

THE SMALL-POX REMEDY.—The small-pox remedy which cured 43 thousand cases in England, taken in all stages of the disease, is so simple that it cannot be too widely disseminated. It is:

Cream of Tartar..... 1 ounce.
Rhubarb..... 12 grains.
Cold water..... 1 pint.

The dose is from a quarter to half a pint. In severe cases a half-pint dose should be administered. In cases characterized by delirium great benefit has been obtained by applying a bottle of hot water to the feet. Plenty of fresh air is important, and an out-door airing at the earliest period practicable is recommended. When applied in the earliest stage of the eruption, the eruption is arrested and suppuration prevented without any injurious result. The mixture should be well stirred or shaken immediately before administering it.

WEEKLY REVIEW OF THE MONTEREAL MARKETS.

MONTEREAL, 4th September, 1867.

WE HAVE very little to report concerning trade during the past week. Business has been dull, and in some departments there is absolutely nothing doing.

There has been a considerable change in the weather; the sharp cold which succeeded the thaw, and hardened the roads,—together with the light fall of snow, has made it easier for farmers to get to town with their produce.

FINANCIAL.—Money continues abundant, and the Banks are meeting their customers at 7 per cent on good commercial bills. Transactions in stocks have been to a fair extent, with no special change. Sterling Exchange is steady at 97 to 98 for cash for Bank and Bank endorsed 60-day Bills. Gold in New York advanced to 136, but has declined, and is now quoted at 135. Greenbacks in this city were bought at 26 1/2 dis, and sold at 26 dis. Silver is bought at 44 dis. for large and 5 for small, and sold at 43 to 44 dis.

PRODUCE.—There have been large receipts of Flour, and the market is dull and depressed. Prices are unsettled, and as buyers and sellers are at variance, sales have been chiefly of small lots. The following are prevailing quotations:—Extra, per brl. of 196 lbs., \$5.25 @ \$5.40; Fancy, \$5.00 @ \$5.05; Supers from Canada Wheat, \$4.85 @ \$4.90; Strong Supers from Western Wheat, \$5.00 @ \$5.05; Superfines from Western Wheat, (Welland Canal) nominal at \$0.00 @ \$0.00; City brands of Super from Western Wheat, nominal at \$0.00 @ \$0.00; Canada Superfine No. 2, \$4.40 @ \$4.50; Fine, \$4.20 @ \$4.25; Middlings, \$3.75 @ \$3.80; Pollards, nominal; U. C. Bag Flour, \$2.42 @ \$2.45;—City brands, \$2.50 @ \$2.52 per 100 lbs. Wheat is without change. U. C. Spring \$1.17 @ \$1.18 per bush. of 60 lbs.; U. C. Red Winter, nominal at \$1.16; No. 2 Chicago Spring, \$1.10 @ \$1.12, nominal. Small parcels of Peas have been enquired for,

but round lots have been unsaleable. Price per bushel 92c to 94c. Corn is in liberal supply, but the demand is slight. There has been little done in Oats, and rates are practically nominal. Barley nominal at \$1.20 to \$1.25 for ordinary. One or two persons held the supply in market, and their demands are above the views of buyers.

PORK, per brl. of 200 lbs.—Firm; Mess, \$25.50 @ \$25.75; Thin Mess, \$22.00 @ \$22.50. DRESSED HOGS, per 100 lbs.—May now be quoted at \$9.00 @ \$9.50 for good to choice carcasses. Stocks are not large, and quotation readily given.

BUTTER.—A good deal arriving,—market quiet but steady.

CHEESE, per lb.—Market firmer,—range from 11c @ 12c,—choice brands 12c @ 12 1/2c.

LARD, per lb.—Firmer; sales in tubs this forenoon at 15c @ 15 1/2c.

ASSES, per 100 lbs.—First Pots, \$5.55 @ \$5.60, according to tares; Seconds, \$4.70 @ \$5.00; Thirds, \$4.25 @ \$5.00; First Pearls, \$5.55 @ \$5.60; Seconds, \$5.00 @ \$5.10.

WOODWARD'S IMPROVED CARBONIZER.—Look to your own interests, and try Woodward's Improved Carbonizer, which is warranted to increase the light, decrease the smoke and smell, and save 33 per cent. of the cost to the consumer.

Read the following, which have been received among other certificates from those who have tried it:—
MONTEREAL, August 31, 1867.
MY DEAR SIR,—I have much pleasure in certifying that I consider your Patent Gas Carbonizer a most valuable introduction, especially when the quality of the gas, and the high price charged for it, is considered. I have one now in my house put up by you, and find I have a much better and brighter light totally free from smoke or smell of gas since its introduction. In addition to this I burn much less gas, as I use one-foot burners instead of three feet, which I formerly used, and have more light now than I had with the large burners without the Carbonizer.—Very truly yours, To Mr. R. Alsop. J. BELL SMITH, Artist.

Sir,—I take pleasure in certifying that I have one of Woodward's Patent Carbonizers in use in my house for some time, and am perfectly satisfied that it is a valuable improvement. I believe that I am saving a large amount of gas, as I am using one-foot burners instead of three feet, which I used without the carbonizer, and the light is fully satisfactory. To R. Alsop, Esq. A. J. PELL, 345 Notre Dame Street.

MONTEREAL, 9th Sept., 1867.
DEAR SIR,—I have much pleasure in adding my testimony to the usefulness of Woodward's Carbonizer, both as regards increased illuminating power and also diminished consumption. Having now had one on my premises for some time, which is working with undiminished vigour, I very confidently recommend it as being able to do all you promised for it. I am, &c., D. H. FERGUSON, 100 McGill Street. To R. Alsop, Esq.

MONTEREAL, 9th Sept., 1867.
DEAR SIR,—In answer to your enquiry, I would say that your Carbonizer, placed in our billiard-room on Great St. James Street on the 4th September, has given us entire satisfaction. Before we had it introduced we were burning about 1200 feet of gas per night, with 50 burners, running about 5 hours. We are now burning less than 2000 feet per night, running about 64 hours, with 62 burners, and fully as much light. We therefore confidently recommend it to all who wish to economize in burning gas.—Very truly yours, To Mr. Robert Alsop. JOS. DION & BAO.

The Subscriber begs leave to call the attention of all who are using gas to the above real- ly valuable improvement. Do not suffer yourselves to be influenced by the prejudice produced by the numerous so-called improvements which have been offered within the last few years; but see and judge for yourselves. Every information will be given, and the operation of the apparatus shewn and explained by ROBERT ALSOP, at the Office of the Petroleum Gas Co., No. 156 Great St. James Street. May 14. 1y 18
