

# NEW VENIRE ON HAND

But no Progress Was Made  
Yesterday in Filing  
Jury Box.

Looks as Though Task of Securing Jury  
Will Be Extended Into Next Week—  
Counsel Engage in Altercation.

(Special to The Daily News)  
Boise, Idaho, May 23.—There was no progress made today in filling the seat made vacant in the jury box in the Haywood case when Orris Cole was excused on account of sickness just before the court adjourned Tuesday.

Sheriff Hodgkin returned the names of 60 men summoned as jurors and all but one answered when the roll was called, a bench warrant being issued for the missing man. Six were excused on statutory excuses and the cases of five others were taken under consideration until tomorrow morning.

Six jurors were called into the box during the afternoon, five of whom were excused because of having formed an opinion. The sixth was passed by the state and was under examination by the defense when adjournment was taken.

A sharp passage occurred during the examination of Lee Egbert. The juror said he had formed an opinion and was asked by Hawley whether he was in the habit of forming opinions on important subjects from loose talk about the neighborhood.

Darrow objected and explained he thought the line of examination was for the purpose of intimidating other taxpayers. Though the objection was overruled, the attorneys continued the exchange for a few moments, Hawley having been nettled by Darrow's remarks.

The prospects for getting the jury filled this week seem to have gone glimmering, but they may strike a better gait tomorrow.

It is thought the state does not propose to exercise all its peremptory challenges but even though it should not exercise another, the work would be likely to continue until Saturday night if the defense should exercise the four more which it has the right to.

**GOES TO MEDICINE HAT**

TRANSFER OF J. S. LAWRENCE IS  
CONFIRMED

ALLEN PURVIS MAY BE MOVED TO  
WINNIPEG

(Special to The Daily News)  
Vancouver, May 23.—As a result of Mr. Purvis' recent trip over the lines, it is announced a new district of the western division of the C.P.R. will be created, extending from Medicine Hat to Swift Current, on the main line, and west to Lethbridge, on the Crow's Nest.

J. S. Lawrence, superintendent of the Kootenay division, is to be transferred to Medicine Hat and D. C. Coleman, present assistant to Purvis at Winnipeg, to the Nelson post. A. Purvis, now chief clerk to Bustard here, may succeed Coleman. Official notification of the changes is expected next week. The appointments are to take effect on June 1st.

**NOTICES**

NOTICE is hereby given that the Canadian Pacific Railway Company, as lessee of the British Columbia Southern railway, has this day deposited in the District Land Registry office at Nelson, in the Province of British Columbia, a plan, profile and book of reference showing the proposed spur to the A. E. Watts sawmill, situate on the shore of the west arm of Kootenay lake and distant about 20 miles east of Nelson, in the Province of British Columbia, and that 30 days after the date of the said Canadian Pacific railway company intends to apply to the Board of Railway Commissioners for Canada for approval of the said spur in accordance with the provisions of section 175 of the Railway Act, 1903.

Dated at Vancouver, this 18th day of April, 1907.

R. MARPOLE,  
General Executive Assistant.

NOTICE is hereby given that the Canadian Pacific Railway Company, as lessee of the British Columbia Southern railway, has this day deposited in the District Land Registry office at Nelson, in the Province of British Columbia, a plan, profile and book of reference showing the proposed spur to the Canada Zinc Company's works, situate on the shore of the west arm of Kootenay lake, near the City of Nelson, in the Province of British Columbia, and that 30 days after the date of the said Canadian Pacific railway company intends to apply to the Board of Railway Commissioners for Canada for approval of the said spur, in accordance with the provisions of section 175 of the Railway Act, 1903.

Dated at Vancouver, this 18th day of April, 1907.

R. MARPOLE,  
General Executive Assistant.

VOL. 6

## JURY ABOUT COMPLETED

Only Two More Required  
to Make up Panel for  
Haywood Trial

Juror Tourtelote Has Been Finally  
Excused—Expect Panel Will Be  
Completed Today.

(Special to The Daily News)  
Boise, Idaho, May 31.—Gratifying progress was made today in filling the jury in the Haywood murder case, and tonight, as matters stand, it will be necessary to qualify only two more men, one less than qualified today. The defense and the state each expect to have peremptory challenge today, and one man, Tourtelote, was excused for cause.

