

Ladies of St. Thomas' Entertain Volunteers at Canon Wood Hall

The entertainment provided for the Volunteers who have been attending St. Thomas' Church, in Canon Wood Hall, last night, was in every way enjoyable and inspiring. It was quite impromptu, having only been originated a day or so before. The principal movers were the Rector, Rev. Dr. Jones, Rev. W. E. R. Cracknell, Hon. R. Watson and Mr. R. Dowden. Upon the latter devolved a large part of the required effort, and Mr. Dowden made good. In response to a request from the Rector on Sunday, the ladies of the parish provided a bountiful supply of food for the inner man in almost endless variety, and the young ladies by their presence and ready help made the delicacies more tempting and palatable.

About sixty Volunteers were present and thoroughly enjoyed the whole evening. For the programme, there were toasts to "Our Empire," spoken to by Sir Joseph Outerbridge and Rev. Canon White; "Our Soldiers," in the hands of Hon. R. Watson; "Our Guests," proposed by Mr. H. Y. Mott and responded to by Mr. John Wier; and "The Chairman," proposed by Rev. H. Uphill, and responded to by the Rector. Of the speeches it may well be said they were of an exceptionally pleasing character, breathing forth as they did sentiments to arouse enthusiasm to a high pitch. There was a selection from the Calypso band, and songs by Petty Officers Lloyd, Luxon, Macklin as also by Messrs. P. J. King, Rev. W. H. Thomas, A. P. Cameron, G. B. Lloyd and W. Udell; and a musical imitation by Mr. P. H. Cowan. The programme was long so that encores had to be cut out, but the audience would not be satisfied with less than three songs from Mr. Cameron, who made everybody "laugh till they cried," and two from Mr. King. Without desiring to be invidious, special reference is made to the song of Rev. W. H. Thomas, the genial and popular Pastor of the Congregational Church, whose rich and cultured voice made the war song "Are We Downhearted?" a feature of the evening. The last verse has a special public interest just now and we have pleasure in quoting it as follows:

Newfoundland boys in the Dardanelles war, Fight the Turks on Gallipoli far; How are they feeling, both Tommy and Tar? Are they downhearted? No! Rendell is wounded, I much grieve to tell, How fares his Courage? as sound as a bell; "Famously doing," soon he'll be well; Is he downhearted? No, no, no!

Mrs. F. J. King, Misses H. W. Strirling and Mr. Noseworthy played the accompaniments most acceptably. St. Thomas' parish is grateful for the valued assistance so cheerfully rendered by friends outside the congregation, and are equally glad to have contributed a pleasant evening's entertainment to those stalwart Volunteers who are to help carry the banner of victory over homeland and Empire.—Daily News.

Father Ignorant Of Son's Fate Pathetic Sequel to Drowning of Young Scotchman

Some five years ago a young Scotchman named Robert Hay, a native of Glasgow and a man well-known and respected especially among nautical men in St. John's, was washed overboard from the "Gaspé" and drowned. He was cook and steward on the ship and was lost two days after the vessel left here on her way to Brazil. Hay boarded for 9 years with Mrs. James Skeans, Field St., and on learning of his death she and her family were much grieved. Evidently the information and personal effects which were sent by the authorities did not reach the man's father, Mr. Wm. Hay of Glasgow, for yesterday Mrs. Skeans had a letter from him, under date the 5th inst., asking as to his son's whereabouts and any other information that could be given of him, so that the unfortunate father seems to be utterly in ignorance as to the fate of his son who was a fine young man. The sad duty now devolves upon Mrs. Skeans to write particulars to Mr. Hay. When the man was drowned Mrs. Skeans did not know his father's address, nor could she secure it afterwards. No doubt knowledge of his son's tragic death will be, when received, a great blow to the old gentleman.

A Successful Dance

Last night the dance given by the Tailors' Union in the new C.C.C. Hall was attended by over 200 persons, ladies and gentlemen. The T. A. Band furnished the music, and refreshments were served by a number of ladies. All present thoroughly enjoyed themselves.

