resumed at Washington. We have appreciated very much the friendly spirit in which the Canadian negotiators have met us. However, we cannot make a statement as to any conclusions which have been reached, because there have been none."
Mr. Pepper explained that there had been a general discussion of the situation and that the ground had been thoroughly cleared of preliminaries so that the January meeting would find that much of the pioneer work had been done.
It is understood that the commissioners of both countries separate confident that the January meeting will result in an agreement being reached.
The feeling at Ottawa is that natural products from Canada will be given easier access to the United States, and that some American manufactures will be given freer admission to Canada. There are a good many lines of Canadian manufactures which could admit on easier terms without disturbing any vested interest. Among them are watches and clocks, instruments, and many other lines of refined manufactures.

MEN WHO ARE NEGOTIATING RECIPROcity TREATY BETWEEN CANADA AND UNITED STATES

SAY RECIPROcity SPELLS RUIN TO CAPE BRETON MINES

Public Meeting at Sydney Last Night Feared That American Coal Operators Invasion Would Loosen Their Grip on the Canadian Consumer—Miners and Operators Well Represented.

Special to The Telegraph.
Sydney, Nov. 10.—Cape Breton tonight protested emphatically against reciprocity in coal with the United States, when at a public meeting held in the Sydney Lyceum, under the auspices of the Country Club, resolutions, expressing the opinion that the removal of the coal duties would be ruinous to this country, were unanimously adopted.
Mayor Gunn of Sydney presided at the meeting, and addresses were delivered by the wardens of Cape Breton county and the mayors of five other Cape Breton towns. M. J. Butler, general manager of the Dominion Coal Company, represented the coal operators, and a delegation comprising representatives of the lodges of the Provincial Association was present to support the movement.
There was a thorough unanimity of opinion. All the speakers agreed that the present time was a crisis in the affairs of Cape Breton, and that with American coal making the inroads into the Canadian markets, that it is now doing, it would be nothing short of the ruin of Nova Scotia if the protection of the federal tariff was removed.
"Reciprocity in coal would have been a disaster in 1807, but now it would be nothing short of a national calamity," an effort to win votes for the "dixie" in speaking to the resolution, and this was the general keynote of the meeting.
Nearly all of the speakers touched on the conditions prevailing when reciprocity was in force with the United States in 1888, and showed how they had now changed. "In those days," said Mayor Kelly, of North Sydney, "Cape Breton supplied most of the New England market, for the American mines and systems of transportation were not developed. Now American producers can not only take care of their own markets, but are selling a million tons of coal in Italy each year, taking it right past the doors of Britain, and other European coal-producing centres. If the Americans can undersell European prices in their own markets, what will they do to Canadian operators if the tariff barriers which alone keep them out of our markets now, are removed."

R. W. MACLELLAN, HALIFAX LAWYER, DIES OF INJURIES

Had His Spine Broken in Wanderers-Dalhousie Football Game Twelve Days Ago.

Halifax, Nov. 10.—(Special)—The first fatality at football in the history of the game in Halifax occurred today as the result of an accident in the Dalhousie-Wanderers match twelve days ago.
R. W. MacLellan, the victim of the accident, died at the Victoria General Hospital today. He was playing half-back for the Wanderers, and was running for the ball when a Dalhousie man tackled him. The ground was slippery and MacLellan fell with great violence on the back of his head, dislocating the vertebrae at the base of the neck and injuring the spinal cord. The whole body was paralyzed and so remained till death.
MacLellan was born in Winnipeg and was the son of W. E. MacLellan, a well-known Fraser, Glace Bay, C. conductor, J. E. Hills, Halifax; G. sentinel, E. M. MacDonald, Pictou; G. chaplain, Rev. J. Astbury.
The surprise of the election was the defeat of W. S. Saunders, for twenty years grand scribe of Nova Scotia, which will entail the removal of the office of the order from Halifax, where it has been for sixty years. On a motion of Pictou county he was elected today. Mrs. Carter, who had been dependent on ill health, left her home yesterday morning and had not been seen since. Her husband found her hanging from a beam in the reservoir early today and notified the police.

