WIVES AND WIVES.

It is announced, as a girl is allowed to break her marriage-engagement unless her eyes have both tin legs.

The largest men are not always the most successful lovers, although with long wight and great sighs go for a great deal.

"Dear me!" disconsolately said a radish when it found itself in the pickle-dish. "Formerly I never was sour; but I haven't anything to stir with."

"I am afraid you will come to want," said an old lady to a young gentleman. "I have come to want already," was the reply. "I want your daughter."

A beautiful woman, if poor, should use double circumspection; for her beauty will tempt others, her poverty herself.—(Calvo.

Since time is not a person we can ever take when he is past, let us honor him with mirth and cheerfulness of heart while he is passing.—(Goethe.

Self-interest, that leprosy of the age attacks us from infancy, and we are startled to observe little heads calculate before knowing how to reflect.—(Madame de Girardin.

By virtue of the Deity thought renews itself inexhaustible every day, and the thing wherein it shines, though it were dust and sand, is a new subject with countless relations.—(Emerson.

A captain finding an Irish boy, during the middle watch, trying some ham and eggs he had stolen from the ship's stores, called out to him, "you lubber, you, I'll have none of that." "Faith, captain, I've none for ye," said the lad.

Recently the daughter of a German grocer in Rochester was married. Her father, with pride and a species of good humor, placed a placard on the window bearing the device—"This store is closed on account of some fun in the family."

It is easy enough to put up a store. You postpone the matter as long as possible and then suddenly remember that the walls need whitewashing. You send the whitewasher on, and if he does not fix the store before he gets through with the walls he is a dead man. And no whitewasher likes to be murdered.

"That seat is engaged," said a pretty young girl on the Colorado Central, "To whom?" "A young Gentleman," she said confidently. Then, where's his bargage, I pray?" Her rosy lips opened like rosebuds in spring; her face in deep blushes was dyed, as she muttered crossly, "You hateful old thing! why I'm his baggage!"

The following is pronounced a good cure for wounded horses:—Take the white of one egg, and as much lard as the bulk of the white of an egg, and beat them until it becomes a salve. It will take some time, as the two are hard to mix. When it is done, wash the shoulder in good soap and warm water. When perfectly clean, rub dry with a flannel cloth, then rub on the salve thoroughly. Then hold a hot iron over it two or three minutes.

PRESERVING EGGS.—A correspondent writes to the *Country Gentleman*: "Wells speaking of eggs, I should also have mentioned the old practice of packing them in salt, which is excellent. Another one says: 'I have tried the following receipt, which I never knew to fail: Take an ordinary sized box, put in one layer of dry salt, one of eggs, well greased with lard, putting the small end downward; cover well with salt, taking care not to let the eggs touch one another.'

Road dust should be gathered before the season closes. This is often the most convenient absorbent the farmer can command, and a few barrels of it will save a large amount of ammonia in the manure, the privy and the stable. Hens should have a large open box full of it under cover, where they may dust themselves at their pleasure. It is an excellent thing to have in the stable, and when saturated with urine, makes a valuable fertiliser. The finer of the dust, continually ground by the iron tires and horse shoes, is one cause of its favourable action upon crops. That gathered from a clay soil is best—indeed, and whether from the road or elsewhere, is of but little use as a deodorizer or absorbent.

EUROPEAN NEWS

The Queen in person presented medals on Thursday last to the marines and blue-jackets who specially distinguished themselves in the Ashantee campaign.

The Paris correspondent of the London Times of the eleventh instant gives the following details of settlement between China and Japan in the Formosan affair. The land is worth about $1.50 per acre.

The Chinese Government have paid the second of the indemnity to the Japanese in respect of the Formosa difficulty, and agree to keep the savages under control thereafter. The Japanese will evacuate the island.

From Venezuela states that the widow of ex-General Guzman Blanco had built out a church to make room for the statue in his own honour, and that $200,000 worth of concealed treasure was found in the foundation walls. She wants at once to place a premium on it.

Capt. Rose, of Fort Burwell Ont., we have been troubled with a cough, at times very severe, for years past. I have found Allen's Lung Balsam to be the only cough more readily than my cough medicine I have ever used it with the most prompt results.

President Serrano went North last week to initiate vigorous operations against the Carlists. The Spanish army will now number 200,000 men fully armed, while 40,000 more are waiting for arms which have been ordered in the United States. With such a large force it will be comparatively easy to put down the rebellion, but the trouble probably is want of enthusiasm, training and discipline, as well as the difficulty of reaching the Carlists in such a broken country.

