**Steel Workers Return—Strike Leaders Held in Custody— Revolution in Paraguay—St John Welcomes Lord Byng**

**COKE OVENS IN FULL SWING.**  
SYDNEY, N.S., July 9. Twelve hundred men were at work in the coke ovens and blooming mill of the steel plant to-day, it was announced at Besco headquarters, where it was said the company had sufficient stock on hand to continue the operation of the mill indefinitely. It is anticipated there will be no difficulty in obtaining coal supplies. Water and gas are gaining slightly in the coal mines of the district since the fans and pumps are largely out of commission. The situation remains practically unchanged in the strike area.

**REVOLUTIONISTS ADVANCE ON CAPITAL.**  
BUENOS AIRES, July 9. The Paraguayan revolutionists are reported to have advanced within ten miles of Asuncion, the capital city, and government authorities, preparing to repel the threatened attack on the city, are calling for volunteers to reinforce the federal troops.

**TO ACT UPON LEWIS'S INSTRUCTIONS.**  
ATLANTIC CITY, July 9. John J. Lewis, International President of the United Mine Workers of America, to-day received a telegram from Daniel Livingstone, President of District 26 of Nova Scotia, stating he had called a meeting of the Executive Board of the Union to-morrow to act upon Lewis's instructions to end the coal strike there. Livingstone's telegram was dated Halifax, Lewis to-day wired Alexander McIntyre, Vice-President of the Union District, to carry out the instructions contained in the telegram to Livingstone, while the latter was in custody. Lewis's message to Livingstone was as follows:

Atlantic City, N.J., July 6th, 1923.  
"Daniel Livingstone, Pres. District No. 26, U.M.W. of A. Glace Bay, C.B.  
I am in receipt of your telegram sent in reply to my previous query stating strike of members of United Mine Workers has been in progress in District twenty-six since Tuesday midnight in protest against presence of Provincial Police and troops who are in the district in connection with matters outside the mining industry. Such a strike is unquestionably a violation of the existing agreement between District twenty-six and the coal company parties thereto. It is also a violation of the principles and policies of the United Mine workers which has a record of fulfilling its contract and discharging its honorable obligations. The action of the district in also permitting the withdrawal of engineers, pumpmen and other maintenance men from the mines is most indefensible and constitutes a wanton destruction of property. The existing agreement in District twenty-six was negotiated by the officers of that district and ratified by a referendum vote of a majority of the mine workers affected. I previously advised you that formal complaint and protests had been lodged with the International Union by coal companies affected who asked that they be accorded good faith in compliance with agreement. In consideration of this complaint and in consideration of your admissions of the present astounding state of affairs prevailing within the district I request that you as President of District twenty-six, together with your associate executive officer, take steps to have the men return to work so as to permit of full protection of property interests affected and an early resumption of mining operations. I will be glad to receive early advice from you indicating your full compliance with these directions."  
JOHN LEWIS.

**MURDERESS TO GO TO CHAIR.**  
NEW YORK, July 9. Mrs. Anne Budd was sentenced to-day to die in the electric chair for the murder of Frederick Schneider, Bronx contractor, last winter. She will be electrocuted at Sing Sing during the week of August 6th.

**JUDET ACQUITTED.**  
PARIS, July 9. Ernest Judet, French journalist, charged with conspiring with the enemy during the war, was acquitted to-day after ten minutes deliberation by the jury.

**AVIATOR'S BODY FOUND.**  
PORT STANLEY, July 9. The body of Lieut. L. J. Roth was found in the basket of the ill-fated United States Navy "A" balloon, fourteen miles southwest of here this afternoon. No trace was found of Lt. Hull, assistant to Pilot Roth when the balloon left Indianapolis Wednesday.

**BYNG AT ST. JOHN.**  
ST. JOHN, July 9. Governor General Byng and entourage arrived here this morning and was given a royal welcome by the civic officials and citizens. Bright sunshine greeted the day and an elaborate programme of festivities in honor of the King's representative have been planned.

**MACHINE GAVE OUT.**  
ST. JOSEPH, Mo., July 9. Lt. E. L. Maughan, attempting a coast to coast flight between daylight and dark, was forced down at 1.10, ten miles north of here to-day, when his machine went dead. The aviator was uninjured, but the plane is so badly damaged he will be unable to continue the flight, but he said he would try again next week or later.

**STORM DAMAGE IN N. DAKOTA.**  
FARO, N.D., July 9. At least three persons were killed

**WESTERN LABOR WILL DISCUSS STRIKE.**  
CALGARY, July 9. Labor organizations in Western Canada will meet in conference this week to discuss the Nova Scotia strike situation, and according to William A. Sherman, President of District 18, U.M.W. there is little doubt that the coal miners at least will go out on a sympathetic strike.

**"AS SOON AS POSSIBLE."**  
CALGARY, July 9. Every effort is being made by Hon. James Murdock, Minister of Labor, to have troops at present in the Cape Breton strike area withdrawn as soon as possible, according to a telegram from the Minister to William Sherman, President of District 18, U.M.W.  
**RAIL AGAIN REFUSED.**  
HALIFAX, July 9. Application for bail in the case of

James B. McLachlan and Daniel Livan and damage estimated at a million and half done by a terrible wind, hail and rain storm which swept over Dakota late to-day.

**AN N.B. ELECTION!**  
ST. JOHN, N.B., July 9. Governor General Byng and party arrived Saturday night at Musquash, St. John County, and their special train remains there until to-morrow morning at eleven o'clock. The day was spent quietly in tramping country roads and viewing hydro developments. The Fredericton Gleaner published on Saturday a report that the provincial elections would be held in the fall, when the Government, it was expected, would seek a mandate to go on with the development of the Grand Falls hydro project, and intimates also that prohibition will be an issue. Government officials absolutely deny the truth of the rumor.

**CANADIAN SENATOR DEAD.**  
MONTREAL, July 9. Hon. William Henry Thorne, Senator for St. John, died at the general hospital here at 1 o'clock this morning from a complication of diseases. He had been in hospital the last six weeks, and was in his 79th year. Senator Thorne was born at St. John on September 12th, 1844 of United Loyalist stock on both sides. Originally the family came from New York at the close of the American war of the revolution, settling in Granville, N.S. He was a leading worker and member of Liberal Conservative associations in St. John city and the Province of New Brunswick, and was appointed to the Senate during the Borden administration in 1913. Senator Thorne was unmarried.

**Directive Wireless.**  
Marconi System That is Free From Atmospherics.

Senator Marconi arrived at Southampton on June 15th, after a two-months' cruise in his yacht Elettra for research and experimental purposes. During the voyage he visited Spain, St. Vincent, Cape Verde Islands and Madeira.

He had been working all the time on a system of directive wireless telegraphy by which messages can be sent in one direction only, and the experiments had proved highly satisfactory. He was convinced that satisfactory communication could be obtained over great distances when using only a small fraction of the power necessary to produce results with the older apparatus. The new system effectively eliminated atmospheric disturbances.
