"Fruit-a-lives" Keeps Young And Old
In Splendid Health

J. W. HAMMOND Esq.

SCOTLAND, ONT., Aug. 25th. 1913
"Fruit-a-lives" are the only pill
manufactured, to my way of thinking.
They work completely, no gripping
whatever, and one is plenty for any
ordinary person at a dose. My wife
was a martyr to Constipation. We tried
everything on the calendar without
satisfaction, and spent large sums of
money until we happened on "Fruit-
a-lives". I cannot say too much in
their favor.

We have used them in the family for
about two years and we would not use
anything else as long as we can get
"Fruit-a-lives".

Their action is mild, and no distress
at all. I have recommended them to
many other people, and our whole
family uses them".

J. W. HAMMOND.
Those who have been cured by "Fruit-
a-lives" are proud and happy to tell a
sick or ailing friend about these won-
derful tablets made from fruit juices.

and find it a very interesting paper. It is
always welcomed in our home. I always
delight in reading the correspondence
columns and think some of the letters
are very interesting. I notice in the
May issue "Honey Dew's" letter and feel
like answering it. She seems to have
great sympathy for the "Lonely bache-
lors of the West." Now, I have three
brothers in the West and they just laugh
when they read such letters. They say
that the bachelors in the West are not
all lonely. As for Women's Votes—we
are greatly in favor of same as they are
much needed in the Northwest. We
would certainly do all in our power to
abolish the bar. Some of the girls are
so afraid of offending the men if they
should say a word or two favoring wo-
men's votes. I think "Honey Dew" is
one of these. Hoping I am not taking
up too much space I will sign myself,
Manitoba Pearl.

"Sheho" on a Trip

Gloucester, England, Victoria Day.

Dear Editor—With very best remem-
brances to yourself and my Canadian
friends I write you these few lines,
thanking you for printing my letter
which I wrote from Invermay, Sask., in
March, and also for the space you so
kindly permitted me. I came from
Invermay, Sask., on April 15th for a
holiday, knowing that if I did not take
a holiday then I never would. I had a
fine trip, which might interest the read-
ers of The Western Home Monthly. I
started from Invermay on the night of
April 16th, arrived at Winnipeg on
the morning of the 17th. I stayed
in Winnipeg all day. I walked
in and went all over Eaton's store and
bought a few presents. The night of the
17th we started by train from Winnipeg
to Montreal, thence we changed and
caught a train for St. John and we had
to stay until the following Wednesday
before we could embark. On the night of
the 22nd we sailed for the dear home-
land. We never saw any icebergs as we
took the winter route. We arrived in
Bristol on the morning of the 28th with-
out mishap and had glorious weather. I
am afraid I am taking up too much
space so will bid you good-bye for the
present.
Sheho.

Homesteads for Women

Bladworth, Sask., June, 1914.

Dear Editor—Will try and write a few
lines to the column. I see one cor-
respondent in the May issue proposed
that some of the young men should give
their views on "homesteads for women."
Now, I for one think this a capital idea
as I think a woman or girl should have
as much right to file on a homestead as a
man. If they had it would go a long
way towards making the now lonesome
drag of homesteading more like living
than it is at present. I have seen some
settlements where there would be
scarcely a woman in a whole township.
It makes things look kind of homelike
to see a woman around the farm. I
think a man batching on a farm is up
against a hard proposition, as he can't, or
hasn't time, to prepare his meals as they
should be, specially during seeding and
harvesting as he has to put in all the
time possible in the field. I will close,
wishing the column every success and
will sign as before,
Engineer.

Now Then Manitoba Girls

Alberta, June, 1914.

Dear Editor—It is with great pleasure
that I let people know that I am a sub-
scriber to your interesting and valuable
magazine. The departments of your
paper are well chosen and very ably
handled. I am a homesteader in the
best province in the Dominion and will
say that the man who can't make good
here will never do it in any other place.
I will not give a tabulated description of
myself as some do, suffice it to say that
I am a regular "Kelly" with all the
trimmings. However, I will mention the
fact that I am still in the bachelor state,
and if any of you charming Manitoba
girls want some fun why just drop your
uncle a line. To those wishing to know
about any part of Northern Alberta I
can give a fair idea as I have been from
the G.T.P. to the Arctic circle. In clos-
ing will say that my address is with the
Editor, and wishing everyone success, I
remain as ever,
Peshishik.

A "Helping Hand" Extended to the Middle Aged Woman

THERE comes a time in every woman's
life when she undergoes an important
change. This is a critical period. It is
a time when a woman needs her full health
and strength. For your own sake you
should anticipate this.
