

Con., 13th Lot, where Mr. H. Cargill has a large steam saw, shingle and lath mill.

Alphabetical List of Professions, Trades, &c.

CARGILL, HENRY, saw mill proprietor.

MILTON.

The County Town of the County of Halton, was Incorporated by Special Act of Parliament, on July 4th, 1857. It is admirably adapted for the County seat, as the centre of the town has been demonstrated by surveyors to be the exact central point of the County, and the corners of the four Townships, Trafalgar, Nelson, Nassagaweya, and Esquesing, which compose the compact little County, are within a trifling distance of Milton, which is situated in the north-west corner of Trafalgar. Being incorporated as a Town, and divided into three wards, it has a Mayor, Reeve and nine Councillors, being three for each ward. The North ward contains 200 acres, being all north of Main street, consisting of Martin's survey, of lot 15 in the 2nd concession; the East ward consists of 100 acres, being all east of Commercial street, and is called Teetzel's survey; the South ward is also 100 acres south of Main street and west of Commercial street, it is called Foster's survey. The Town is regularly laid out, with streets crossing at right angles, and contains fine County buildings, Town Hall, and many fine private residences built of an excellent description of freestone, quarried in large quantities from the mountain, which is a continuation of the mountain at Hamilton, coming up through Nelson to within a mile of Milton, when it turns off to Esquesing on the north. The County buildings were erected at a cost of \$23,000, and the Town Hall, a more recent structure, cost \$5,000. It contains the offices of John Dewar, Jr., County Attorney, and Matheson & Dixon, Barristers at Law, besides a spacious reading room and Council Chamber; the whole of the upper story is reserved for a public Hall, capacious enough to hold seven hundred, seated. 'The Mechanics' Institute have also placed an elegant new Piano in the Hall, for their own concerts, and for rental.
