"Say, Mayme, did you ever have any turtle soup?" asked a raw-boned youth of the girl beside him.

GLAD TIDINGS FROM NOVA SCOTIA

Sure Relief for Suffering Women is Found in Dodd's Kidney Pills.

Miss Kathleen Murphy tells how she suffered and how easy and complete was her cure by the great Canadian Kidney Remedy.

Tangier Mines, Halifax Co., N.S., Nov. 7. (Special.)—There is no longer any doubt that, of the thousands of suffering women of Canada, nine out of every ten owe their troubles to Kidney Disease. For that reason, it is glad tidings that Miss Kathleen Murphy, of this place, is sending out to her suffering sisters.

"My troubles started from a cold," says Miss Murphy, in an interview. "I had pains in my head and back, and Rheumatism and Diabetes finally developed.

"Then I started to take Dodd's Kidney Pills, and they cleared out my Rheumatism, cured my Kidney Disease, and brought back my health.

"I would not be without Dodd's Kidney Pills, for I have given them a thorough test, and found them to be all that is claimed for them."

The secret of health for women is to keep the kidneys strong and healthy. Healthy kidneys mean pure blood, abundant energy, and a clear, healthy complexion. The one sure way to keep the kidneys healthy is to use Dodd's Kidney Pills.

GOSSIP.

Four hundred and twenty-five guineas (\$2,125) was the price paid for a pair of Shire geldings, at the autumn horse sale at Crewe, England, last month, where 1,450 horses were disposed of by auction, totalling over \$50,000. The highest price for a gelding was \$1,125, for a horse purchased by F. Lowndes, for Illinois, U. S.

A. W. Smith, Maple Lodge, Ont., writes: "The young Shorthorn bulls I am offering for sale are of a very desirable kind. Have just brought them in from pasture. They are very thick, deep calves, on short legs, and good feeders, and from excellent milkers. One of them is a grandson of Irish Ivy, who gave over 11,500 lbs. milk in less than a year. He looks an excellent beef type, too, and was sired by Village Gloster, a Cruickshank Village bull, by Prince Gloster, so long in service in Mr. Dryden's herd. I have just a few very nice young Leicester rams left for sale yet."

MANITOBA SHEEP SALES.

The auction sales of Western range sheep held last month at Brandon, Portage and Winnipeg, by the Manitoba Sheep Breeders' Association, were successful in every way. The stock consisted of young ewes, and had been carefully selected. Four hundred head in all were purchased in the ranching districts of Saskatchewan and Alberta. Two hundred were sold at Brandon; 100 at Portage la Prairie, and the remainder at Winnipeg. The average price at Brandon was \$7.36; at Portage, \$7.75, and at Winnipeg, \$7.10. The sheep were sold in pens of six, each pen comprising three shearing and three two-year-old ewes. It was intended that a limit of two pens to each buyer should be placed on the sales, but this was removed at the start. A number of farmers who desired to secure good-sized flocks were thus enabled to buy.

INTERNATIONAL LIVE-STOCK EXPOSITION—CHICAGO.

The eleventh anniversary of the international Live-stock Exposition will be held at the Union Stock-yards, Chicago, on the dates of November 26th to December 3rd, and will be wider in scope, larger in entries and greater in importance than any of its predecessors.

Seventy-five thousand dollars will be given away in prizes, which will be awarded by the most expert and distinguished judges in this country and from abroad.

The importance of this show, from a breeding as well as an educational point of view, cannot be measured, realized or understood except from a personal visit and a systematic study of its extraordinary proceedings.

Most excellent newspaper accounts are published, and the breeders' and farmers' journals deal with it in a most comprehensive and masterly manner; but it must be seen to be appreciated; it must be studied to be understood.

It is the greatest school of instruction of its kind that has ever been presented to breeders, farmers, stockmen, and others who are interested in the live-stock industry, and an institution of practical information that teaches in a fortnight more than can be learned in double, treble and quadruple the time anywhere else.

The International Live-stock Exposition at Chicago is a stockman's store of knowledge, an encyclopaedia of breeding and feeding information that is presented in such practical, simple and easily-understood methods, that the interested, intelligent visitor must of a necessity carry away with him a fund of useful and practical information that he could not buy for dollars anywhere else in so short a time.

The lessons learned from watching the judging by these masters of live-stock breeding, cannot be gained from books.

The comparison of the various champions and other prizewinners with their less fortunate brethren, show the breeder and student the weak points and shortcomings of those which do not reach the required standard; and so these men go home, carrying with them an object lesson that can be acquired nowhere else, and a fund of breeding knowledge that will stand by them and be their very best friend.
