

## BY-LAW

No. ....

A By-law to authorize aid by the City of Chatham for the promotion of a sugar beet factory in the said city for the manufacture of sugar from sugar beets and to provide for the issue of debentures of the said city to the amount of \$75,000.00, and to raise the sum required therefor.

Provisionally adopted the 7th day of May, A. D. 1906.

Finally passed.....

WHEREAS it is proposed by The Keystone Sugar Company, Limited, of Toronto, to erect, build, equip and operate a sugar factory and plant for the manufacture of sugar from sugar beets together with a modern and effective pulp drier or other means of consuming all pulp not promptly removed by farmers or otherwise in the said City of Chatham.

AND WHEREAS The Keystone Sugar Company, Limited, has applied to the Municipal Council of the City of Chatham to grant aid for the promotion of such manufacture.

AND WHEREAS the said Council is desirous of granting aid for the promotion of such manufacture by way of a loan of \$75,000.00 to the said Company to be advanced upon the completion of the building and equipment of the said factory, including the said pulp drier or other means of consuming all pulp not promptly removed by farmers or otherwise and forthwith after the beginning of operations in such factory completed as aforesaid as hereinafter provided (to be repaid in ten equal annual instalments of principal together with interest on the unpaid principal payable annually which shall be computed at three per centum per annum and exemption from taxation, other than school taxes and frontage rates on the premises of all the property occupied by and used in connection with the said factory in the City of Chatham or which shall hereafter be incorporated in the City of Chatham or the business carried on therein for a fixed rate of assessment for school purposes of \$75,000.00 for the period of ten years from and after the first day of January, 1907; provided, always, however, that no such debentures shall be issued or sold nor shall any money be paid or advanced until the lands upon which the said factory shall have been erected shall have been by proper authority annexed to the Corporation of the City of Chatham, upon the following terms and conditions:—

1. THAT the said Company shall and will purchase and own a site for and build and equip in or adjoining the City of Chatham during the years 1906 and 1907, and so that the same shall be completed and ready for operation on or before the first day of January, 1907, a factory for the manufacture of beet root sugar, such factory being capable of using and converting into sugar at least 600 tons of sugar beets per day.

2. THAT in case the site for the said factory is not within the limits of the Corporation of the City of Chatham, the Company shall assist the Corporation in having the said lands purchased by it for a site as aforesaid annexed to the Corporation of the City of Chatham.

3. THE Company shall give the preference to residents of the said City of Chatham.

4. THE Company shall pay the men employed by them in the said factory in cash at least fortnightly.

5. THE Company shall not engage, directly or indirectly, any merchants in the Townships of Chatham, Dover, Raleigh or Harwich so as to come into competition with the merchants of the said City of Chatham.

6. THE Company shall put in and establish in connection with the said factory a pulp drier or other means of consuming all pulp not promptly removed by farmers or otherwise and shall so conduct its business as not to create any nuisance either to residents now or who may hereafter be located or reside upon adjoining property or to persons using the river as a highway for boating and shall in addition to all other liability of the Company, whether statutory or otherwise, be liable to the Corporation in the sum of \$50.00 per day as liquidated damages for each and every day that such nuisance shall be continued upon their property after investigation and report by the local Board of Health and after thirty days notice from the Corporation to the Company to abate such nuisance.

7. THAT the said Company will expend in acquiring a site for the said factory and in building and equipping the same and other buildings and ware rooms in connection therewith not less than \$400,000.00 and shall be free from all encumbrances, liens and charges, a building and plant and going concern in operation with a capacity of at least 600 tons of beets per day (and so that the same will be able to handle 600 tons of beets regularly per day, if such beets are obtainable).

8. THAT the said Company shall properly maintain and operate the said factory for a period of ten years at least from the establishment thereof.

9. THAT the said Company shall mortgage its whole building, plant, land, appliances and going concern to a Trust Company or Trustee to secure bonds to the amount of \$200,000.00 payable in ten years and bearing interest at five per centum per annum payable half yearly.