Diphtheria From Bread

A diphtheria epidemic from bread has been reported by Dr. Moreau to the Paris Academy of Medicine. Such a source of infection had been little suspected hitherto, but eleven cases with four deaths, scattered in three communes to a distance as great as 3-4 miles, have been traced to the customers of a single baker. The disease had not been previously reported in the vicinity since 1905. The wife and son of the baker were first attacked, after a visit to a locality having several cases, and the bread sold was taken from the oven to a room adjoining that of these two patients.

Dear Madam: You know how necessary it is that your husband should leave home in good humour every morning. He has many troubles to face all day, but he can easily surmount them if his attitude towards them is right. Nothing goes well with the man who starts the day in a bad temper. You have it in your power to put him in a pleasant frame of mind. Serve him at breakfast with Arbuckle's delicious Breakfast Coffee. He will appreciate it. Yours faithfully, CLEVELAND TRADING CO. aug30,11w,tf

Temperance Rally

Last night the Executive of the W.C.T.U., with Mrs. Howland, paid a visit to Torbay and held a Temperance Rally in the Total Abstinence Hall. The presence of the ladies aroused considerable interest on the part of the residents and the hall was soon filled to its utmost capacity. The chairwoman was Mrs. Penman, the speakers were Mrs. Howland and Mrs. Hunter, while Mrs. Benedict presided at the organ. Mrs. Howland delivered an excellent address on the great good that would come by the introduction of Prohibition, and showed up the evils of strong drink. Mrs. Hunter told of the origin of the Referendum, and the remainder of her remarks being a strong endorsement of the previous speaker. Both the speakers were given a splendid hearing and there was frequent outbursts of applause. The popular priest of the parish, Father St. John, was present also Dr. and Mrs. Richards. The ladies speak highly of the kindly manner in which they were received by Father St. John and the very valuable assistance he rendered in making their visit a pleasant one, along with the friendly feeling displayed by the people. They also wish to thank Mr. Lester for providing the means of conveyance. To-night another rally will be held at Brookfield.

Presented With New Bell

A lady of the East End who, no doubt, is much interested in Mount Carmel Cemetery and has watched the work that is and has been accomplished there in the past number of years by the gentlemen in charge, only a few days ago presented them with a suitable bell for the Mortuary Chapel. This is a very generous act on this lady's part, not to speak of the thoughtfulness of such. The weight of the bell is 80 lbs, 22 inches in diameter, manufactured by the American Bell Co. and purchased from the firm of J. H. Martin & Co. The Committee will be pleased to receive donations, big or small towards erection of Secton's Home, now being built by Contractor Walsh. The cemetery is now clear of all debts contracted, and no less than \$5000 has been spent in improvements on it the past few years, while now a new house for the sexton to cost about \$1200 is being erected. The energetic committee in charge of the cemetery has done splendid work which the Catholic people of St. John's must highly appreciate.

Banker From The French Shore

The banker "John McRae," Capt. J. Forsey, arrived here this forenoon from the French Shore with 200 qtls. cod. She fished at St. Julien's the past month and found cod scarce and no squid bait. The vessel left there Friday last, and Sunday and Monday they had terrible weather with a hurricane of wind and a terrible sea, so that she was compelled to lay to most of the time. Her job was torn in pieces and other damage done. She has 1000 qtls. to date and will have two more settings on St. Pierre Bank before giving up the voyage. The schr. "Irma Bentley," 34 days from Preston, England, in ballast, for orders around here this morning. She had terrible weather on the coast the past few days. Despite the falling off of the cane industry, this year's corn crop will bring the maple sugar yield up to the average.

PERSONAL

The man Chancy, charged with arson, committed Saturday evening last, was further remanded by Judge Hutchings. Capt. Jas. Gosse of the Customs service who had been ill for some time and underwent a serious operation, is we are glad to notice able to be about again and will soon be as robust in health as ever. Mr. Frank Rendell, wife and son, who had been in Toronto, where they placed one of their boys at College, will return here by the Florizel to-morrow.

PROHIBITION MEETING

A MEETING is being held in the Board of Trade Rooms at 8 p.m. this evening to arrange formation of a St. John's Committee for the Prohibition Campaign. All interested are invited to be present.