There is one man waiting to be examined to fill the place made vacant by the last challenge by the state. The defense has one more peremptory challenge, and when the place vacant is filled the jury will be completed. There is every reason to believe that this will be accomplished before the close tomorrow, and on Monday morning the actual trial of the great case will begin.

Of those examined today only seven were excused for cause, while three were passed, the defense releasing Herman Cox, who tried so hard to get off on Monday. The state exercised its last peremptory, excusing Nelson Freeland, who had just been passed for cause, but was not entirely satisfactory to the attorneys for the prosecution.

Shortly before the noon adjournment, at Richardson's request, the court allowed Darrow, Richardson and Nugent, of the defense, and Hawley, Borah and Van Dusen, of the prosecution, to retire to the judge's private office for a short consultation. They retired, and in a few moments Hawley and Nugent came out, held a whispered consultation with the judge and then all the attorneys resumed their seats. It was then 12 o'clock, and, after instruction, the jurors in the box were taken out by the bailiffs, who were instructed to bring them back into court at 1:30 o'clock. Haywood was remained and court adjourned at 1:30 o'clock. Immediately after court convened for the afternoon session it became evident what the attorneys had in mind. The consultation about the before adjournment Richardson had suggested that if any jurors in the panel were to be excused on account of sickness or otherwise, it would be better for both sides to excuse them and fill their places before the last peremptory for each side was exercised. Richardson, of course, had in mind J. A. Tourtelote, whom it was expected would refuse to take the oath as a juror, because of his prejudice against the defendant. Just before adjournment, however, he had made a question by an attorney for the defense. He said he would like to do so. He was given permission to examine him. He said that in his opinion he was not prejudiced against the Western Federation of Miners, but he now wished to state that if that organization was to blame for the troubles in northern Idaho, he would be prejudiced and that prejudice would be extended to any man who upheld such an organization. Darrow said that Haywood was not an officer of the Western Federation of Miners at the time these troubles and that the defense was satisfied. He was questioned to some extent by Borah, and finally said he would not take the oath as a juror, without qualifying as to capital punishment, so as to show he would not find a capital verdict, if it were not shown that defendant had been a party to a murder in pursuance of plans of some organization determined to rule by force and murder.

Judge Wood plainly indicated to the attorneys that he thought Tourtelote should be excused. The defense refused to act and then Borah challenged and the defense noted an exception.

Boise, Idaho, May 31.—Carl H. Dunsen, the man who was arrested on Tuesday as a suspicious character at the Inland Empire hotel, and who was in attendance at the Haywood trial, appeared in police court this afternoon on the charge of carrying concealed weapons. He pleaded not guilty, declined an attorney and conducted his own defense.

The evidence showed that he carried a revolver and a dagger in his satchel. His defense was that he came to Boise to work on a ranch as a cattle man and that it was customary to carry the weapons. He was sentenced to pay a fine of \$100, or in default, go to jail for 60 days. He went to jail.

One of the features of the case has been the number of threatening letters received by the mayor since the arrest. Not much attention is paid to them, however, and none of the socialists in the city appeared in court to espouse the cause of the defendant. All of them say that he has no connection with the socialist cause, although it is known that he has

at different times been connected with a number of organizations.

Ogden, Utah, May 31.—The drag net thrown out by the authorities of the state of Idaho in the case of Haywood, Moyer and Pettibone was felt in Ogden this afternoon when detective Thiels of the Thiele agency, subpoenaed detective Jess Bender, officer Tom Burke and Jailer Henry Snyder, all of the local police force and informed them that their services might be needed at a moment's notice in the famous case. The subpoenas are made returnable June 6.

Detective Thiels left tonight for Idaho. At the jail he went over the records and discovered that a man and a woman had been used against the trio on trial, in particular Haywood, whom it is alleged, was involved in a transaction more than a year ago, which will furnish the state with damaging evidence. Bender, Snyder and Burke will be notified by telegram when to prepare to journey to Boise.

Steve Adams, upon whose confession the case against the labor leaders in part depends, was arrested in Ogden by detective Bender more than 12 months ago. He requested at that time that he be given an opportunity to secure his release by securing bail money. Accompanied by detective Thiels, he went to the Western Union office and sent a message direct to Haywood, whom he urged to send \$75. It is alleged that this sum was forwarded to Adams who was able to leave the state and return to his home in Montreal. Detective Thiels is of the opinion that he has secured a valuable bit of evidence in the attempt which is now being made to associate Adams with Pettibone, Haywood and Moyer.

