	Monday Feb. 2nd/42		Officers' Bowling League opened in the Belleville Y.M.C.A. Dental Clinic now has full staff with arrival of chair assistant yesterday.	
	Tuesday Feb. 3rd/42		F/L F.B. Fulford completed "Hints to Newcomers for use of pupils on arrival at #5 I.T.S. A very useful and helpful addition to school organization.	
	Wednesday Feb. 4th/42		Link Department have adopted a modified system of assessment of Link marks, involving the scrutiny of the first five preliminary link exercises as well as the last three exercises. It is hoped that this will give a better indication of pilot potentialities. This method was adopted in the assessing of the link scores of Course #42. It separates the scores of borderline cases, giving the erratic, poor quality cases lower marks, while raising the marks of the better calibre material. It is, of course, too soon to judge by actual results, as final reports on flying training will not be received until the completion of the E.F.T.S. course. A new 1250 Curtis Edgeray lighting fixture has been received on loan from the Northern Electric Co. and installed in Link Room #3. The installation of this lighting fixture has undoubtedly improved the conditions under which instruction is given, eliminating as it does, much of the eye strain which has been troublesome & irritating to Visual Link Trainer instructors.