ONTARIO HUNTER BURIED ALIVE

Embankment Caved in When He Was Trying to Dig a Fox Out of Its Hole.

Owen Sound, Ont., Nov. 10.—Arthur Dargavel, a young man of twenty-four years, was buried alive by an embankment of gravel falling in on him in Sullivan township.
With two others, Dargavel was on a fox hunt. Their dogs followed the fox to its hole at the bottom of an embankment, and the hunters with spades worked for nearly an hour when a large section of gravel and sand caved in, completely burying Dargavel. He was dug out within ten minutes, but life was extinct.
Deceased was a son of Robert Dargavel, mill owner, of Dornoch (Ont.).
Woolen Mill to Reopen.
Ware, Mass., Nov. 10.—The Stevens woolen mill here, which have been shut down since July, will be reopened next Monday. Since the plant was closed many of the operatives have left Ware.

FRENCH-CANADIAN FRATERNAL SOCIETY IN RECEIVERS' HANDS

Providence, R. I., Nov. 10.—The L'Union St. Jean Baptist is one of the largest French-Canadian associations in the country, and does a large insurance business in many states. Recently it was severely censured by the insurance commissioners of New York and Massachusetts, who ordered a meeting to be held and reforms made.
The meeting ordered was to have been held at Woonsocket today, and the officers who came from Massachusetts, New York, Maine, Connecticut, New Hampshire and Vermont, found the temporary receiver in charge of the national headquarters there, and under the law no meeting could legally be held. In compliance with the order of the insurance commissioners, the weekly publication of the society, L'Union, has been discontinued, probably permanently. The organization is incorporated in Rhode Island.

END OF NEW YORK STRIKE IN SIGHT

Agreement Signed by Both Sides

Ratification by Strikers Necessary to Make it Effective

Yesterday Marked by Fierce Rioting—Express Companies Secure Temporary Injunction Against City from Enforcing License Law Against Drivers.

Agreement Signed by Both Sides
Ratification by Strikers Necessary to Make it Effective
Yesterday Marked by Fierce Rioting—Express Companies Secure Temporary Injunction Against City from Enforcing License Law Against Drivers.
Melbourne, Nov. 10.—Australia has an immigration scandal similar to that which was recently reported from Vancouver, Chinese in this case also being concerned.
A regular traffic in admission of orientals has been brought to light here. It was found that Chinese gain entrance to the commonwealth by paying the agents \$600 and upwards. The customs have exercised the keenest watch on steamers arriving from the Orient, even going so far as to have them, thoroughly searched, and in many cases fumigated.
Notwithstanding all these precautions, Chinamen still have been pouring in. An investigation set on foot has disclosed the method adopted to corrupt agents by money payments. The investigation continues.
The labor unions of New South Wales have fixed the wages of harvesters at nine shillings (\$2.25) per day. This means an increase for farmers will over the country of a million sterling a year. Consequently it does, on top of the new land tax, this action of the labor unions is causing farmers to regard the future with something approaching dismay.
The project for the establishment of a penny postage between the states of the commonwealth has passed the house of representatives and now goes to the senate, where its passage is not likely to be difficult.
The South African cricketers defeated the South Australians by 258 runs. The result of the match is a surprise to cricket experts. Great interest has been aroused over the tour, which is now certain to be a success.
To this offer the representatives of the strikers assented as follows: "The undersigned, a committee representing the employees of the express companies which join the annexed letter to the mayor, have received the terms of the said letter in settlement of the strike and advise the said employees to resume work thereon at once and end the strike. We proposed these same terms through the mayor last Friday at his request, and adhere to them now, at his request."
More Rioting.
Before the agreement was signed the day had been turbulent, confused and full of statements and counter statements. There was more rioting than at any time during the strike. John Williams, the state commissioner of labor, threatened an official investigation if matters did not end, to which H. S. Jullier, general manager of the American Express Company, replied that, so far as his company went, he would welcome all the publicity possible.
Council for the Adams, the United States, and the Wells-Fargo companies obtained an order from Judge Cox in the United States Circuit Court, directing the city to show cause tomorrow why it should not be restrained from enforcing the ordinance which requires carriers of interstate express matter to take out city licenses. It is probable that the companies will press this point tomorrow, regardless of the outcome tonight, in order to settle the matter for once and all, with an eye to future possible strikes.
Two hundred applications for licenses were filed this afternoon. In each case the applicant was required to state whether he was regularly employed or was a strike-breaker, whether he had ever been convicted of a criminal offense, and whether he carried arms.
Mayor Gaynor the Intermediary.
It was directly due to Mayor Gaynor that the agreement was drawn up and signed. Last night the companies issued and today printed in the advertising columns of the newspapers, a long statement defining their position. "When I came to the office," said Mayor Gaynor, tonight, "and was shown the published statement of the express companies, I saw that, if boiled down, it meant the same as the terms the men agreed to last week, on my request. I sent for Mr. Towne, and asked him to give me such a short form and see if the express companies would not sign it. He did so, and they all signed."
I then got together the committee of the striking employees of the companies, and they signed a paper agreeing to the terms. Mr. Towne is entitled to great credit for settling the strike. I wish we had a lot more of such men as Mr. Towne and there would be no strikes."
Missiles Flew Thick and Fast.
The worst of the trouble today came not from the express employees but from the striking taxi-cab chauffeurs, who went out with them in sympathy. They mobbed taxi-cabs driven by non-union men and squabbled with the police until it was necessary to threaten them with drawing revolvers, and beat them with swingeing night sticks. Bottles, stones, bricks and loose ends of iron fell thick and there were many broken heads, but only five arrests.

