### Cattle

The receipts of cattle for the past week are considerably higher than they have been for some weeks, but there is still a scarcity of choice well fed beef and prices are as strong as ever for the best rades. A few loads of good mixed utchers have been sold at \$6.25 and \$6.35, and some extra choice steers, weighing 1200 lbs., brought \$6.50 per cwt. Most of the arrivals today (Tuesday) were common and medium kinds day) were common and medium and and sold at \$4.00 a cwt., the top price of the day being \$5.25 for a fair lot of mixed butchers. Veals are steady, good calves going 150 to 200 lbs. bringing from \$6.00 to \$6.50 a cwt., and heavy calves from \$4.50 to \$5.50.

There has been a liberal supply of hogs the past few days, but now that the Eastern markets are higher the abattoirs are depending on the supply from the West, and prices are being maintained at \$7.25 with not quite so heavy a cut on roughs as stags. Hog prices are more likely to go up than down the next week or two.

There has been nothing doing in sheep

## Butter

Butter prices are on the down grade, following a decline in Eastern creamery, which makes up the bulk of our supply. For Manitoba fancy dairy, dealers are now paying from 28 to 30 cents, for No. 1 26 cents, and for good round lots 24

Eggs are also cheaper, owing to plentiful supplies at low prices being available in the south. Fresh laid are now quoted at 22 cents a dozen.

Milk and Cream
Milk and cream prices are unchanged for the present, but a reduction will likely be made at the end of the month.