## POINTER FOR SHIPPERS

TARIFF FREIGHT TOLLS MUST BE  
COLLECTED

NO MATTER WHAT RATE WAS QUOTED  
ORIGINALLY

H. E. Macdonell, C.P.R. general freight agent, for the Kootenays, has issued a circular to agents, shippers and consignees of freight, drawing particular attention to the fact that under the railway act of last year freight tariffs filed with the board of railway commissioners, are, according to law, kept by every agent, open for public inspection and that there are severe penalties provided for the non-enforcement of tariff rates.

In the future, no matter what rate has been quoted originally, the correct rate according to the tariff, will be collected, but when the goods arrive at their destination. In the past it has been the custom where an agent had quoted a figure to a shipper for the railways to stay with the quoted rate and if necessary allow a rebate, but this custom no longer obtains. If an agent quotes a wrong rate and even does so in writing, the proper rate, fixed by the tariff, will be collected. Nor has the railway any redress in the courts or otherwise, the railway act providing specially that no action shall be owing to the wrong rate having been quoted. If the original rate has been too high, according to the tariff, the proper rate will be collected. Agents are not authorized to collect partial payment on account. As the tariff is a complicated affair shippers will do well to study its provisions carefully. The act provides heavy penalties on both railways and consignees for any infractions of its provisions.

## COLEMAN TO CELEBRATE

Dominion Day Will Be Well Observed  
In the Crow's Nest Pass.

(Special to The Daily News)  
Coleman, Alta., May 31.—At a meeting of the citizens of this town it was unanimously decided to celebrate here on the 1st of July. A committee was appointed to canvass the town for subscriptions for this purpose, and full arrangements will be made at an early date for the holding of what is hoped will be the best celebration and day of sports that the Crow's Nest Pass has yet seen. Full particulars of the program of the day will be given out shortly.

## LAURIER'S MOVEMENTS

Montreal, May 31.—A special cable to La Presse from Paris states that Mr. Laurier will set out on or about the 1st of June for a trip through Switzerland.

On June 8 he goes to Italy in connection with a commercial treaty between that country and Canada.

The premier's program for the last two weeks in June has not yet been arranged. On July 1, however, the premier will attend the Dominion day banquet at London. He will be back in Canada about the 1st of August.

## CAPELLE TO HANG

Pary Sound, May 31.—Marano, the Italian companion of Capelle in the Dow murder case, has been found guilty of assault on Angus McLeod, one of those who interfered against the Italians in the fatal raid on Miramichi on Christmas day. Justice Tassell today pronounced sentence of death in the case of Capelle, the execution to take place at Pary Sound on Aug. 1. Marano got three years in the penitentiary.

## EVIDENCE OF PROSPERITY

Ottawa, May 31.—Dominion customs receipts for May show the extraordinary increase of \$1,208,968 over May of 1906. The figures read \$5,353,253 for the present month, compared with \$4,144,285 for May of last year. For the first two months of the present fiscal year, April and May, there is an increase of \$1,736,367.

## DECIDE TO WORK 24 HOURS

Phoenix Amalgamated  
Copper Mines Ltd. Will  
Shortly Commence.

President Buck Has Been Out From  
Sherbrooke, Que., to Arrange Details of  
Development Work on Big Scale.

(Special to The Daily News)  
Phoenix, May 31.—It is now settled that work on the group of claims in this camp owned by the Phoenix Amalgamated Copper Mines Ltd., will be taken up within the next few weeks. F. P. Buck, president of the company, was a visitor here this week, coming from the company's head office at Sherbrooke, Quebec, via New York.

This company owns a group of eight or ten copper claims adjoining the Brandy Consolidated property on the south, it being a continuation of three other companies, the most important of which was the War Eagle, which later operated a claim of the same name to some extent some six or seven years ago. A year ago the amalgamation of the several properties was carried into effect, and Mr. Buck has been arranging for development work on an extensive scale. This matter he now states is definitely settled, and within 30 days the work will be started. The company has a capital of 1,000,000 \$5 shares, most of which are held in the eastern townships of Quebec, and some of which are held by residents of the Boundary.

