themselves and their families by the according to special directions found on pose is to make a home for themselves in the wilderness. In doing so they will have difficulties enough to encounter these objectionable stipulations in their form of agreement seems to be, for the adjoining government and school lands have been taken up, they will be able to selves than they could now. In the meantime they can hold their lands without a cent of cost, owing to the provision are playing; and this certainly is the effect their land regulations are calcuducing. It remains to be seen whethe the people of Canada will tamely permit them to continue such a policy as this. While the present government is in pow er, the company may of course do as ernment will not always be in power. It will be a question for their successors to consider whether, with due regard to the public interest, a trading corporation acres of the public land and hold them over for a rise in prices. We think we know the answer which will be given to this question, should it ever arise. The Parliament of Canada, which by its act created this huge monopoly, will have power to destroy it. The company, if they are wise, will not provoke a collision by persevering in their present policy. but will withdraw their unjust form of agreement with intending purchasers of their lands, and substitute for it a just and equitable form, which a prudent man can sign without danger. Un less this is done the progress of settle-

#### What Lave to God Is.

Love to Christ smoothes the path of duty and wings the feet to travel it; it is the bow which impels the arrow of obedience : it is the mainspring moving the wheels of duty; it is the strong arm tugging the oar of diligence. Love is the marrow of the bones of fidelity, the blood in the veins of piety, the sinews of spirivotion. He that hath love can no more life death; and it makes pain less pain