WEDDING BELLS

On 3.30 p.m. Saturday, Sept. 25th, a quite wedding took place in the C. of E. Cathedral, when Capt. John White of Jersey Hr., once master of the Tobaccie, now mate of the Hellen Stewart, was united in Holy Matrimony to Miss Elsie Pike of Channel, daughter of Capt. John H. Pike. The bride looked splendid in her suit of blue. She was given away by Captain Churchill, of the schooner Success. The bridegroom was supported by Mr. Norman Boyce, cousin of the bride who is attending Bishop Field College, and E. B. Cheeseman, Lucans. The ceremony was performed by Rev. Canon White, Rector of that parish. After the ceremony the parties drove back to Mrs. Lacans, on Layon's Street, where a very enjoyable afternoon was spent. After supper very nice music and singing were rendered and a dance was enjoyed at the last. The bride was the recipient of many valuable presents. Before closing everybody wished them a very happy future in which The Mail and Advocate joins.—Com.

Station Blown Down

We learn from people who arrived from that section yesterday that the railway station at Long Hr. in the terrific storm which occurred in that section Monday afternoon was blown down. Such force did the hurricane reach there that the station, a building of goodly size, rolled over and over and was shifted 50 yards from its original site. It is reckoned that the wind blew there at the rate of 90 miles an hour.

Ran Under Bare Poles

The barqtn. Clutha, Capt. Moore, arrived here this forenoon at Crosbie & Co., in ballast, after a run of 34 days from Pernambuco. To The Mail and Advocate to-day Capt. Moore said that the past 3 weeks have been very stormy but never before did he experience such weather as that which the vessel came through on Friday, Saturday, Sunday and Monday. The wind blew a hurricane with a sea which literally ran mountains high and the vessel was compelled to scud before it under bare poles. Despite the lack of canvas, so fierce was the wind, that the foremast was sprung. This weather occurred while she was in the Gulf and a less substantial vessel would hardly have survived it. However captain and crew are well but are glad to be out of it all and safe on "terra firma."

The following schooners arrived yesterday at Wesleyville from Labrador: Nina M., 800 qtls.; Glencoe, 50; Challenge, 200; Lapwing, 120; Columbine, 300; Reciprocity, 200; Nowey B., 120; Occident, 400; Resolute, 300; Little Jem, 80; Sentinel, 200; Marconi, 100; Sylph, 100; Mary Jane, 130; Romeo, 150; Lady Andry, 200; Little Bandit, 150.

A Mean Theft

A couple of morning's ago, just before daylight, an old watchman, who was looking after a cut near Prescott Street, had occasion to leave it for a few moments. While he was away, some mean sneak thief stole two new lanterns worth about \$2, which the watchman of course must make good. This is about the meanest bit of petty thefting we have yet heard of. The S. S. Portia left Curling at 9.20 last night going West.

Dr. Carolyn Geisel, accompanied by her Secretary, will arrive here to-morrow on the S.S. Florizel. This distinguished lady is one of the foremost physicians and surgeons of the United-States and will lecture here on health, the means of attaining and preserving it, and no more competent person could be heard by our people on such an important subject. She is a lady of splendid attainments, is an undisputed authority on health matters and is considered to be one of the most brilliant of American platform speakers. She will likely lecture to-morrow night and many leading citizens will be on the platform. A treat is in store for the public.

New Austrian Ambassador

Budapest, Hungary, Sept. 23, via London.—A Vienna despatch says the government will not await the arrival of Dr. Constantin Dumba from the United States before appointing his successor. The new ambassador will be named at once. The despatch says that Kajetan Von Marczynski, former Austro-Hungarian ambassador at Rome, has been selected for this place. The S. S. OUR THEATRES

ROSSLEY'S EAST END. An audience that well filled the theatre last night enjoyed an evening's entertainment unamously acclaimed as the best that has ever been in St. John's. The great picture, featuring the world-known French actress, Sarah Bernhardt, commanded universal praise and every scene was followed with breathless interest. No picture ever exhibited has engaged the attention of our people so much as the marvelous production. No time should be wasted in witnessing this great film. The other pictures are of interest and are well worth seeing. The musicale was greeted with tumultuous applause. Mr. Ian MacKenzie, the great Scottish baritone, in his entertainment of a Scottish song and story held the stage for more than half an hour, and it may be said that he held his audience. His humorous stories and magnificent rendition of the grand old Scot songs roused the audience to the pitch of enthusiasm, and St. John's theatre goers are now beginning to know of the great singer they have in their midst. Miss Rix Guerin got a great reception for her sweet singing; and Mr. Wm. Wallace more than maintains the great reputation he has made in this city. On Friday evening the second competition will take place and intending patrons should keep this date open.