The War Eagle is one of the oldest locations in Phoenix camp, and the old company equipped the property with a good air compressor and other machinery. It immediately adjoins the Great Grey Eagle and Tangle properties, being surrounded on three sides by claims of the Granby.

Mr. Buck left yesterday for Sherbrooke, to hold a meeting of shareholders to attend to the final details, but expects to return here in July and arrange for immediate resumption of development.

## FAREWELL TO MR. LAWRENCE

Retiring C. P. R. Superintendent Presented  
With a Gold Watch.

J. S. Lawrence, formerly superintendent of the Kootenay division, C. P. R., who has been appointed to the superintendency of a new western division, with headquarters at Medicine Hat, and who leaves this morning for his new field of labor, was not allowed to leave Nelson without some suitable mark of the esteem and respect in which he has always been held by the citizens of Nelson.

At the Nelson club last evening there was a large and representative gathering of leading business men for the express purpose of bidding farewell to Mr. Lawrence and of presenting to him a slight token of their regard.

The presentation was made by Geo. Johnston, collector of customs, who in a few very appropriate words expressed the regret Nelson citizens feel at Mr. Lawrence's transfer to another point, while rejoicing in the recognition thus shown of his faithful services to the big railroad corporation. On behalf of members of the Nelson club and citizens of Nelson, Mr. Johnston presented Mr. Lawrence with a handsome gold watch, purchased from J. Patenaude. Mr. Lawrence replied feelingly to the kindly words of Mr. Johnston, expressing regret at leaving Nelson, where he had always experienced the greatest kindness and hospitality, and promising to remember the Kootenay country in general and Nelson in particular and to do anything in his power to promote the aims of the 20,000 club. Heartily shown from those present, evidence of the appreciation of the retiring superintendent's remarks by those assembled.

Nelson is losing a good citizen and Medicine Hat gaining a citizen who will be a valuable addition to the public spirit and enterprise of that progressive town.

## HONOLULU WANTS JAPS

Honolulu, May 31.—Japanese merchants and bankers are signing a petition to president Roosevelt asking for the rescinding of his order prohibiting the admission of Japanese to the mainland from the insular possessions.

## WEATHER DURING MAY

The records at the local branch office of the dominion meteorological bureau show that the weather prevailing during the past month has been normal. On the other hand no extremes were observed. The extreme range of the thermometer during May was 54 degrees from 52 to 51. The record for May 31 was 54 high, and 40 low. The highest temperature was observed yesterday and the day before and the low record was taken on the morning of May 1.

The maximum thermometer recorded as low as 55 on the 29th ult, and the minimum as high as 46 on May 31, showing the coldest day and the warmest night respectively. The average maximum temperature was 62.1, being two degrees above the average of the past four years. That is the days last month were slightly warmer than usual. The average minimum temperature was 46.5, or 1.5 degrees lower than the average. Thus the days were warmer and the nights colder than is usually the case in May. But the mean temperature of the month was 54, or whole 24 hours for the month was 54, or one-tenth of one degree above the May average for the past four years. The daily range of the thermometer was much greater than usual, the average being 8.2 between the heat of the day and the cool of the night, which is 3.36 degrees above the normal. The greatest daily range was observed on May 7 and was 41 degrees between 74 in the early morning and 33 in the afternoon. The smallest range was 18 in the evening of the 13th ult. was 12 degrees, the day being overcast, between 55 and 43. The afternoon, with rain falling in showers, which is 35 inches above the normal, and the day being overcast, between 55 and 43. The afternoon, with rain falling in showers, which is 35 inches above the normal, and the day being overcast, between 55 and 43.

warmer than usual. The average minimum temperature was 46.5, or 1.5 degrees lower than the average. Thus the days were warmer and the nights colder than is usually the case in May. But the mean temperature of the month was 54, or whole 24 hours for the month was 54, or one-tenth of one degree above the May average for the past four years. The daily range of the thermometer was much greater than usual, the average being 8.2 between the heat of the day and the cool of the night, which is 3.36 degrees above the normal. The greatest daily range was observed on May 7 and was 41 degrees between 74 in the early morning and 33 in the afternoon. The smallest range was 18 in the evening of the 13th ult. was 12 degrees, the day being overcast, between 55 and 43. The afternoon, with rain falling in showers, which is 35 inches above the normal, and the day being overcast, between 55 and 43.

