**"A Pack of Political Apprentices."**

Yesterday we commented on the fact that the People's Party had not lived up to the requirements of their name, and that the People's Party Banner was in no way a rallying point for the Fishermen, the Farmers, the Mechanics, the Labourers, the Clerks, and all who work for a living. The difficulties the Party started with have proved insurmountable. The chief of these was that the Party was the old Tory Party in a new dress. The dress was changed but the voice was the same, and it should be remembered that the Tory Opposition in the House of Assembly, issued the first requisition, so far as has been made public, to Sir Edward Morris to head a party. This Tory taint was the original sin of the Morris-Morrison combine, which is now rotten to the core. Fishermen, farmers, mechanics, laborers, clerks and all who work for a living repudiate what the Governor and the Morris Government have endorsed, viz. the retention of the authority of the combine who was guilty of the conduct exposed in the Memorials presented to the Governor last Spring. Fishermen, farmers, mechanics, laborers, clerks and all who work for a living are astounded at an Administration executing a Railway Contract, before it had counted the cost. Indeed, their conduct is that of a pack of political apprentices.

The fishermen, the farmers, the laborers, the clerks, and all who work for a living repudiate the fiasco, which has resulted in spending public money, under the guise of improving Agriculture in finding a livelihood for certain supporters of the Government in the House of Assembly, in finding annual salaries for a host of secretaries, in wasting money on political heaters, and distributing sops to supporters. Fishermen, farmers, mechanics, clerks, and all who work for a living resent the refusal to do anything to cheapen coal, reduce taxation, and thereby make it easier for them to live. Fishermen, farmers, mechanics, laborers, clerks and all who work for a living are up in arms against the prodigal expenditure of public monies which lessens the opportunities of reducing taxation. Fishermen, farmers, mechanics, laborers, clerks and all who work for a living resent the refusal to go to the country this year and give them an opportunity to turn out the Government. They feel that Tory times are hard times and they want a chance of changing them.

Squids are plentiful at Portugal Cove and while James Greely was jigging them this morning a four foot codfish hatched on to his hook and he captured it. How he got the fish successfully to the surface on a squid jigger is a mystery. The like never before happened there as cod generally easily slip off these little hooks.

**PANSY MISSION BAND.**—The Cantata, "Born in the East," will be given by the Pansy Mission Band to-morrow (Friday) night in the basement of Wesley Church. Cantata begins at 8 o'clock. Collection for missions. oct.3,1i

The schr. Gladys E. Whidden, Capt. Milton, arrived here from Port Moulton last evening with 145 head of cattle, 36 sheep and other cargo. She left Saturday night and Monday night had a fierce S. E. gale with big sea and rain. To save the cattle the Captain had to heave his vessel to for 12 hours. She had fair weather after this. The cattle, which were landed at Pitt's, are all fine animals.

**Marine Notes.**  
 The Fogota left Gander Bay at 7.30 a.m. to-day bound north.  
 Job Bros. & Co. had a message this morning stating that the schooner Mildred had arrived at Valencia, after a passage of 22 days from Blanc Sablon, all well.  
 The S. S. Hispania arrived at Alicante, Tuesday, after a good run; she had 13,000 qts fish on board.

**Mr. Chafe's Body**

**Found This Morning at Bishop's Falls—Died of Exposure.**  
 The Reid Mfg. Co. were this forenoon advised that the dead body of Engineer Lemuel Chafe who had been missing since Monday, had been found in the woods about a mile from Bishop's Falls. Before he left there Monday evening he complained that he did not feel well and asked his driver, Samuel Hicks, to go in the woods with him for a few hours shooting. His health had not been the best for some time past. Hicks said he would prefer to remain and oil his engine, and poor Chafe set out alone taking his gun with him. That evening a terrific rain storm set in, it was very cold and he evidently died of exposure, or possibly from an attack of heart failure. He had been about 11 years with the Reid Mfg. Co., was one of their most intelligent and trusted men, sober and industrious and the principals of the Company are sincerely sorry to learn of his death. His father and mother reside at Port Blandford where the body will be sent for interment. He was 27 years old and single.

**GIRLS' FRIENDLY.**—The Rev. G. R. Godden, M.A., gives an address at the quarterly meeting of the Girls Friendly Society this evening.

THURSDAY, Oct. 3, '12.  
 Now that the cold weather is rapidly approaching, many will be interested in the Hot Water Bottle question. We have more than one kind and quality, sample hot water bottles and combinations, but the one that we recommend when asked for a "read good" hot water bottle is the W. T. Special Hot Water Bottle. This bottle is sold with a straight guarantee for two full years' wear, a guarantee that has no string whatever to it and that we will make good without hesitation if applied to. These bottles are fitted with the Holdfast patent unobtainable stopper, another strong recommendation. It is in every respect a first-class piece of rubber goods; and it will enable you to get through the coming winter in comfort. Two sizes, 2 quart, price \$3; 3 quart, price \$3.50. Remember, we take all the risk.
