Is this not true. There is scarcely anything but what may be applied beneficially in some way, either simply-or in compound. West's Sarza Compositum we believe to be an excellent medicine for purifying the blood, and curing diseases of the Langs, Stomach, Liver, Kidneys, &c. It has never been equalled for such diseases excepting by that peculiar Indian Medicine the Great Shoshonees Remedy; of course we do not deny the superiority of this article over all other remedies of the 19th century.

GENTLEMEN,—The object of the present letter is to present you my heartfelt thanks for the good that your Bet-tol's Sarsaparilla has done me.—
For over s.i. months I had been suffering with a Rheumatism had seemed to extend over my whole it reduced me almost to a skeleton. I could not move either my arms or lees, and had to get assistance to enable me to do the smallest household duty. Taking your advice, I began the use of Bristol's Barsaparilla. I was so weak that the smallest doses seemed to actiate me very much, but I persevered, and latterly I could increase the size of the dose. My pains all ceased if le by little and the size of the dose. My pains all ceased if le by little and the size of the dose. My pains all ceased if le by little without assistance, and I cannot too highly recommend your excellent preparation to all those who suffer with Rheumatism.

From unforeseen circumstances, I am obliged to once more plunge into the torrents of active business life. It affords me no small degree of pleasure and satisfaction to know that I am still to continue to serve and be a means of profit to the great mass of the inhabitants of the County of Wellington and its vicinity. I shall in the time to come, as in the past, make it a study and one of the leading features in my business affairs at all times to be in a position to secure Goods in the very best markets, and to the best possible advantage. My purchases will all be made for Ready Money—and money will command Bargains such as credit cannot. This advantage will be given to my customers. It is needless to remind my numerous friends and supporters that the immense variety of every description of Goods presented to select from is a very great advantage, together with the unfacturers direct, ensures to my patrons a saving of a fair profit over that of any other establishment in the trade. I possess great advantages this season for offering extra inducements to my customers.

My stock now in every branch is full, and an early call from my old friends will be well repaid both as regards variety to select from and the great saving to be effected in price.