## PROTEST IS OVERRULED

CONCILIATION BOARD APPOINTED  
FOR LETHBRIDGE

MINERS ASKED FOR IT AND REQUEST ACCED TO

Ottawa, May 31.—The labor department has received a telegram from A. M. Nanton, Winnipeg, manager of the Alberta Railway and Irrigation company, protesting against the appointment of a conciliation board as requested by the men in connection with the labor trouble at the Lethbridge mines. He says that there are no grounds of dispute to justify the appointment of a board, and he thinks the department acted hastily. He also protests against Sherman being on the board and asks for a reconsideration.

In reply Mr. Lemoine said that the statements of the men clearly show that if they do not get a board a strike will be declared, and that the board is to consider working hours, etc., under the act. The minister says there was nothing left for him but to appoint the board.

## NELSON'S NEWS OF THE DAY

C.P.R. superintendent Beasley of Vancouver is expected to arrive in this city early this coming week.

C. P. R. superintendent D. C. Coleman has already started to inspect his division, visiting Rossland and the Boundary country.

At a meeting of the Methodist church last evening it was decided, after some discussion, not to report any special concert given on Wednesday night.

On Thursday of this coming week the first business holiday will come off. It will be the only day arranged for the day for a one innings cricket match between the Nelson club and the R.M.R.

Rev. Robert Hughes and Mrs. Hughes are spending a few days in Nelson, on their way to Cranbrook, where Mr. Hughes has been appointed by the recent conference of the Methodist church, to succeed Rev. J. P. Westman. Rev. Mr. Hughes will occupy the pulpit of the Methodist church of this city tomorrow morning.

## ANOTHER STRIKE SETTLED

Level-Headed Police Magistrate's Good  
Advice Aided Upon

(Special to The Daily News)  
Vancouver, May 31.—The prosecution of the Marble Bay miners on the charge of violation of the provisions of the Lemoine act was not reached by the request today. When the evidence was in, magistrate Alexander perceived that the differences resulted from a misunderstanding and suggested an amicable settlement. Under his direction a conference was held and an agreement reached after an hour's discussion. The men will return to work at once.

## CONSTABLE'S CLEVER CAPTURE

(Special to The Daily News)  
Fernie, May 31.—For some time a reward has been offered for the capture of Julius C. Beasley, who is wanted on a charge of burglary at Nez Perce county, Idaho. Beasley was out on bail, which he very promptly skipped and headed for parts unknown. On Thursday provincial constable A. Sampson recognized the man in Fernie and soon had him safely behind prison bars, and wired sheriff T. S. Stratton of Nez Perce to come to this point to take of extradition papers. A local firm of lawyers has been engaged by the constable to fight extradition proceedings. The reward offered for the capture of the prisoner is \$400, which will now go to constable Sampson.

## COMOX MINE ON FIRE

Victoria, May 31.—Fire has broken out in No. 4 slope of the Comox mine. No loss of life occurred, the large staff of miners making their escape. Over 1,000 miners are employed in this slope alone, where R. Dunsmuir & Son mine the bulk of their coal product in the Comox district. The miners are endeavoring to flood out the fire, but it is reported a heavy loss has occurred.

## REJECTED BY GRAND FORKS

Phoenix and Greenwood  
Unions Vote for New  
Wage Scale.

Sad Tragedy at Columbia—Young Girl  
Accidentally Killed by Her Sister, Who  
Is Subj. to Epileptic Fits.

(Special to The Daily News)  
Grand Forks, May 31.—At the meeting of the Grand Forks miners' union held Wednesday night for the purpose of voting on the wage scale referred to in Tuesday's dispatch, the men rejected the scale by a vote of 75 to 49. There are 270 men in the union in good standing, and the vote was small; but many of the men are away.

John McNeil, M.P.P., brought down the vote of the Phoenix union, which stood 216 in favor of the scale and 29 against. The Greenwood union vote was also counted here, the ballots being brought down by F. Steel and R. A. Matheson, president and secretary respectively of the union. The vote stood 181 for, 33 against.

