convulsions of teacher—a gentleman—entered the room.
He could not divine the cause of their wild merriment, neither could he restrain them. He speedily began to feel decidedly uncomfortable. Finally he noticed that their eyes were turned toward the ceiling, and he too, looked up. Dangling from the ceiling he saw what at first glance appeared to be a huge stick of striped candy or an animated barber's pole. Then the situation dawned upon him. He could not resist the temptation of joining in the laugh, and it was some little time before the unfortunate and blushing girl was extricated.

the Wellington Street Church was largely attended, much interest being manifested by those present as to their spiritual welfare. Mr. Crossley spoke on the subject of "God as Our Father," urging the importance of thinking of God in this relationship.

When D. K. Tenney was admitted to the bar he was one of the "boys." He enjoyed a good time as well as anyone, and the following story is told of him:

He went to a country dance near Madison, Wis., one night, and became smitten with one of the country girls. He danced with her nearly all the evening, regardless of the fact that a certain six-footer in the room kept watching him threateningly. Finally a friend approached.

"Dan," he said, "do you see that big fellow on the other side of the room?"

"Yes."

"I didn't know it. What shall I do?"
"Well, if I were you I'd put on my coat and make a sneak for home. I'd get away from here just as quick as I could."
The embryo lawyer said never a word, but reached down in his pocket and pulled out a \$2 bill.
"What are you doing?" asked his friend.

It would be a gross injustice to confound that standard healing healing agent—Dr. Thomas' Eelectric Oil—with the ordinary unguents, lotions and salves. They are oftentimes inflammatory and astringent. This Oil is, on the contrary, eminently cooling and soothing when applied externally to relieve pain, and powerfully remedial when swallowed.

FARMERS' INSTITUTES.

There was a good attendance at the meeting of the West Middlesex Farmers' Institute held at Glencoe on Monday. Geo. C. Elliott, the president, occupied the chair. Papers were read as follows: "Breeding, Driving and Riding Horses," by F. Green, jun.; "The Rainfall of This Locality," by Thomas Beckton; "Breeding Cattle," by C. W. Simmons: "Cross-breeding," by Prof. Shaw, of Guelph, and "Raising Hogs for Market," by F. Green. Interesting addresses were also delivered by A. M. Smith on "Growing Small Fruits for Profit"; Prof. Shaw, on "Weeds and Their Extermination" and "Agricultural Education"; also an address on "Dairy Cows" by Douglas Leitch, of Caradoc. The different papers and addresses provided considerable discussion, and the meeting throughout was of an edifying character.
