RELIEF WORK COMMENCED.

CHICAGO, July 25.

The death-ship Eastland had tonight given the list as 320 bodies. The steamer carried 2,408 excursionists, when she rolled over at her dock; 1,072 including her crew of 72, have reported themselves as safe. Of the 538 thus remaining unaccounted for, it is believed 400 are alive and that 188 bodies still are in the river.

About three-score of bodies were recovered to-day. By noon the divers concluded that all the bodies had been removed, save those that may have been crushed into the mud under the Eastland's port side, and those that had gone down the river with the current.

Under the glare of searchlights and arc lights, strung about the ship, the rescuers continued their work to-night. The Eastland lies on her side in the river with divers still floundering under her ghastly interior, burrowing under her in the death search.

While Chicago is appalled, it is just beginning to realize the real significance of one of the greatest marine disasters, and while grieving thousands who their dear ones walked through the morgue of the Second Regiment Armoury gazing into the faces of the dead, half in hope, half in despair, and the City State Federal officials have turned their attention to investigation which must bring forth some explanation of the catastrophe.

Chicago citizens are engaged in the work of providing relief for those left destitute. Acting Mayor Morhouse has his advisers to-day decided to raise a relief fund of \$200,000. In addition to this, the Western Electric Company, whose employees formed the majority of the ill-fated excursion party, announced that \$100,000 from its employees' insurance fund was available for relief.

Numerous private relief funds were started. Meanwhile, Major Thompson, who was at the Panama-Pacific Exposition to take part in the celebration of Illinois' Day, is speeding toward Chicago on a special train to take his place on the investigation and make a number of various theories as to what caused the Eastland to turn over were discussed, but without prospect of a definite explanation being reached until the official inquiries, to be taken up to-morrow, is finished.

REMINGTON STRIKE ENDED.

BRIDGEPORT, Conn., July 25.

With the ratification last night by machinists of the agreement reached between labor leaders of the Remington Arms and Ammunition Company and the Stewart Construction Company, the strike in the Arms Company's plant was practically at an end last night, and the men will be back to work on Monday morning. The construction workers took a similar action.

EXPLOSION ON BRITISH FREIGHT STEAMER.

NEW YORK, July 25.

An explosion of unknown origin, occurred in the forward hold of the British freight steamer Gragside in her dock on the Hudson River here yesterday, and was followed by fire, which, however, was speedily checked. The Gragside, which was to leave here last night for an English port, with a cargo of 100,000 bags of sugar, will be delayed for a few days. The authorities are investigating to determine the cause of the explosion. Fire and water damage to the steamer is estimated at \$10,000, while the cargo of sugar, valued at \$144,000, is believed to be a total loss.

ONE THOUSAND LIVES ESTIMATED LOST.

CHICAGO, July 25.

Approximately one thousand lives was the estimate made by the Coroner's Office to-day, of the number of lives lost by the capsizing of the excursion steamer Eastland in Chicago River yesterday. FRANCIS X. BUSHMAN AT THE CRESCENT.

Francis X. Bushman, the famous moving picture star, will appear at the Crescent Picture Palace to-day in "Sears of Possession," this stirring 2 reel feature is produced by the great Essanay Company, and is a most interesting story. "For the Love of Him" is a strong domestic drama by the Selig Company. George Ade, America's foremost humorist, is the author of "Three Boiled Down Fables," the fable of why Essie's friend got the fresh air, the fable of the household comedian and the fable of the prevailing craze; besides there are 2 other good comedies: "Dob's at the Shore" and "He Made His Mark." A big picture programme, truly, don't miss seeing Mr. Bushman in this great feature at the Crescent to-day.

NICKEL'S DELIGHTFUL SHOW.

A charming show has been arranged for the Nickel Theatre to-day, and patrons will be delighted to hear that the pictures of the Presentation of the Colors at St. John's Camp will be repeated. There is a great three reel Vitagraph drama entitled: "The Sage Brush Gals." This will be found to be one of the best pictures ever shown in this city. The comedy is entitled: "An Incompetent Hero" with Fatty Arbuckle as the hero. Forbes Law Duguid will sing "Erl Tu" from the Masked Ball, and (b) "A Perfect Day." The entire programme is a splendid one and will no doubt attract large audiences. Many will be delighted to see the soldiers again.

BRITISH THEATRE.

As elsewhere announced the British management have decided to give a percentage of their entire week's receipts to the Aeroplane Fund and it is confident of augmenting the laudable object by being able to donate a substantial amount. The opening programme of the week is replete with interest. The famous drama: "The Ironmaster," being the chief attraction. This great play has had a world-wide reputation of many years and it is as popular to-day as it ever was. This wonderful story was exploited by the great English players, Mr. and Mrs. Kendal, so well and favourably known wherever the language is spoken. Great interest is being evinced at the coming appearance of Miss Dorothy Knowles, who will arrive during the current week.

"OURS IN THE WEST END."

There is a splendid programme to-night at the ever popular little theatre, all the latest and best pictures including a great three reel circus feature, a thrilling action picture, the engagement of the Little West End favorite Anita who will appear in all new songs. There is no better place in town to spend an evening; it is clean and comfortable, good pictures, good songs.

THE HELLO GIRL.

We hear her silver voice, and, matter, "T h a t I am sure is a peach! S h e helps us earn our bread and butter, and brings all things within our reach. Intelligent and prompt, she labors, we hear her voice by night and day, she makes us seem like next door neighbors to folks a thousand miles away. She is the modern maid of magic, the priestess of a mystic fire, and tidings, and tidings tragic, she sends us daily, o'er her wire. If she dropped out, the world, confounded, would stagger back and groan and yelp, and Trade, by all its tot surrounded, would raise a frenzied cry for help. If she no longer drew her wages, confusion would supremely reign, and back into the pitch dark ages we'd swear we had been dumped again. She's boosting science, art and learning, she is the prop of modern trade, she keeps the old world's wheels a-turning, so we should bless the hello maid!"

British in Cairo

London, July 19.—That the Government is determined to deal promptly and effectually with any attempts to assist the Germans, Austrians or Turks is made evident by a proclamation which has been issued at Cairo, as follows:—

"Every person having knowledge of the existence of any plot against established order or the identity of persons guilty of any offence against the Government must communicate without delay to the nearest authority. Failure to comply will render a person liable to martial law."

Tolstoi and the Policeman.

Not long ago the following anecdote went the round of the Russian papers: Tolstoi, noticing a policeman taking a drunken man in a somewhat forcible manner to the police station, stopped him and asked: "Can you read?" "Yes," was the reply. "And have you read the Gospel?" "Yes, sir," "Then you ought to know that we should not offend our neighbor."