"The Chinese government pays to Japan 500,000 taels, of which 100,000 taels are an indemnity to the Japanese families injured, and 400,000 taels for the cost of making roads and building material which the Japanese army will leave in Formosa. The payments are to be made as follows:—100,000 taels immediately, and 400,000 taels on the 20th of December. The Japanese army will leave Formosa at the last named date. China admits that the Japanese government was justified, under the circumstances, in sending an armed force to Formosa.

ELECTRICITY.

THOMAS' Eclectric Oil.

Worth Ten Times its Weight in Gold!

Pain cannot stay where it is used. It is the greatest Medicine ever made. One dose cures common Sore Throat. One bottle has cured Bronchitis. Fifty cents worth has cured Croup. It positively cures Catarrh Asthma and Croup. Fifty cents worth has cured Colds in the Head, and the same quantity a bad cough of sixty years standing. The following are extracts from a few of the many letters that have been received from different parts of Canada which, it is think, should be sufficient to satisfy the most sceptical. J. Gilliard, of Sparta, Ont., writes; "I have used, Dr. Thomas' Eclectric Oil, have still on hand from you and want more now; it's cures are truly wonderful." Wm. Maguire, of Ottawa, writes, "I have sold all the agent left, it sells like a charm—it was slow at first but takes splendidly now." H. Cole, of Ioan, writes, "please forward if more Thomas' Eclectric Oil, I am nearly out; nothing equals it. It is highly recommended by those who have used it." J. Bedford, Jr., of Bedford, Mills, writes, "Send at once a further supply of the Eclectric Oil, I have only one bottle left. I would not anything sell so well and give such general satisfaction." J. Thompson, Woodford, writes, "Send me some more Eclectric Oil, I have advertising only. Nothing takes like it." Miller & Bond, Drayton, P. Q., write—"The Eclectric Oil is getting a great reputation here, and is daily in demand. Send us a further supply without delay." Lovejoy, Gibb & Co., Buckingham, P. Q. write—"Send us one gross Eclectric Oil, we find it to take well."

A PUBLIC CAUTION.

Holloway's Pills and Ointment are neither manufactured nor sold in any part of the United States, although they may be obtained in the B. N. American Provinces.

Each Pot and Box bears the *British Government Stamp*, with this words, "Holloway's Pills and Ointment, London," engraved thereon.

It has become necessary to make this announcement, because the New York Chemical Company (who pay nobody), finding at last that their name has been so exposed, have assumed the title of "Holloway and Co.;" but, even now, no one will buy their medicines direct from them, so that they have made arrangements to supply exclusively the firm of Messrs. Henry and Co., of New York, with their so-called "Holloway's Pills and Ointment."

It is presumed that, from the large connexion Messrs. Henry and Co. have in the British Provinces and elsewhere, the public is very likely to be imposed upon by unscrupulous vendors; and others unless they exercise great caution to prevent their being misled; by finding these medicines bearing a stamp with the name of "Holloway and Co., New York," printed thereon.

Many respectable Firms in the British Provinces, who obtain my medicines direct from here, have very properly suggested that I should, for the benefit of themselves and the public, insert their names in the papers, that it may be known that my medicines can be had genuine from them.

The following is a list of the Firms alluded to; and I particularly recommend those who desire to get my medicines to apply to some of the Houses named:—

Messrs. Avery, Brown & Co., Halifax, N. S.
Messrs. Forsyth & Co., Halifax, N. S.
Messrs. T. B. Barker & Sons, St. John, N. B.
Mr. T. Des Brisay, Charlotte Town, P. E. I.

Mr. W. H. Thompson, Harbor Grace, N. F.
Mr. J. M. Wiley, Fredericton, N. B.
Messrs. W. & D. Yuile, Montreal.

The medicines are sold at the lowest wholesale prices, in quantities of not less than £20 worth—viz., 6s. 6d., 22s., and 34s per dozen boxes of Pills or pots of Ointment, for which remittances must be sent in advance.

Chemists and other vendors of Holloway's genuine Pills and Ointment may have their names inserted in the local papers if they will please apply here—

THOMAS HOLLOWAY.
533, Oxford Street, W. C.,
London March 31st, 1874.