10. AND WHEREAS the said Council is desirous of granting aid for the promotion of such manufacture by way of a loan of \$75,000.00 to the said Company to be advanced upon the completion of the building and equipment of the said factory, including the said pulp drier or other means of consuming all pulp not promptly removed by farmers or otherwise and forthwith after the beginning of operations in such factory completed as aforesaid as hereinafter provided (to be repaid in ten equal annual instalments of principal together with interest on the unpaid principal payable annually which shall be computed at three per centum per annum and exemption from taxation, other than school taxes and frontage rates on the premises of all the property occupied by and used in connection with the said factory in the City of Chatham or which shall hereafter be incorporated in the City of Chatham or the business carried on therein for a fixed rate of assessment for school purposes of \$75,000.00 for the period of ten years from and after the first day of January, 1907; provided, always, however, that no such debentures shall be issued or sold nor shall any money be paid or advanced until the lands upon which the said factory shall have been erected shall have been by proper authority annexed to the Corporation of the City of Chatham, upon the following terms and conditions:—

10. AND THE Company shall deposit \$90,000.00 of the said bonds secured as aforesaid with the said Corporation as collateral security for the repayment of the said loan in ten equal annual consecutive instalments of \$7,500.00 each with interest at the rate of five per centum per annum, which three per centum per annum, which shall be paid to the said Corporation, and the said Company hereby covenants, promises and agrees shall be promptly and punctually made on the first day of March and September in each and every year until the entire principal sum and interest are repaid and satisfied, the first of such payments of interest to become due and payable on the first day of March, 1908, and the first of such payments of principal on the first day of September, 1908, and upon the payment of each instalment of principal bonds shall be returned to the Company pro rata.

11. THAT should the said Company fail or omit to perform or comply with any of the terms and conditions above set forth at any time or times during the term of the said mortgage and loan or should the said factory and plant cease to be maintained and operated within the true intent and meaning of this agreement and the By-law of the City for a continuous period of one year by reason of want of ability to purchase beets or for any avoidable or inevitable accident, the said principal sum of \$75,000.00 and interest accrued or so much thereof as may be unpaid at the time or times of the failure of performance shall, upon demand in writing being made therefor by or on behalf of the said Corporation or Council at any time or times thereafter specifying the non-performance, become immediately due and payable by the said Company and shall be repaid by the said Company or Council on or before the day or days specified in the demand or on any other day or days thereafter specified in the demand or on any other day or days thereafter specified in the demand.

AND WHEREAS it is desired to authorize the entering into an agreement with the said Company, providing for the giving of the said aid upon the terms and conditions above set forth.

AND WHEREAS in order to carry out such agreement on the part of the said Corporation it will be necessary to issue debentures of the said Corporation for the sum of \$75,000.00 as hereinafter provided (which is the debt intended to be created by this By-law), the proceeds of the said debentures shall be applied to the purpose aforesaid and no other.

AND WHEREAS it is desirable to issue the said debentures at one time and to make the principal of the said debt repayable by yearly sums during the period of ten years, being the currency of the said debentures; and that yearly sums being of such nature and amount that the aggregate amount payable in each year for principal and interest in respect of said debt shall be as nearly as possible equal to the amount so payable in each of the other nine years of said period.

AND WHEREAS the total amount to be raised annually by special rate for paying the said debt and interest as hereinafter provided is \$2,468.82.

AND WHEREAS the amount of the whole rateable property of the City of Chatham, according to the last revised assessment roll thereof, is \$4,510,180.

AND WHEREAS the amount of the existing debt of the said Corporation is \$499,525.91, (exclusive of local improvement rates or special tax rates and assessments), no part whereof is in arrear.

THEREFORE, the Municipal Council of the Corporation of the City of Chatham enacts as follows:—

1. THE Municipal Council of the said City shall grant aid for the promotion of the said manufacture of the nature and kind and upon the terms and conditions hereinafter set forth, and upon such other conditions as said Council may deem best, and the Mayor and Clerk of the said Corporation, are hereby authorized to execute an agreement on the part of the said Corporation binding the Corporation upon the said terms and conditions to give such aid.

2. THAT for the purpose of raising the said sum of \$75,000 debentures of the said Corporation to the amount of \$75,000.00 as aforesaid, in sums of not less than \$100.00 each may be issued on the 5th day of September, 1907, each of which debentures shall be dated on the date of issue thereof, and shall be payable within ten years thereafter at the Standard Bank of Canada in the said City of Chatham.

3. EACH of the said debentures shall be signed by the Mayor of the said City of Chatham or by some other person authorized by-law to sign the same, and by the Treasurer thereof of the said City of Chatham, and the Clerk shall attach thereto the Corporate Seal of the said Corporation.

4. THE said debentures shall bear interest at the rate of four per centum per annum, payable yearly, and shall be payable in such amounts and at such times that the aggregate amount payable in respect of the debt shall be equal as nearly as may be to what is payable for principal and interest during each of the other nine years of said period.

