

	PAGE
(e) Symptoms and Signs in the Urogenital System . . .	264
(f) Symptoms and Signs in the Cutaneous System . . .	264
(g) Symptoms and Signs Referable to the Hemopoietic, Metabolic and Endocrine Organs . . .	265
3. Tests for Pupillary Reactions and for the Power of Accommodation . . .	265
(a) Reflex Contraction of the Pupil to Light (Optic- dynamic Reflex) . . .	265
(b) Associated Movement of Contraction of the Pupil on Convergence, and on Accommodation . . .	266
(c) Reflex Dilatation of the Pupil (Function of the M. dilator iridis Ciliospinal Reflex) . . .	267
(d) Disturbances of the Pupillary Reactions . . .	267
i. Changes in Shape and Size . . .	267
ii. Loss of Light Reflex . . .	268
1. Unilateral Pupillary Rigidity . . .	268
2. Bilateral Pupillary Rigidity . . .	270
(e) Power of Accommodation (Vision for Near Objects or Function of the M. ciliaris) . . .	272
(f) Smooth Muscle of the Eyelids . . .	272
(g) Tests for the Associated Movements of Eyelid and Eyeball . . .	272
(h) Function of M. orbitalis (Müller's Muscle) Exoph- thalmos; Enophthalmos) . . .	272
4. Disturbances of Innervation of the Heart and Blood Vessels . . .	273
(a) Nervous Disturbances of Cardiomotility . . .	273
(b) Oculocardiac Reflex (Aschner's Phenomenon) . . .	274
(c) Disturbances of Vasomotility . . .	274
5. Disturbances of Innervation of Sweat Glands and Tear Glands . . .	275
6. Disturbances of Innervation of Musculature and Glands in the Respiratory System . . .	275
7. Disturbances of Innervation of Musculature and Glands of the Digestive Apparatus . . .	276
8. Disturbances of Innervation of the Urogenital Apparatus . . .	277
(a) Nervous Disturbances of Renal Secretion and Renal Vasomotility . . .	277
(b) Disturbances of Motility of the Renal Pelvis and Ureter . . .	277
(c) Disturbances of the Motility of the Urinary Bladder . . .	277