CHINESE BUY WAY INTO AUSTRALIA

Melbourne, Nov. 10.—Australia has an immigration scandal similar to that which was recently reported from Vancouver, Chinese in this case also being concerned.
A regular traffic in admission of orientals has been brought to light here. It was found that Chinese gain entrance to the commonwealth by paying the agents \$600 and upwards. The customs have exercised the keenest watch on steamers arriving from the Orient, even going so far as to have them, thoroughly searched, and in many cases fumigated.
Notwithstanding all these precautions, Chinamen still have been pouring in. An investigation set on foot has disclosed the method adopted to corrupt agents by money payments. The investigation continues.

Bottles, stones, bricks and loose ends of iron fell thick and there were many broken heads, but only five arrests.

FIX HARVESTERS' PAY

Government Agents Paid \$600 a Head for Their Admission
Labor Unions' Action Causes Dismay to Farmers, on Top of Increased Land Tax—Fenny Postage Between States Passes Legislature.

USED CORPSES TO WIN VOTES FOR PROHIBITION

Two Placed Upright in Coffins in Washington State Window With Labels: "He Died of Drink" -- The "Wets" Won.
Seattle, Wash., Nov. 10.—Corpses of two men who died from alcoholism were placed on exhibition in the windows of the undertaking establishment of the deputy coroner at Auburn, twenty miles south of Seattle, in an effort to win votes for the "dixie" in the local option election held here Tuesday, but without apparent effect, for the town voted "wet."
Both factions were making a hard fight and the prohibitionists appeared to be in the lead until late in the afternoon. Then the tide began to turn. In a frantic effort the anti-saloon leaders appealed to Deputy Coroner Connell, an ardent prohibitionist, for aid. He hurried to his establishment where the bodies of the two men lay. Bolstering them into upright position in their coffins he placed them in the front windows. Above the heads of each a sign read: "He died of drink." As voters hurried by the anti-saloon men directed their attention to the exhibition.
There was no desecration of the dead, in an effort to win votes for the "dixie" friends and their bodies might as well have been put to some good use.

REV. A. T. DYKEMAN ACCEPTS CALL TO HALIFAX CHURCH

Halifax, Nov. 10.—(Special)—Rev. A. T. Dykeman, at present at West Roxbury (Mass.), has accepted the call to the West End Baptist Church, Halifax, in succession to Rev. G. A. Lawson, who will go to Moncton.
Mr. Dykeman has had pastorate at New Glasgow, Digby and Middleton, and went from the latter place to West Roxbury. He is a native of New Brunswick and is an M. A. graduate of Acadia College.
