The accounts of the last and the estimates for the ensuing year will be laid before you. The estimates will, I trust, be found to have been prepared with due regard to economy and the efficiency of the public service. It will be satisfactory to you to know that the existing tariff has not only promoted the manufactures and products of the country but has so far increased the revenues of the Dominion as to place it beyond doubt that the receipts of the current fiscal year will be in excess of the expenditure chargeable to Consolidated revenue. Hon. Genilemen of the Senate:

Gentlemen of the House of Commons: Several measures of importance will be submitted to you. Among them will be bills for the winding up of Insovent Banks and Incorporated Companies, for the amendment of the Railway Act of 1879, for the revision and copsolidation of the laws valeting to of the Railway Act of 1879, for the revision and consolidation of the laws relating to Government Railways, and for improvement in several respects of the criminal law. I am pleased to be able to inform you that there are now good hopes of our being able to place the naturalization of German settlers on a more satisfactory footing. A measure will be submitted with all the papers connected with the matter for your consideration. Your best attention will, I am sure, be

given to the subjects I have mentioned, as well as everything that affects the well being and good government of the Dominion. After the members had returned to the Commons the Speaker announced the appointment of Mr. Bourinot as Clerk of the House, in the room of Mr. Patrick, who had been superannumbers alected during the specific of the consequences of using this standard preparation, which both time and experience have demonstrated to be fully worthy of the confidence reposed in it. Pure Blood makes sound flesh, strong bone and a clear skin. If you would have your flesh firm, your bones sound, and your complexion fair use GOLDEN ELIXIR.

Golden Elixir is the greatest blood purifier in medicine. It acts through the bowels, liver and skin. It absorbs poisons that float in the blood and purges them from the system. To combat the tendency to premature decline, no remedy in the world possesses the nourishing and strengthening properties of Golden Elixir. It enriches the blood, perfects digestion, stimulates the liver and kidneys, purifies and vitalizes every function and

process of the system.

We assert that there is no known remedy that possesses the curative power over diseases that Golden Elixir furnishes. It cures step by step surely from the foundation, and restores the injured parts to their sound condition. The wastes of the body are stopped and healthy blood is supplied to the system from which new material is formed.

If those who are taking Golden Elixir for the cure of Chronic, Scrotuleus, or Syphilitic diseases, however slow may be the cure, "feel better" and find their general health improving, their flesh or weight increasing, or even keeping its own, it is a sure sign that the cure is progressing. In these diseases the patient either grows better or worse, the virus of the disease is not inactive; if not arrested and driven from the blood, it will spread and continue to undermine the constitution. As soon as Golden Elixir makes the patient "feel better," every hour you will grow better and increase in health strength and flesh.

Golden Elixir acts directly on the blood, jvitalizing and enriching it to a surprising degree, building up the system and throwing off the germs of disease. It thoroughly reruits the general bodily health and restores the nervous system to a proper healthy con-