5. DURING the currency of said debentures, there shall be paid annually by special rate on the rateable property in the said City of Chatham, the sum of \$2,468.82, for the purpose of paying the amount due in each of the said years for principal and interest in respect of the said debt.

6. THIS By-law shall take effect on the final passing thereof.

7. THE votes of the electors of the said City of Chatham shall be taken on this By-law at the following times and places, that is to say, on Thursday, the 31st day of May next, commencing at the hour of nine o'clock in the forenoon and continuing till five o'clock in the afternoon of the same day, by the following Deputy Returning Officers:—

Losses Aggregate a Million and a Half.

Boston, May 15.—Ferdinand E. Borges, formerly of Indianapolis, and an alleged promoter of the Ubers Plantation Co., was placed on trial yesterday on an indictment of 125 counts, charging larceny in which the complainant alleges losses aggregating \$1,500,000. Thousands of persons were affected by the collapse of the company. William D. Owen, a former congressman and former Secretary of State for Indiana, who was alleged to have been associated with Borges was reported by the Grand Jury.

For California's Relief.

Washington, D.C., May 15.—The Red Cross receipts up to date for the relief of California earthquake sufferers aggregate \$2,125,000. Money is still reaching the treasurer at the rate of several thousands a day. There is about \$1,700,000 on hand unexpended. The secretary of the Chinese Legation has added \$30,000 to his original contribution of \$10,000 from individuals in China.

CHAMBERLAIN'S COUGH REMEDY THE VERY BEST.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best. It will cure the most stubborn cough in less than five days. It is a household remedy. It should always be kept in the house ready for instant use. For a cold can be cured in much less time when promptly treated. For sale by all druggists.

Haultain's Office Burned.

Regina, May 15.—Damage estimated at \$25,000 was done Sunday, when the premises of the Western Hardware Co., with the offices of Haultain & Co., Clark & Sebolt, and J. H. Boyle & Co., above, were almost entirely destroyed by fire. The ex-Premier's library was damaged.

A GOOD SUGGESTION.

Mr. C. B. Wainwright, of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera, and Diarrhoea Remedy in cases of cholera morbus by taking it in water as hot as can be drunk. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by all druggists.

Powder Magazines Explode.

Bridgeport, Conn., May 15.—The explosion of four magazines located on Success Hill, in the northern section of Bridgeport, early yesterday shook up this section as if by an earthquake, but, remarkable as it may seem, no person is thought to have been injured and the property damage is chiefly limited to the destruction of windows in houses and business buildings in the city and suburban towns.

NERVOUSNESS A CALAMITY.

Many who don't realize what lies beyond, treat an attack of the "nerves" with information. Others consider it will soon pass away. But in every case nervousness is a calamity. Only one remedy will cure—Ferrozine—a nerve strengthener that acts through the blood. First it gives you appetite—you eat plenty. This fills the blood with nourishment for the inner nerve cells. Energy and strength is instilled into every part of the system. You get well—keep well—nervousness forever departs because you've taken Ferrozine. Price 50c. per box of fifty tablets at all dealers.

## DRESS ACCESSORIES.

Some Dainty Washable Embroidered Belts For the Summer Girl.

Here are two pretty styles in embroidered washable belts, which are the most practical as well as the most popular belts for wear with the shirt waist suit.

Both of these belts are finished with mother-of-pearl buckles and so constructed that they may be removed from the buckle and laundered without the slightest difficulty.

Fig. 2 shows a pretty stock of embroidered linen, with bands of pale blue ribbon brought from the back and passing through a small pearl buckle at the front. The ends, hanging below the buckle, are each run through a still smaller buckle.

Fig. 3 shows a new "hunch" for the ever popular turnover collar. Many

THE LATEST STYLES IN BELTS.

people who like to wear a small turnover collar with a ribbon tie will not do so because, as they say, "it takes so much fussing to get it fixed."

For the benefit of people like this there is shown a turnover with buttonhole in the back, to be fastened over a small button on the collar band of the waist, and in the front is a soft ribbon bow securely fastened to the turnover.

The fourth cut shows one of the "arm garters" for holding in place the long sleeves of silk or kid. This "arm garter" is essentially a summer one, being made with dainty lace frills on either side of the silk covered elastic band which holds the glove.

The Way to Rest.

Few women know how to rest as they should. They think that they must undress and go to bed to be thoroughly comfortable. This is a mistake, provided there is a little footstool in the room on which the feet may rest while the other part of the body is supported by a chair. You can read and rest comfortably in this fashion, and let it be whispered here between ourselves that if we want to gain the maximum of rest in a minimum of time we should copy that in elegant but healthful truce of the masculine and put our feet occasionally higher than our heads.

