N. B. Spruce Prices Tendency Upward

The quiet trading conditions ruling during January more or less during the month under review. The demand on the spot showed signs of expansion, and was reflected in the statistics. Arrivals were small, and exceeded in most instances by deliveries. Stocks taken all round are quite moderate, and with increased demand some varieties will soon require to be replenished. Values generally are steady.

New Brunswick and Nova Scotia Spruce and Pine Deals etc.—The import to this district (which includes the Manchester Canal) amounted to 600 Standards. The demand fair, and moderately steady resulting in 1,780 Standards passing into consumption, leaving 10,700 Standards in stock. This quantity may be considered reasonably low, and practically the same as this time last year. Prices continued firm with a tendency upwards, but without material alteration. Pine Deals, etc.—Small import, mostly going into consumption.

Birch—Logs—The import of 39,000 cubic feet came to Liverpool. Consumption rather disappointing, with the result stocks are increased to 39,000 cubic feet, which is excessive. Prices in the Manchester market are steady. Liverpool shows a decline. Plan s, etc.—Fairly substantial import, mostly to Liverpool. Consumption steady, but on balance stocks are increased. Values easier.

Labor Wants its
Members On
Public Boards

The New Brunswick Federation of Labor adopted a number of resolutions which had been introduced on Tuesday. One was to the effect that the Factory Act be re-drafted and placed under the administration of the Workmen's Compensation Act. Another was that the minimum rate of compensation for widows and orphans under the Compensation Act be \$30 and \$7.50 per month. The resolution to amend the Power Act so as to permit the City of St. John to sell current in St. John County was adopted. The same was done with a resolution for free school books and also for one to amend the act relating to City Government of the City of St. John so as to permit bond issues on a majority vote of the Common Council. Other resolutions are under consideration.

From Moncton a new resolution was introduced to the effect that Labor be given representation on school boards and similar public bodies to which the Provincial Government makes appointments.
