## SUGGESTED CHANGE IN AMATEUR HOCKEY

Quebec Association May Be  
come Association of Clubs  
and Not Leagues.

Montreal, Oct. 29.—With the majority of the hockey clubs preparing for the winter campaign, there is a great deal of discussion over the suggested amendments to the constitution of the Quebec Amateur Hockey Association, under which the association would become an association of clubs and not leagues as formerly.

It is the idea of those interested in senior hockey in the province to strengthen the clubs and make the teams better able to compete against the teams of Ontario in the Allan Cup fixtures. In the past few years the Quebec representatives have made a sorry showing in Allan Cup eliminations, and with this in mind there is a movement to reduce the number of senior leagues and clubs in the province to strengthen the others.

The Ontario Hockey Association is an association of clubs, the players being graded by the executive committee and placed in districts most convenient to their home town. There are only five senior amateur teams in the province of Ontario, and any one of them would, no doubt, defeat the pick of Quebec's seniors. In fact this has already been proven in exhibition matches played here.

Should the amendment carry at a special meeting of the Quebec Association there will not likely be more than six clubs in the province, with at least three of them in Montreal. The other players would be graded as intermediates and placed in districts. This would not interfere with the formations of the leagues of last season, but they would be classified as seniors or intermediates according to the ranking committee.

The juniors would also be graded with an age limit as in the O. H. A., and the western associations. Such an arrangement would be in the opinion of the many of the old-timers at hockey in this province, give renewed life to the sport. The intermediates teams in Ontario are almost the equal of the seniors and several men who have joined the professional teams from intermediates of the O. H. A. have made good. More than the outstanding player in the N. H. L. last season. He came from the Stratford intermediate club.

The suggested change is being given great consideration by delegates who will attend the meeting of the Quebec association when it is held, and by the officers of the association. Others who are interested in the welfare of amateur hockey are making efforts to bring about the change, and in turn suggest that the ranking committee be composed of men who are not directly or indirectly with any senior club. This, no doubt, would be a fair way to select and rank the three divisions of players.

## KINGS COUNTY P. B. A. A. FORMED

To Control All Inter-School  
Athletic Competitions  
and Sports.

Sussex, Oct. 30.—The Kings County Public School Athletic Association was organized at a meeting held last evening in the Grammar school here. The association is to have control of all inter-school contests in football, basketball, hockey and track sports and generally to develop an interest in clean manly sports.

The officers elected were as follows: President, J. C. Mills, of Sussex; secretary, A. J. Sollow, Hampton. It was decided that the executive should consist of one teacher from each school staff and two students from each school and one representative from each athletic association in the county, which is backing junior sports.

The proposal to affiliate with the M. P. B. A. U. of C. was defeated by a vote of seven to six. Rothesay and Sussex were in favor of the affiliation and Hampton and Kingston were opposed. The question of an age limit was left over till the January meeting and the following committee were appointed to draw up by-laws and report to the January meeting: C. J. Mills, A. J. Sollows, Principal N. S. Fraser of Sussex Grammar school.

## RING CHALLENGERS FIGHT TITLE PLANS

Object to State Body's Ruling  
at Featherweight and  
Lightweight Tryouts.

New York, Oct. 29.—The proposed elimination tournaments to develop a world's featherweight champion to succeed Johnny Dundee and a lightweight worthy of recognition as the foremost rival for the inactive Benny Leonard have met an obstacle before they have really been arranged. This was shown when strenuous objection was made to plans for the tournament, which, as outlined by the State Athletic Commission, specify that those entering the eliminations agree to waive all existing contractual relations with respect to bouts.

This rule would cause an abandonment of the featherweight battle between Danny Kramer, Philadelphia's southpaw, and Louis (Kid) Kaplan, of Meriden, Conn., whose persistent challenges were partly if not completely, responsible for Dundee's decision to forfeit the class title on the ground that he no longer could make the featherweight poundage. It would also abrogate the contracts signed for the lightweight bout in which Sid Terrell, East Side youngster, who is regarded as the most formidable successor to Leonard as champion, is scheduled to face Luis Vincentini, Chilean, on Nov. 26.

Both these contests have been arranged by Promoter Tex Rickard for Madison Square Garden, and each looms as an important battle attraction. Jack Bernstein, promoter of lightweight, and Sammy Mandell, of Rockford, Ill., who are included by many in the list of eligibles for the class title have been scheduled for Madison Square Garden on Nov. 7, and this match also would be affected by the rule if Bernstein should enter the elimination tests.

## CANADIENS SIGN NEW GOALKEEPER

Decosse, of Ottawa, to Under-  
study Veteran Vezina on  
Champion Hockey Team.

Montreal, Oct. 29.—Eugene Decosse, formerly a goalkeeper in the Ottawa City Amateur Hockey League, has been signed by Leo Dandurand, of the Canadiens, professional hockey champions of the world, and will report to the club when training is started at Grimsby on November 16th.

Decosse is a brilliant young goalie who was much sought by the Ottawa Senators two seasons ago. Should he satisfy the management of the Stanley Cup holders he will be carried by the club to work along with Georges Vezina, veteran net custodian.

The signing of Decosse is apparently a move on the part of Dandurand to locate a young goalkeeper of merit whom he can season along so that when the veteran Vezina decides that he has had enough hockey, the young player will be experienced enough in the pro game to warrant him taking over full responsibility as the regular net guardian.

A yearling trotter has shown a half in 1.13 1/4 this fall out in California. The unusual feature of the exhibition, which was over a twice around course, was the fact that the youngster trotted without shoes.
