CURRY SCORES ILLEGAL SALE OF WHISKEY

Would Spend Every Dollar To Stamp It Out, He Says.

[Special To The Advertiser.]
TORONTO, Feb. 11.—Condemning illicit whiskey selling as an offence comparable to murder, burglary, theft and arson, J. W. Curry, K.C., Liberal, S. E. Toronto, in the Legislature today, justified the employment of liquor "spotters" in the enforcement of the O. T. A. If he had been honored with the attorney-generalship he said he would spend every dollar in the province to stop illicit liquor sales.

"It is well within the knowledge of many connected with the administration of the law generally that inspectors in Toronto were in the pay of the bootleggers," he declared.
Two of these officials, he said, fled the city, and the others were dismissed from office. In reply to members' questions, the members S. E. Toronto declared he certainly would employ men of the Hiram type to hunt out liquor in the city and countenance their drinking liquor in these establishments upon capture.

Mr. Curry charged that there was a determined effort among men of standing in the province to discredit the O. T. A. It was the disregard of the law by such men, he declared, which encouraged the bootlegger in his business. Instead of cutting off opportunity at the attorney-general, he declared, it was the duty of every right-minded citizen to hold up his hands and help wherever possible in wiping out the liquor business.
Mr. Curry explained the mystery of how the recommendation for O. T. A. appeal to high court judge came to be in the report of the special committee when that committee had voted unanimously for appeal to county court judges. As a member of the sub-committee appointed to draw up the conclusions of the main committee, he said, he drew up his own conclusions and sent them forward when it became apparent that the sub-committee was not together.

No Amendments.
Mr. Curry's was the concluding speech in debate on a resolution in reply to the speech from the throne, Hon. A. Ross, Conservative, Kingston, who preceded him in the debate, advocated that a little latitude be granted to intoxicants be allowed to dwellers in cities. He thought it might be well to meet the views of city dwellers and leave the law in the country as it is.

SINN FEINERS MURDERED 21

Some Victims Apparently Killed After Having Been Wounded.

DUBLIN, Feb. 11.—The official survey of conditions in Ireland during the week ending February 5, issued today, states that the campaign of outrages against the crown forces was continuing with intensity, entailing 35 casualties among these forces during the week. 21 cases involving mortal injury. The most extensive operation, it is recounted, was the big ambush at Branganagh, County Limerick, when eleven of the police were killed. The survey says the appearance of some of the bodies of victims of the ambush suggest the men were killed in cold blood after having been reduced to helplessness by wounds.
There were seven such attacks during the week.
The effects on the crown forces was slight, but one boy was killed and fourteen other persons injured.
The survey stated that Sinn Feiners assassinated four civilians during the week. Ninety-seven arrests were made for outrages and political offences.

WANT DECEPTION MADE AN OFFENCE

Ontario Horticulturists Protest Against Nursery Stock Misrepresentation.

TORONTO, Feb. 11.—Miss Mary Yates, of Port Credit is the first woman chosen as head of the Ontario Horticultural Society. Miss Yates was elected president of the society at the annual meeting here today. The other officers elected are as follows: Rev. W. M. McKay, Weston, first vice-president; J. E. Jaffray, Galt, second vice-president; C. A. Henson, St. Catharines, treasurer; J. Lockie Wilson, Toronto, secretary and editor.
The directors are: Rev. A. H. Scott, D. D., Perth; H. A. Middleton, Lindsay; Charles W. Wilson, Port Williams; T. D. Dockery, Toronto; W. D. Burroughs, St. Catharines; Wm. Hartney, Seaforth; Dr. F. E. Bennett, St. Thomas; J. E. Carter, Guelph, and J. E. Brown, Kingston.
The Ontario Horticultural Society decided to request the Legislature to punish misrepresentation and deception regarding the sale and distribution of diseased or mis-named nursery stock; also to ask the Dominion Government to appoint a competent person to inspect all bulbs imported into Canada, and to deal with any diseased bulbs as such officer might deem advisable.

WESTERNERS SEE FAMOUS SHORTHORN

Visit Guelph Farm and Inspect \$35,000 Bull From Scotland.

GUELPH, Feb. 11.—A number of Western Canada Shorthorn breeders who have been in Toronto this week attending the annual meeting of the Dominion Shorthorn Breeders' Association, came to Guelph today and visited the farm of J. J. Elliott to see the Scotland-bred yearling purchased for \$35,000. G. E. Day, secretary of the Shorthorn Breeders' Association, met the party at the station and accompanied them to the Elliott farm.
The police have received two telegrams from Winnipeg regarding W. H. Bibby, now in custody here, on a charge of passing worthless checks. According to the Winnipeg police, W. H. Bibby, alias W. H. Handwork, alias Buster Handwork, has a bad record in the West and several arrests are out for his arrest. Chief C. H. Newton of Winnipeg has asked the local police to hold the prisoner following his trial here. The Winnipeg police learned of his arrest in this city after Bibby had communicated with a woman in the western city for money with which to pay his fine.

DECLARES DECISION SETTLES ISSUE OF MIXED MARRIAGES

Protestant Clergymen Hall With Delight Judgment of Privy Council.