To Use Cold Meat.

What to do with cold roast meats is often a problem. Cold lamb is excellent when served in aspic jelly. Make the jelly—er buy it, which is easier and nearly as good every way—and pour a little in the bottom of a mold. Cut the lamb in thin slices of uniform size and trim them neatly. When the layer of jelly is hard arrange the slices with layers of jelly and pour jelly in last of all. When the dish is quite firm unroll and decorate with small olives, truffles, capers or pimientos and garnish with water cress.

An Indoor Frolic.

The trend of fashion for some time has been toward a suggestion of a pin-affect. There is a strong feeling against the sudden contrast between skirt and bodice and a growing disposition to offer some connective link between the two. The connective link proper which has found so many and devoted admirers does in itself achieve this result in a slight degree, but it has been reserved for the new princess jumps to exemplify the mode in its entirety.

Quite one of the smartest of these ultra smart skirts is shown here. The

THE NEW PRINCESS CORSELET.

corselet in it is carried up right over the shoulders in the form of shoulder straps or braces, which, however, form an integral part of the skirt itself and in no wise suggest mere additions. The corselet is cut rather low in front and slopes upward slightly toward the underarm seams, maintaining practically the same height around the back where the braces meet rather nearer to the center than in front. The skirt portion is quite plain and characterized by a particularly graceful flow, while the very full length all round, now distinct.

There is a lot of sentiment in the squeeze of a hand by the right person.

## SURPRISE SOAP

Many Cattle Cremated.

Watertown, N. Y., May 15.—Nearly 10,000 damage was done by the terrific electric storm which visited this section Saturday night, and a total of 51 head of cattle were cremated. Several barns were burned.

ARE YOU COSTIVE?

If you knew how bad for health constipation is you would be more careful. Irregular bowels cause appendicitis, jaundice, anemia and a thousand other diseases too. Sooner or later it will bring you to a sick bed. The use of Dr. Hamilton's Pills changes all this quickly. They are made to cure constipation in one night, and always do so. By taking Dr. Hamilton's Pills you are sure of a keen appetite, splendid color, jovial spirits and sound, restful sleep. Gentle in action; good for men, women or children. 25c. per box, or five for \$1.00. At all dealers in medicine.

Sentenced to Two Years.

Bellefleur, May 15.—Patrick Lawlor of Toronto was on trial here yesterday before Judge Deroche, charged with complicity in a burglary at Shannonville on March 17. The judge found Lawlor guilty and sentenced him to two years in the penitentiary.

SPRAINED HER ANKLE.

"I slipped on an icy step and sprained my right ankle very badly," writes Miss Minnie Burgoine, of Newkirk. It swelled to a tremendous size and caused intense pain. I applied Polson's Nervine and found prompt relief; the swelling was reduced and before long was able to use my foot." For sprains, swellings and muscular pains Nervine is the one sure remedy. Strong, penetrating, swift to destroy pain—that's Polson's Nervine. Fifty years in use.

Strikers Demolish School.

Toulon, France, May 15.—A partial resumption of work in the building trades caused the strikers here yesterday to resort to violence. They demolished a school house in course of construction and injured a number of non-strikers. Repeated cavalry charges were necessary before the rioters dispersed.

BE DONE WITH CATARRH!

Why allow this filthy disease to poison your system? It drains your strength, ruins digestion, pollutes the breath, makes you repulsive. The one certain cure is "Catarrhose." It cures because it destroys the cause of the disease, cures thoroughly because it goes wherever the catarrh is, cures every case because its vapor destroys the catarrh germs instantly. To get well and stay free from catarrh get Catarrhose and use it; satisfaction guaranteed.

Conceit is worked to the full by those who pretend to have but little of it.

"More haste, less speed," and "hasten slowly," are proverbs born of experience that some things can't be hurried without loss and waste. That is especially true of eating. The railway lunch habit, "five minutes for refreshments," is a habit most disastrous to the health. You may hurry your eating, and the neglect to allow proper time for this important function is the beginning of sorrows to many a busy man. When the tongue is foul, the head aches, when there are sour or bitter risings, undue fullness after eating, hot flushes, irritability, nervousness, irregularity, cold extremities, and other annoying symptoms, be sure the stomach and organs of digestion and nutrition have "broken down." Nothing will re-establish them in active, healthy operation so quickly as Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, nourishes the nerves, purifies the blood, and builds up the body. It is a strictly temperance medicine containing no alcohol or other intoxicant.