THE CRESCENT

The Crescent Picture Palace to-day presents to its many patrons a very excellent programme, in fact one of the most entertaining, instructive, interesting and amusing ever shown in St. John's. In gripping dramatic interest the pictures "By a Strange Road," "The Lie" and "From the Shadow" are of a character which will repay patrons of the theatre to behold. "Who Goes There?" is an Edison comedy, full of the most ludicrous situations and none should miss it. Excellent music and other features make up a most pleasant bill.

THE NICKEL

To mystery is solved. Hundreds of our readers wondered what "The Trey o' Hearts" which appeared in the News of late, meant. It is the greatest movie picture ever produced, and it will begin at the Nickel theatre shortly. This story made Louis Joseph Vance famous, and the ablest critics have pronounced it one of the best stories ever written. It is a wonderful book, and has been read by thousands. It will appear shortly, of which due notice will be given. The programme this evening is a specially good one, and will start at 7 o'clock sharp. "The Million Dollar Mystery" will be continued. It is highly sensational to-day, as it shows the underground river. There will also be a news pictorial, a beautiful social drama in which Irene Hunt is featured, and a classical comedy. "The Harmony Boys," Messrs Huskins and Cairns, will give a couple of their popular songs, and the orchestra has a pleasing programme of high class music. Patrons should remember that the evening performance begins at 7 o'clock sharp; the doors will open at 6.45.

Had Her Sails Torn

The schr. "Passport," Capt. W. Carrol, arrived here from Bonne Esperance, Sunday fish-laden for Job Bros. & Co. She had terrible weather on the run up, storm succeeding storm, and was compelled to shelter at Red Bay and St. Anthony out of the weather. She left St. Anthony Friday morning and had to run all the way to port under close-reefed canvas. Her jib and main sail were torn almost into shreds. The weather was too stormy for the men to get out on the grounds fishing. The vessel goes down later to Emily Hr. Labrador to load fish for Halifax.

Lying In a Stupor From Liquor

It was a fortunate thing for a man last night that Const. Forsey of the West End went down in Steer's Cove. In the darkness down near the railing of the breast he found a man lying in a stupor from liquor. He was saturated with the rain that fell and had to be temporarily aroused or he would have rolled overboard. A citizen who knew the man took him home.

WOUNDED RUSSIANS KILLED BY GERMANS

Petrograd, Sept. 24.—In the first detailed account of the fight for the great Russian stronghold, Novo Georgievsk, published to-day in the Russkaya Stove, it is stated that when the German Emperor heard that the defenders had decided to remain in the very heart of the German positions, resolved to fight to the last shell their one thought being to attract as many Germans as possible and make them pay a heavy price for their success, he was seized with unquenchable fury. Captured Germans were asked why their men killed Russian wounded. "We were ordered not to leave behind us a single living Russian," was their reply. Some of them stated that the garrison of Novo Georgievsk be buried under the wall of the fortress.

During the assault on the stronghold, the paper further declares, the Germans always came on in close formation, although they were within a mile of the guns of the fortress. The description continues: "Into the middle of this mass of humanity we pumped our shells, which burst and converted who companies into mere fragments of flesh and bone. Our observers, who watched the German attacks, said the field resembled a vast mottchen-fer which was being beaten by a stick in a fierce wind.

"With each explosion a cloud of human remains rose into the air. Even the iron discipline of the Germans shrank from the ordeal of attacking in such a hurricane of fire, and at Novo Georgievsk advancing troops were made drunk before ordered to go forward.

"Not a single German who was captured during the assaults, which were beaten back, was found to be sober." Counterfeiting Mexican money looks very much like an attempt to paint the lemon yellow.

Boston is elated over finding Theodore's last lead pencil, but finding a Bostonian who can wield it as well as the maker will be a harder task.
