Retiring Pastor of the William St. Baptist Church by Y. P.

The Young Peoples Society of the William street Baptist church gave a farewell to the Rev. J. J. Ross, the departing pastor of the church and also took advantage of the ocasion last evening to present Mr and Mrs. Ross with a dinner ser vice of Haviland china.

Judge Houston opened the ceremony with prayer, after which Matthew Side, who presided, made a few remarks, stating that the Society marks, stating that the Society couldn't let Mr. Ross go without in some way expressing their sorrow at the parting, and that therefore this little evening of entertainment had been arranged that all might have an opportunity to say good-bye.

A short program was then given. Miss Rose Swan played an instrumental solo and received a hearty encore.

Miss Blanche Baxter, James Trotter and John Reeve each contributed
an excellent solo. Miss Bessie Brackin played the accompaniments.

Mr. John Reeve, at the conclusion

Mr. John Reeve, at the conclusion of his solo, read an address to the Rev. Mr. Ross, who had been called to the platform. The address stated in brief that the Young Peoples Society desired to express their thanks for assistance and kindness received from Rev. J. J. Ross, and concluded with a prayer that Mrs. Ross and Mr. Ross would be divinely blessed. Mr. Side then made the presentation of a dineer set of Haviland china.

would be divinely dessent an interest of Haviland china.
Rev. J. J. Ross said that it was an exceedingly difficult matter for him to thank the Society. He had desired to say something about his departure at both services Sunday, but he had been afraid to trust himself. He was also afraid to trust himself. He was also afraid to estimate the extent of the work he had done as pastor of the William street Baptist church. He concluded with hearty thanks for the many kindnesses received by himself and Mrs. Ross. The retiring minister earnestly entreated the congregation and Young Peoples Society to relly around his successor and make him feel at home. After a few minutes social inter-course, refreshments were served and the gathering broke up.

ERIEAU TRAINS

L. E. Tillson, local agent for the Lake Erie, has been advised that the Rond Eau service, for the coming sum-Rond Eau service, for the coming summer, will be about the same as last year, with the exception of the boat trains. Arrangements for the boat service have not yet been completed. The trains will likely start about the 15th of June. The band concerts will also start about the same time.

There was a rumor that there would be no summer train service to Ericau and the information that the suburban trains will run as usual will be received with pleasure by those who own cottages at Ericau.

between the city and Carmen & Fair banks, re natural or cheap artificial fuel gas. J. Milton Pike appeared for the solicitor and the different points of the draft were discussed.

Ald. Edmondson—What we want is a cheap fuel gas, whether it is natural or artificial.

Ald. Scullard—I think it will ultimately end in the artificial gas.

Ald. Edmondson—Well, if that is the case, there will be great advancement in the artificial. The fuel question is one which will be greatly before the public before long, and new discoveries of cheaper ways of getting artificial gas are coming to light.

Ald. Scullard—Yes, I believe Carnegie set chemists to work who found a way of manufacturing gas at 9c. per thousand.

The Mayor suggested as a clause in the agreement that the pipe, he not consumation of the undertaking.

The Mayor suggested as a clause in the agreement that the pipe be not put down on King St. between Third and William Sts., but that it be put down in the alleys and river bank. Ald Scullard said that it would be a good idea to have a clause stating that any street which would net the company 12 per cent of the investment have a pipe line.

Mr. Edmondson said the clause in their tender concerning the running out of the natural gas, an artificial cheap fuel gas plant would replace it, was the most important in the whole morning notifying him of the in-

This statement carries with it a refusal of the call to College St. Baptist Church, Toronto, to succeed Raw S. S. Bates. The Rev. Dr. Sowerby is a brother of John Sowerby, of this city, and also of J. H. Sowerby, formerly pastor of the William St. Baptist Church.

SCRAPING STREETS

"I noticed in last night's Planet," said Ald. Mounteer, Chairman of the Board of Works, this morning, "that the city road scrapers. You may mention for his special benefit that morning, one on each side of the river, and they started out again early this morning. We are trying to get the roads in good shape as soon as possible.

to get the roads in good shape as soon as possible.

"We have a gang of men at work extending the sewer on William street to Colborne, and moving the sidewalk in line for the curbing of the new pavement.

"Another gang of men are at work grubbing out the stumps on the extension to Patterson avenue, and we intend to open out the street right away. There are eight new houses going up on this street, and I expect it will be one of the finest looking avenues in the city.

"The bricks of the William street pavement are being put down, and this work will, in all probability, be finished to-morrow night.

City Engineer Jones has made a thorough inspection of the sidewalks of the city during the past couple of weeks and will bring in a report next Monday night on all of the sidewalks, on which action will be taken this year. We expect to have this work done early this year, instead of waiting until the fall.

"I understand that there is a petition almost sufficiently signed for an asphalt block pavement on King street west, so you see the city is booming as far as public works is concerned."
