

WEATHER PERILS

may be defied if you use Peps. As a Peps tablet is dissolved in the mouth, powerful medicinal forces are released in the form of healing fumes. These are inhaled with the breath and come into direct contact with the bronchial tubes and lungs in a way that medicine swallowed into the stomach cannot possibly do. By this direct action, Peps not only strengthens and protect any weak spot in chest or throat, but give immediate relief to those suffering from bronchitis, asthma, night cough, etc. All dealers or Peps Co., Toronto, 50c. box, 3 for \$1.25.

Discovery Of Gold Near Centreville

Three prospecting licenses covering 147 mining areas on ground about two miles northeast of Centreville, Carleton County, were taken out Saturday morning at the Department of Lands and Mines. Those who took out the licenses are Charles Smith of Florenceville giving his occupation as miner, Dr. C. A. Kirkpatrick of Grand Falls, physician, and George H. Wheeler of Florenceville, contractor.

Mr. Smith informed the officials at the department office that he had found good samples of gold taken from quartz. The department officials also were shown a certificate from the office of Milton Hersey, Montreal, well-known as an assay office, which was to the effect that samples which had been forwarded to the office for assay were gold bearing and that one of the samples was quite rich.

Surveys by geologists and mineralogists have covered the Province of New Brunswick completely. All that they have stated in their numerous reports is that traces of gold have been found in Carleton and Victoria Counties but that the precious mineral never has appeared in quantities.

This application is the third which has been made comparatively recently for gold-mining licenses. One a few weeks ago was for areas in Shipagan Village. Prior to that there was an application for areas on Taxis River, York County. Recently a company composed of St. John men was incorporated to develop the Taxis River areas.

Returned With Radium

That it will no longer be necessary for any resident of the province to have to go to Toronto, Boston or New York for radium treatment, was a statement made by Hon. W. F. Roberts, M. D., Provincial Minister of Health, who arrived home after a trip to Boston, New York, Baltimore and Pittsburg. While in the States he took a post graduate course in radium treatment and also secured some, which he says will be sufficient for general use in this province.

SAID HE COULD NEVER BE WELL

"Fruit-a-tives" Restored Him to Health

159 AVENUE PIUS IX, MONTREAL

"For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine but I did not improve; and finally he told me that I could not be cured.

At this time, a friend advised me to try "Fruit-a-tives". After taking two boxes, I was greatly relieved; and this fruit medicine made me completely well. My digestion and general health are now splendid."

GASPARD DUBARD.

LONDON TIMES CAUTIOUSLY SUPPORTING BONAR LAW

London, Nov. 1.—The attitude of the Times in the present political juncture is interesting. It will be remembered that the proprietorship of the Times recently passed entirely out of the Harmsworth family and was regained largely by the family of the original owners, the Walter Family. Under the leadership of the late Lord Northcliffe the Times editorial views were very much like those of his other journals, the only real difference being that the Times affected a more gentlemanly tone.

One of Lloyd George's bitterest utterances in the House was when he stigmatized the Times as a three penny copy of the Daily Mail.

The latest ownership of the Times is palably endeavoring to recover the Times old position of quiet authority, without, however, the ponderosity which the Victorian era was considered essential to any "great daily."

In the present political pass the Times appears to possess somewhat the same mental attitude as Bonar Law of not knowing where the British are, although this probably proceeds from rather different causes. So far, the Times gives its cautious benediction to the new ministry and benediction to the new ministry and its unwillingness to deck out a programme with resounding or attractive promises. Today it gives its general benediction to the new ministry and nomenclature of the new ministers, who are "eminently respectable, and certainly not below the level of those in the late government" and proceeds to discuss the personalities which have been flying about between the cabinetiers who have gone out and those who have come in.

Sir Henry Thoruton is Delayed in Returning To Capital

A further delay in the return to Ottawa of Sir Henry Thornton, president of the new Canadian National Railways Board has been occasioned by the necessity of his attending the final meeting of the directors of the Great Eastern Railway in London about the middle of November. At that meeting the concluding steps in the amalgamation of that road with other English railways will be taken and as Sir Henry possesses an intimate knowledge of matters relating to that question, the Great Eastern board has requested him to attend the meeting. Consequently Sir Henry will not sail for Canada until the third week of November. He is expected to arrive here on or slightly before December 1.

MUST HAVE LOST HIS CUNNING

Name (from the office) — "Your husband flirts with the new stenographer dreadfully."

Madge (his ex-stenog.) — "Does he really? He used to be quite good at it."

Politics Chief Topic Discussed In Gloucester Co.

The appointment of Onesiphore Turgeon, M. P., of Gloucester, to the Senate is meeting with universal approval. All classes and creeds, irrespective of politics, voicing their satisfaction at the Government's choice. The political situation in the county is of more than passing interest. The Hon. P. J. Veniot is the logical successor to Mr. Turgeon, but the powers that be at Fredericton, would be most reluctant to lose his valuable support. The party has called a convention for the 16th inst. to meet at Caraquet. There are three or four names mentioned as possible candidates. The consensus of opinion however in nearly all the parishes, and in the shire town of Bathurst is that J. Andre Doucet, of Paquetville, will be selected as the standard bearer of the Liberal party by an almost unanimous vote of the convention. That is, of course, if the Honorable Minister of Public Works does not offer for nomination.
