AMOR'S ESSINER OF CONTIVER OIL:

Oh, we had the loveleist arrangements of the benefits my family have received from using Amor's Essence of Cod Liver Oil. Last winter three of my children had a severe attack of bronchial trouble, and hearing of I shouldn't call that earning it Amor's Essence, we decided to give yourself by hard work.' bronchial troable, and hearing of Anon's Essance, we decided to give it a trial. We purchased a dollar bottle, and hefore half of it had been used the children were greatly rejeved, and after the second bottle they were quite recovered. We keep on giving it to them, however, for some time as we found it made them more robust, and, unlike most of codiver oil preparations, they did not refuse to take it, as the taste was no completely disguised. I can recommend Auo.'s Essence for all kinds of coughs and colds. I never fail to take a dose of it myself before slinging, as I find it strengteens the throat. Yours very truly, (Signed) W. E. The greatest cataract in the world is not Niagara, nor the Victoria Falls of the Zambesi; but the falls of the Iguaza; lately discovered in South America. The fall is said to be gover two hundred feet high, and more than twice as wide as Niagara; and of immense volume and ind scribable grandeur in the rainy seasons. Because it is in the leart of an almost impenetrable forest, it has remained so long unknown.

The greatest cataract in the world is more stated by the form of a certain tree Irom which rubber can be made have been discovered in the internor of Brazil. The product is said to be equal in quality to the best Brazilian rubber. The tree which furnishes the ordinary rubber of commerce, but has been hitherto but little used as a source of supply.
