VEGREVILLE. Bulletin News Service. A Conservative meeting was held in Vegreville on Thursday night last to decide on a place centrally located in Victoria constituency for a suitable place for the Hon. Mr. Borden to speak. Mr. Borden is to speak in one place in each constituency. Vegreville was chosen as the most suitable place. Representatives were present from Fort Saskatchewan, Lacombe, Chipman, Warwick, Manville and Vermilion. After the meeting a banquet was held in Steeves' restaurant. About 70 invited guests were present. Mr. Morrison, of Vegreville, was the toast master. The banquet was non-political as far as speech making was concerned. The following were the chief speakers: J. B. Holden, M.P.P., Mayors McAvoy (Fort Saskatchewan), Thompson (Vermilion), Bryden (Manville), A. C. Fraser, manager of the Merchants' Bank, Edmonton, and Mr. Hacking, manager of the Merchants' Bank, Vegreville. There was a slight frost on Wednesday morning but vegetables in the gardens do not show any trace of being frost bitten. Now that this is over the crops are a certainty. The yield of wheat and oats in this district will be up to the average. Some exceptionally good fields will be above the average. Vegreville, August 27.

WETASKIWIN. Bulletin News Service. On account of non-completion of the third storey at the school, the kindergarten is to be continued in the old quarters for a time (viz., at Mrs. Talbot's), starting next Tuesday, September 3rd, under the direction of Mrs. Terry. The school board are tickled at being the pioneers in Alberta to incorporate kindergarten with the public school. The C.P.R. well-drilling outfit was idle from a breakdown a few days, but is again at work with the 100,000 gallons a day already in sight. The Reiss shows have been here and gone—regretted immensely by the juvenile population, which is so decidedly in evidence in this city. The shows are gone and there is peace; the din of the Barker is heard no more in the land; the merry merry-go-round with its worn-out ragtime is no more. It is expected that this year will realize a fair sum as a result of the three days' carnival. Now that "duck" day is over, the "shows" melted away, the big days to look forward to are the fall fair, bigger, better, grander than ever, October 9th and 10th, and B. L. Borden's appearance in the Opera-house, October 8th, when he will outline his party plan. "Duck" day will be quiet here. One of the prettiest and most artistic houses in the city is the new one, the old one being being built for Alderman Montgomery in the "Triangle." A big number of handsome homes are being built. The franks of Jack Frost are often seen, but they are, unalloyed, exceedingly curious actions the agrarian cow wins in a walk. She will not be repressed, but continues to eat the favorite flowers in the bank and wash them down with draughts from the family water-pail. Cops are necessary, but no one denies that this is too much. Mrs. John West was the hostess at an enjoyable "party" last Wednesday evening. Miss Moran returned from a long visit to Portage la Prairie; Miss Moore from her home in Inverness, Ont.; Miss Jean Major from Ottawa, and Miss Turner from Maple Creek, Sask. Mrs. French, wife of the hustling Times editor, is expected to return from a long visit to her home in Chatham, Ont., about September 10th. Mr. and Mrs. French will probably go to Cranbrook, B.C., where the western journals will meet in convention in mid-September. The Bank of Commerce building, lately interrupted, showed signs of returning life yesterday. What the matter, commerce? All sorts of rumors are rife, the most persistent that the Bank of Montreal has bought the site. The Times building is making good progress and bids fair to be quite pretentious. Wetaskiwin, August 30.

VEGREVILLE. Bulletin News Service. The dance in Abbott's restaurant in aid of the football aggregation was a decided success. There were about fifty couples in attendance. Good music and a good time in general is reported. The cup donated by Charles Gordon to the winners of teams from Edmonton to Lloydminster was on exhibition in the hall. It is a handsome silver trophy, and well worth striving after. It is open for competition for 1907 and '08. Edmonton baseball team came down to play the local team on Saturday. The game lasted nine innings, the score standing 12 to 7 in favor of Vegreville. In the second inning Edmonton scored 4 and they thought they had the game enched. Jack McCook was put in the box at the end of the fourth, and Edmonton saw its finish. The first umpire did not seem to give the visitors satisfaction, and at the end of the sixth a change was made. The Vegreville team has beaten everything it has run up against this year. The only team left now in Alberta is the winner of the league pennant. Vegreville, Aug. 31.

EDISON. Bulletin News Service. A meeting of the settlers was held in Edison schoolhouse recently was a useless affair. Before the meeting was over the Government engineer was in Edison for the purpose of getting a suitable man to take charge of the road. In the evening Mr. Gibson was appointed to make the road from the River Pembina eastwards for 20 miles. He is to begin work as soon as he can get a gang of half a dozen men to work. The wet weather is causing a rush of work at the hay-making and for a few days it will be difficult to get a gang of men free enough to go on the road. It is expected, however, that work will be begun next week. Parts of this road are as bad as can be and in wet weather become almost impassable. Mr. Gibson did a good deal of road-making down East. If a fine gravel pit were nearby, it would be a comparatively easy job to have it on a highway, but there is scarcely a stone in the neighborhood. Towards the east, stones are not so plentiful, but without a stone crusher they are of no use for road-making, and furthermore, there are not enough of them to warrant installing a stone crusher. There is to be a vote taken on Saturday to find out the opinion of the settlers, as to the advisability of borrowing \$1,000 to be applied in improving the roads in each township, and to ensuring with the aid of the ordinary road tax, better roads in a short time than by the yearly tax alone. The annual tax will have to be larger than at present to meet the increased liabilities involved in this loan, but not so great as would be necessary to get the same result at once with the yearly tax. Some fine fields of barley have been badly laid down by the heavy rainstorms. It is to be hoped that they will recover itself before it is necessary to cut. There was a sharp frost two mornings this week, blackening the potatoes, but not so heavy enough to do damage to the growing grain. Yesterday and today were fine haying days. It is earnestly hoped that this fine weather will continue for a few weeks. Edison, Aug. 31st.