IN SPRING THE NECESSITY OF taking a tonic to purify the blood, and restore constitutional vigor is universally experienced by the young or old; the indication arising from depraved nutrition caused by the depressing effect of protracted cold weather upon the nervous system, want of out-door life, exercise, and pure sunshine. Constitutions enfeebled by age or disease are especially influenced by these causes, the appetite becoming poor, digestion feeble, the blood impoverished, and the vital powers depressed. To restore nervous force and muscular energy Dr. WHEELER'S COMPOUND ELIXIR OF PHOSPHATES AND CALISAYA is a reliable remedy, speedily vitalizing all the organs and tissues of the body.

THE GREAT FEMALE REMEDY
Job Moses' Periodical Pills.

THIS INVALUABLE MEDICINE IS UNFAILING in the cure of all those painful and dangerous diseases to which the female constitution is subject. It moderates all excess and removes all obstructions and a speedy cure may be relied on,

TO MARRIED LADIES

It is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

These Pills should not be taken by females during the FIRST THREE MONTHS of Pregnancy, although they are sure to bring on Miscarriage, but at any subsequent time they are safe.

In all Cases of Nervous & Spinal Affections, Pain in the Back and Limbs, Fatigue or slight exertion, Palpitation of the heart, Hysterics, and Whites, these Pills will effect a cure when all other means have failed, and although a powerful remedy, do not contain iron, calomel, antimony, or anything hurtful to the constitution.

Full directions in the pamphlet around each package which should be carefully preserved.

Sold on commission, NEW YORK, sole CONSIGNEE.

1.00 and 75 cents for postage, enclosed to Northrop & Lyman, Newcastle, Ont., general agents for the Dominion, will insure a bottle containing over 30 pills by return mail.

FELLOWS' COMPOUND
SYRUP OF HYPOPHOSPHITES

The power of arresting disease displayed by this preparation is honorably acknowledged by the medical faculty in every section where it has been introduced; and the rapidity increasing sale is the best guarantee of the estimation in which it is held by the public.

The Syrup will cure Pulmonary consumption in the first and second stages; will give great relief and prolong life in the third. It will cure Asthma, Bronchitis, Laryngitis, Coughs and Colds. It will cure all diseases originating from want of Muscular Action and Nervous Force, such as Derangement of the Spleen, Dyspepsia, Rickets, Paralysis and Irregular action of the Heart, Local and General Paralysis, Aphonia or Loss of Voice. It will cure Leucorrhœa, Chlorosis, Anæmia, and restore the blood to purity and health!

CANADIAN PAIN DESTROYER.

AS A FAMILY MEDICINE, IT IS well and favorably known, relieving thousands from pain in the

Side, Back and Head, Coughs, Colds, Sore Throat, Sprains, Bruises, Cramps in the Stomach, Cholera Morbus, Dysentery, Bowel Complaints, Burns, Scalds, Frost Bites, &c.

The Canadian Pain Destroyer has now been before the public for a length of time, and wherever used is well liked, never failing in a single instance to give permanent relief when timely used, and we have never known a single dissatisfaction, where the directions have been properly followed, but on the contrary, all are delighted with its operations, and speak in the highest terms of its virtues and magical effect.

We speak from experience in the matter, having tested it thoroughly; and therefore those who are suffering from any of the complaints for which it is recommended, may depend upon it being a Sovereign Remedy.

The astonishing efficacy of the Canadian Pain Destroyer in curing the diseases for which it is recommended and its wonderful effects in subduing the torturous pains of Rheumatism, and in relieving Nervous Affections entitle it to high rank in the list of Remedies. Orders are coming in from Medicine Dealers in all parts of the country for further supplies, and each testifying as to the universal satisfaction it gives.

The Canadian Pain Destroyer never fails to give immediate relief. All Medicine Dealers keep it as Physicians order and use it; and no family will be without it after trying it.

Allen's Lung Balsam.

Is the great modern remedy for Coughs, Colds, Consumption, Asthma, Bronchitis. It is recommended by Physicians everywhere, who are acquainted with its great usefulness.

DR. A. L. SCOVILL, OF CINCINNATI, Ohio, says:—"I have witnessed its effects in the severest and the 22d and I can truly say that it is by far the best expectorant remedy with which I am acquainted. For Coughs, and all the early stages of Lung complaints, I believe it to be a certain cure; and if every family would keep it by them, ready to administer upon the first appearance of disease about the Lungs, there would be very few cases of fatal consumption. It causes the phlegm and matter to leave without irritating the delicate organs (the lungs), and without producing constipation of the bowels. It also gives strength to the system, stops the nightsweats, and carries all the morbid secretions to a healthy state."

Sold by all Druggists. Price $1 per Bottle.

DOCTOR BALLOU
OFFICE
No. 10 King Street West,
Three doors from Yonge St., Toronto.

