It is therefore necessary that every garden must be well protected and the by-law regarding chickens running at large will be strictly enforced in the Village.

Why It Wears So Wonderfully

When you renew your old furniture and refinish your old floors, be sure that you don't use a so-called varnish stain that gives only a surface finish where color and finish both will chip and scratch off.

CAMPBELL'S VARNISH STAIN

has remarkable durability and permanence because the stain penetrates deep into the wood fibre and you have to wear off the wood itself before you wear away the stain. Nothing equals Campbell's for floors, furniture or any other use that involves hard wear.

Campbell's Varnish Stain is made in 13 colors and natural wood. All sizes, 1/4 pt. to gallon. Try Campbell's once and you will appreciate what a wonderful "home-brightener" it is.

NOW IS THE TIME FOR PAINT!

Use Martin-Senour Paint for floors and woodwork, New Tone for plaster and paper, Wood-Lac for stain, Varnolium for linoleums.

Gardening Tools

Hoes, Garden Rakes, Hand Cultivators and Spades.

Garden Seeds of all kinds in packets. Mangel and Turnip Seed by the pound.

Wagons for the boys

Good and strong. Will stand lots of wear.

Those who do not like it can of course get up at their usual time and follow their daily avocation as usual so long as they are not brought into contact with the world about them, but when that occurs they may expect to have troubles of their own making.