Charles Bunting, president of the Grand Forks union, and T. Benninger, secretary, were interviewed by your correspondent and stated that the position taken by the union here was that a referendum composed of the total vote might lead to the Phoenix miners, who are satisfied with the scale, forcing the union here, whose members are not satisfied in respect to the way the scale works with smelter employees. The men want the company to grant their original requests, which, according to the officers, would only mean an increase of a very small total sum per day.

"We do not want to feel that some of the men are not satisfied, although we admit that most of the demands have been met," said Mr. Bunting. Asked as to whether the differences, Mr. Bunting said the differences, although slight, were scattered throughout various departments, and it would be difficult to specify them. It was further stated that the men would stand pat, and that the Phoenix miners would not turn a hand till the smeltermen were satisfied.

Manager Hodges left for Spokane yesterday morning and was seen by the officers of the union for a few minutes previous to getting on the Great Northern train. He is expected back tomorrow or Sunday.

A reversion to the original demand of the men in reality means the adoption of an eight-hour day all round. This point, however, has not been insisted on during the latter conferences, and it is evident that the Phoenix miners by their vote are satisfied with the nine-hour day as it applies to surface men. Here the nine-hour day would apply to outside day labor and the mechanical departments. It is possible that the request for an eight-hour day all round will be eliminated from the requests now being submitted by the men. Meanwhile nothing definite can be stated until the matter has again been discussed with the Granby management.

At 8 o'clock Thursday morning Emma Donnan, of Columbia, aged about 19, was killed by her sister Bella, who is about 30 years of age. Bella Donnan is an epileptic subject, and suffers from attacks of excitement and passion some times incidental to the disease. Both girls were in the kitchen, and it is supposed some dispute arose when Bella took up a stick of stove wood and flung it at her sister, striking her just above the heart and killing her instantly.

Dr. Kingston was summoned, and with Dr. Truxter tried artificial respiration, working with the unfortunate girl for some two hours, but it was evident that death ensued within five minutes of the blow.

When she realized what had happened the elder sister was frantic with grief. Mrs. Donnan and two other daughters were in the house at the time. Mr. Donnan, who works on the C.P.R. at Ehoit, has been sent for.

An inquest was held last night, at which was returned a verdict to the effect that she came to her death by being struck by a stick thrown by her sister Bella, but not with intent to kill.

The funeral of the dead girl takes place here tomorrow afternoon at 2 o'clock.

## NEW TIME TABLE

G. N. Schedule to go in Force on Sunday June 3—Midnight Service  
A party of Great Northern officials went to the city, arriving here on Mr. Morgan's special car. The visitors consisted of W. P. Kenny, assistant traffic manager, G.N.R., W. C. Wilks, traveling freight agent, Spokane; superintendent Moran of the N. and P. S., and P. H. Burnham, Kootenay passenger and freight agent, Grand Forks.

In the afternoon F. A. Burke, S. S. Taylor, T. G. Brooker, R. Truxter, and H. E. Douglas took the pony for a launch trip over the lake in Mr. Travis' launch. The party got back just in time to escape the thunder storm which happened just before 8 o'clock, and which was accompanied by a heavy rain. Mr. Morgan announced that the new midnight service on the S. and N. would

go into force on Sunday, June 3. He was satisfied, he said, that the people using the line approved of the change, and the service will just be "tacked" on to the Spokane-Marcus service, now in existence. The train will leave Spokane shortly after 4 p.m. and before the arrival of either the mental line at Spokane or the Union mental line at Spokane, and will arrive at the southbound train will leave Nelson at 4:30 a.m. The international will leave here for Kootenay daily at 7 a.m., returning here at 8 p.m.

Under the new arrangement the eastern Canadian and coast mail which now arrives here and is distributed at 8 a.m. will be obtained the following morning. Nelson people who desire to visit or do their shopping in Spokane, but the local merchants and hotel people will hardly gain by the change.

## TWO DAYS CELEBRATION

OLD-TIME CARNIVAL ON JULY  
FIRST AND SECOND

COMMITTEES APPOINTED AND A  
GOOD START MADE

(From Thursday's Daily.)

There was a well attended public meeting in the court house last evening to consider the question of celebrating next Dominion day. A two days' celebration was decided upon, July 1 and 2. A general and special committees were appointed and preparations were enthusiastically commenced for a "city" celebration.

