

Heart Trouble Cured.

Through one cause or another a large majority of the people are troubled with some form of heart trouble.

The system becomes run down, the heart palpitates. You have weak and dizzy spells, a smothering feeling, cold clammy hands and feet, shortness of breath, sensation of pins and needles, rush of blood to the head, etc.

Wherever there are sickly people with weak hearts Milburn's Heart and Nerve Pills will be found an effectual medicine.

Mrs. Wm. Elliott, Angus, Ont., writes:—"It is with the greatest of pleasure I write you stating the benefit I have received by using Milburn's Heart and Nerve Pills. I suffered greatly from heart trouble, weakness and smothering spells. I used a great deal of doctor's medicines but received no benefit. A friend advised me to buy a box of your pills, which I did, and soon found great relief. I highly recommend these pills to anyone suffering from heart trouble."

Price 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SPRING BANK OXFORDS

Rams and ewes of all ages at a great reduction for next 30 days. Order at once and get the pick. WM. BARNETT & SONS, LIVING SPRINGS P.O., ONT. FERGUS STA., G.T.R. and C.P.R.

The other day a man took his young nephew to the barber for the first time. He hated to see the soft little curls cut off, but his mother decided they must go. As the barber tied the towel under his baby chin, he remarked, "How do you want your hair cut, young man?" "Wif a little round hole in the top, like my faver's."

HIS PAINS AND ACHES ALL GONE

Dodd's Kidney Pills Cured Chas. N. Cyr's Rheumatism.

Statement of a Man who Suffered for a Year from Different Forms of Kidney Disease, and Found a Speedy Cure.

New Richmond Station, Que., Dec. 13. —(Special).—In these cold fall days when Rheumatism, Sciatica, Backache, and other Kidney Diseases are working havoc in every corner of Canada, thousands will be interested in the statement of Mr. Chas. N. Cyr, the well-known barber of this place.

"I had been a sufferer from Rheumatism and Backache for a year," Mr. Cyr states. "My head also troubled me, and it was hard to collect my thoughts. I heard of cures made by Dodd's Kidney Pills, and made up my mind to try them. The marvellous effect of the first box on my system at once raised my hopes, and by continuing to take them, I am now a sound and well man. All my pains and aches are gone, and I am able to do my work without pain."

Mr. Cyr is only one of thousands whom Dodd's Kidney Pills have cured of Rheumatism, Sciatica and Backache. For Dodd's Kidney Pills always cure sick or disordered Kidneys. And if your Kidneys are well, you can't have Rheumatism, Sciatica or Backache.

WATERING HORSES — ROPE-BURN.

1. I would like your opinion on the proper time to water horses.
2. Horse has rope-burn in front of the hock. F. M. G.

Ans.—1. My theory is that my horse is, in this respect, like myself. When I am thirsty I want a drink, and so does my horse; and he should get one, unless he is very hot, when he should be allowed only a little water, and given some more in a few minutes. While theoretically horses should not be watered after meals, we find that in practice most horses like water both before and after eating, and, with few exceptions, this plan gives good results. If a horse suffers after being watered after meals, he should not be given any. Some horses are predisposed to colics, and if one suffers from colic under certain conditions, he should be treated accordingly.

2. Dress three times daily with equal parts of lime water and sweet oil. V.

TRESPASSING PIGS.

B's fence between A and B is a 9-wire Ideal fence, with No. 9 upright wires. C's and B's part between B and C are old rail fences, but have served the purpose for those men.

A's hogs (weighing 150 or 160 lbs.) got under B's fence, across B's farm, through C's fence, into C's corn-field in September.

C did not know that hogs were in corn until September 24th or 25th, drove them out, and on 27th told A about it, and asked that hogs be kept home.

They continued to get in, so, on September 29th, C, with a witness, asked A for damages, and to keep hogs home. A blamed B, and said he ought to pay because of his fence. Then A and C agreed to leave it to one farmer to look at the fences, and if he said A was in fault, then A was to pay damages, the former to name amount of damages. On 30th (next day), the arbitrator chosen, came, looked at fences, pronounced B's fence good enough to hold ordinary hogs, and blamed A for allowing such hogs to run in the field where there was poor pasture (if any), for they would be sure to get through to where they found feed.

Arbitrator asked for another man to help estimate damages, was allowed, and brought second man October 1st; went through corn and figured it at \$40, but to settle quietly called it \$15. A went to see lawyers, then refused to pay, saying that B was to blame, and would have to fix the fence to keep back hogs. A allowed his hogs to go to the corn when they liked to, until October 18th. They weighed then about 200 pounds. At this time they were put in the pen. A also claimed that C could claim nothing because they got through C's fence, C claiming that so long as the fence was sufficient for B and C, he was obliged to fence there. Moreover, if B's 9-wire fence, weighted down by stones between the posts, would not turn the hogs, what could C build that would stop them?

1. Could C collect damages for corn?
2. Was the arbitration legal, so that A could be made to fulfil his agreement?
3. Is there any limit to the hogs running in fields, to be fenced against, or must neighbors fence back anything, and everything, even though they be driven by starvation?
SUBSCRIBER, Ontario.

Ans.—1 and 2. Assuming that hogs are not permitted to run at large by the by-laws of your municipality, we would say that A is liable for the damage done, and, seeing that he has repudiated the award made by the arbitrators, we think that C is in a position to sue for and recover the full amount of the damages sustained.

3. Still assuming that there is no such permissive by-law, we would say that the owner or occupant of land must keep his hogs on his own premises, and if they get away and do damage, the responsibility and loss are legally his.