MONTREAL, Feb. 11.—(By Canadian Press.)—The news of the privy council's decision on the Tremblay-Despatie marriage case was received tonight by the ministers of the non-Roman churches with great delight that found expression in many mutual congratulations, and these were intensified when it was found that the judgment had also covered the vexed question of "mixed" marriages in this country.
Bishop Tardif, of Montreal, commented that the judgment was "most satisfactory." His lordship added: "It gives us everything for which we have contended for a long time. It is, in my opinion, one of the most momentous decisions we have ever had. Had it been otherwise it would undoubtedly have occasioned prolonged trouble, which would only have served to accentuate the religious differences of this province."

Definitely Settled.
L. H. Davidson, chancellor of the Montreal diocese, was satisfied when shown the dispatch that the entire issue of mixed marriages was definitely settled. Protestant clergy can now, he said, not only marry their own people, but even a couple where both were Catholics. He emphasized the point that the privy council judgment confirmed the judgment of the supreme court of Canada.
"Eminently satisfactory," was the comment of the Rev. Dr. Jean, who has been convener of the special committee of the Montreal Presbytery, which has been studying the problem. "The judgment preserves the civil status of Protestant ministers and the rights of the people," he said.

Rev. Father J. O'Rourke, chancellor of the archdiocese of Montreal, in a statement issued tonight says that "the decision of the privy council does not affect the decisions of the Catholic Church in interpreting her law on behalf of her own subjects. If the civil authorities in London have decided differently that is another question, but does not in the least alter the church's decision. All these expressions of pleasure and satisfaction from those of other beliefs seem strange and uncalled for, when the case in question is the interpretation of the Catholic marriage law in regard to two Catholics."

WHITE STAR BUYS MONSTER LINER

LONDON, Feb. 11.—The White Star Line has purchased the steamship Bismarck, the largest vessel in the world, for its New York service.

The Bismarck, a vessel of 55,000 tons, was built at Hamburg for the Hamburg-American Line. Last fall it was reported that it had badly damaged the vessel while lying at her docks in Hamburg. The Bismarck was to have been delivered to the Allies under the terms of the peace treaty.
SUSPENDED SENTENCE
Indian is Allowed to Go On Payment of \$40 Costs.
BLENHEIM, Feb. 11.—The Indian, Tom Johnson, who was arrested by County Constable George Peters and Provincial Officer Low, came up for sentence and for examination before J. C. Whittington, J. P. Crown Attorney H. D. Smith conducted the inquiry into the cause for striking the other Indian, Pearce, with an axe and biting his finger. There seemed to be little surprise to all that he had dealt the blow, as he had previously borne a good reputation with those he had worked for. His father said this was the first time he had ever been in trouble. His wife and four small children were present. The court, after pointing out the seriousness of the case, warned him, and let him out on suspended sentence, with a fine and costs amounting in all to \$66, which were paid. He is required to report every month for a year to the justice.

Young People's Contempt For Manual Labor Grave Menace

High Prices Due To Lack of Production On the Farm, Declares Prof. Reynolds of Guelph—Canada's Greatest Asset, He Says, Is Her Rich Productive Soil.

[Special To The Advertiser.]
CHATHAM, Feb. 11.—Provision of properly trained help to aid in bigger and better production of grain and foodstuffs on Ontario farms was the keynote struck in an address to the Men's Canadian Club today by Prof. J. B. Reynolds, M.A., president of the Ontario Agricultural College, Guelph. He declared that one of the gravest dangers facing Canada today was the lack of proper food production on Canadian farms.
The speaker declared that the trend of the rural population to the cities was one of the principal causes of the high cost of living, and that the serious danger of the rural districts in food production is one of the greatest menaces to the country's future.
"A Vital Factor."
"This action on the part of the rural population is having a great effect on the material welfare, social character and political stability of the country," he stated. "I believe that the cause can be clearly shown by the fact that the food for fostering industries other than agriculture. These methods have placed the farmer at serious disadvantages in the produce, money and labor markets."

"Our biggest and best asset, our most enduring resource, is the top six inches of our Canadian soil," stated the speaker amidst applause.
Don't Like Work.
He went on to show that the extreme apathy of the rising generation to the tillage of the soil was in a great many cases due to their ill-concealed contempt of the manual labor necessary to the success of this work.
"The rapid trend to the cities has lost thousands of tons of food produce that would be the saving grace in this time of high prices," he stated, and submitted that the rapid increase in food prices and a corresponding increase in all prices, while precipitated by the war, has been actually caused by the non-production of the essential foods on the farms of Ontario.
Disruptions among the labor element came in for strong criticism from the speaker, who stated: "As long as there is dissension in the ranks of labor and the farmers live in cities and towns, caring very little about the productivity of their farms, there is no chance of the success of this work."

bound to be and will continue to be the high prices that we are trying to pull down."

ONE of the best things any mother can do, is to give her children Cocoa every day.

Children as well as their elders need something hot to drink, and Cocoa is the only thing adapted to their youth which at the same time they enjoy. It is not a stimulant, as are other beverages, but is nourishing and invigorating. It strengthens their power of resistance against cold and illness.
Cocoa is recognized by doctors and dietitians as one of the standard foods, and is particularly recommended for growing children. Taken in the form of a beverage at breakfast or lunch, or after school in the afternoon, it is easily digested and the children love it.
Give your children Cowan's Cocoa every day, and it will help them to develop sturdy constitutions which will be the foundation for good health all through life.
Follow the directions on the tin in preparing Cocoa.