Mayor Gillett presided, and after explaining the object of the meeting, asked for suggestions.

On motion of Mr. Bosquet, seconded by Geo. Bartlett, it was unanimously decided to hold a celebration on Monday and Tuesday, July 2.

The mayor asked that a permanent chairman and a general committee be once chosen. He was warmly begged to be excused from acting as permanent chairman. William Irvine, who held the post so successfully last year, was unanimously re-elected permanent chairman.

The mayor then vacated the chair and gave way to Mr. Irvine.

George Horstead was appointed secretary.

A general committee was then named, consisting of all those present, viz: H. Wright, R. S. Lennie, G. C. Hodge, A. Annable, W. Ward, M. S. Parry, C. T. Walmsley, M. E. McQuarrie, G. Webb, J. A. Gilker, A. Fife, P. G. Ebbutt, J. J. Walker, chief Deasy, chief Jarvis, F. Starkey, J. A. Erickson, J. G. Nelson, George Bartlett, H. Bush, W. Irvine, W. R. McLean, F. Bosquet, J. Neelds, J. A. Kirkpatrick, T. Brown, W. B. Gosnell, H. G. Goodeve, T. Scanlon, R. Weil.

A special committee consisting of the mayor, W. Irvine, G. Horstead and J. N. Gilker then appointed the following standing committees:

Sports—W. R. McLean, G. Thomas, chief Deasy, J. E. Annable, F. A. Starkey, A. T. Walmsley, M. E. McQuarrie, C. Walmsley, W. Ward, G. P. Wells, R. G. Webb, Harry Wright, George Phillips and J. L. Porter.

Advertising—R. S. Lennie, P. G. Ebbutt and G. C. Hodge.

Decorations—M. S. Parry, J. J. Walker, H. G. Goodeve and R. Weil.

Reception—The mayor and council.

Transportation—J. C. Gore, H. E. Douglas, J. S. Carter.

Music—A. Irving, T. J. Scanlon, D. C. McMorris.

Finance—W. E. Gosnell, George Bartlett, Harry Wright and J. A. Kirkpatrick.

The report of the special committees on standing committees was approved by the meeting.

An informal discussion followed, in which many suggestions were made as to the program for the two days.

S. S. Taylor spoke up for water sports and asked that captain Gore be appointed chairman of a special committee on water sports, and that half a day and an evening be devoted to water sports.

The suggestion, with others, was passed on to the sports committee. More attention than usual will be given to water sports this year than on past occasions. The meeting then adjourned subject to the call of the chairman.

The mayor was appointed honorary chairman of the permanent committee, and an informal meeting of the sports committee was held. On the suggestion of Geo. P. Wells citizens are specially requested to send in, in writing today, suggestions as to what sports should be included in the program and any other suggestions that the committee should consider. These suggestions should be sent to W. R. McLean, chairman of the sports committee. An illuminated launch parade, water sports, lacrosse, junior baseball and probably many other sports will be included in this year's celebration.

The sports committee will meet again this week, probably tomorrow night.

## WHAT THE MINERS WANT

Lethbridge, Alta., May 31.—The miners of Taber presented their case to the coal commission today and vigorously argued for the eight-hour day and the compensation act, taking a stand directly opposed to that of the operators as presented yesterday.

## CONTEMPT OF COURT

Turbulent Scene at Trial  
of Mayor Schmitz in  
San Francisco.

Counsel for Defense Has Angry Passage  
of Arms With Judge Dunne and Is  
Twice Sentenced for Contempt.

San Francisco, May 31.—Attorney Charles H. Fairall, of counsel for the defense, was twice within a few minutes sentenced to jail for contempt of court by superior Judge Dunne, shortly before the adjournment of the Schmitz trial today. The orders were subsequently revoked by the court at the request of the mayor's senior counsel, former Judge J. C. Campbell, joining in by assistant district attorney Henry.

The sensational incident was the culmination of a long day of bickering and quarrels between opposing counsel that more than once had threatened unpleasant results. Eleven jurors had been finally accepted and the 12th had been by both sides accepted subject to peremptory challenge, when Mr. Henry announced that he desired to further question a juror who was accepted last Wednesday. John O'Mara, a blacksmith, "who," said the prosecutor, "we have just been informed,