AS an evidence of his ability we give below a few of the testimonials of some of our best citizens of cures he performed either by himself or others, in his own practice, while he was employed to keep him busy as long as he chooses to remain in the city, which will be until he cures every one he will take.

I desire that the citizens of Toronto and vicinity (to whom I am well known) should know the wonderful cure that Dr. Ballou performed upon my son, William J. Spence, in this city, on January 16th, 1874. He had a very severe attack of Inflammatory Rheumatism, and was brought home from school at Cobourg in a helpless condition, and was confined to his bed, on which we supposed he was to the Albion Hotel, suffering indescribable pain, to be treated by Dr. Ballou, having little hope that he could ever be cured. After using a few bottles of what with it for a lifetime. But what good reports awaited us. After one single treatment his pain entirely left him, his swollen knees and ankles began to subside as soon as ever, and in three days he was able to walk to this day, as well as he ever was. In fact, other ages such a cure would be considered miraculous. If there are any who desire further proof let them come and see.

ARCHIBALD SPEARS,
No. 408 Queen street West, Toronto.

I would cheerfully recommend Dr. Ballou to all my acquaintances, as his services to me were beyond all price, and I had tested the skill of the so-called best physician.

D. A. CAMPBELL,
175 Shuter street.

Dr. Ballou cured me of Lung and Throat Disease in three treatments, when I was so weak that I could scarcely walk to his office.

KATE ROBERTS,
282 Shuter street.

Dr. Ballou cured my daughter of Epileptic Fits which she had for eleven years, and she now has not one after his first treatment, and before it had them as often as eight to a dozen every month.

WM. P. McMULLEN,
Hamilton, Ont.

Many other cases of Rheumatism, Dyspepsia, Dropsy, Liver and Lung Disease, Heart Disease &c., may be seen at his office.

The Doctor also cures Cancer, Paralysis, Spermatorrhœa, and is perfect master of all Sexual or Private diseases. Treatments strictly confidential, and all letters addressed to him at 10 King street, West, will be attended to. Box 2045. 1441-1y

THE SCIENCE OF ACCOUNTS.

DOCTOR JOHNSON, writing on the Science of Accounts, uses the following language, "That science which no condition of human render useless, which must contribute to the advantage of all who buy or sell, of all that wish to keep or improve their possessions, of all that desire to be rich, and all that desire to be wise."

The evils resulting from imperfect systems of Bookkeeping are great, and terminate in the insolvency and bankruptcy, not only of those who regulate their accounts by them, but also of innocent parties unfortunately connected with those persons who have adopted imperfect systems of Bookkeeping. It is well known that a large proportion of the trading community adopt the old mode of *single entry*, on the disadvantages of which it is needless necessary to enlarge, as it does not even possess the means, fallacious as they are in principle, of making the Ledger agree with itself. The cautious or extensive business, is troublesome to keep and perplexing to balance. Comparatively, *most* balancing of books is of very secondary importance with the majority, who entirely omit taking any account of stock for the purpose of making an annual settlement of their affairs; and even many thinking men, who keep their books by double entry, find such difficulty in *balancing* that they very generally pass over small differences, and sometimes large ones, rather than go on for forever examining the last twelve months' accounts. It is also common for small errors to be passed over as of no consequence; whereas the *difference* by the Italian system may be only the balance of numerous errors of uncertain amount, which may be exceedingly injurious, and should never be tolerated, especially in PARTNERSHIP CONCERNS. The question may now be pertinently asked, Why are so many students of Commercial Colleges found upon trial to be inadequate to the duties of a Bookkeeper? The answer is obvious,—the teachers generally are merely *theoretic* in their teaching,—wanting that thorough practical acquaintance with that the teachers in these institutions (professedly established for the imparting of a practical knowledge of Bookkeeping,) should themselves be practical men. With these facts before us, it is of importance that the many hundreds of young men who are annually coming into business life should have a thorough knowledge of accounts, and especially of that important matter, the BALANCING OF BOOKS. Parents and Guardians should maturely consider this, and take care that the youths who are under their guidance shall study this science, as their services will not only become more valuable at the desks of their employers, but upon they commence business for themselves will be more certain of success.

All admit the importance of KEEPING BOOKS simply and correctly, and most young men entering into business are anxious to become well-qualified Book-keepers, but *where or how* to obtain the requisite training, is the problem.

Let the practical philosophy of these facts be impressed on the young *Men of Canada*, then shall Commercial Colleges resume their true status among the institutions of our land.
