the system of ll, in so effectu re system, and Dyspepsia

Makes many lives miscrable, and often leads to self destruction. Distress after eating, sick headache, heartburn, sour stomach, mental depression, etc., are caused by this very common and increasing disease. Hood's Sarsaparilla tones the stomach, creates an appetite, promotes healthy digestion, relieves sick headache, clears the mind, and cures the most obstinate cases of dyspepsts. Read the following:

"I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, or did me little good. In an hour after eating I would experience a faintness or tired, all-gone feeling, as though I had not caten anything. Hood's Sarsaparilla did me an immense amount of good. It gave me an appetite, and my food relished and satisfied the craving I had previously-experienced. It relieved me of that faint, tired, all-gone feeling. I have felt so much better since I took Hood's Sarsaparilla, that I am happy to recommend it." G. A. Page, Watertown, Mass. N. B. The much talked of twenty-round glove contest between Jimmy Hagan, of Philadelphia, and Tommy Danforth, of New York, was fought Monday night at the Knickerbooker Athletic Club, Hoboken. Long before the close of the first round it was clearly to be seen that Danforth was at a disadvantage and was receiving very severe punishment, while the blows he delivered seemed to have little or no effect. The second round was fiercer than the first. The men had scarcely been fighting a minute and a half in this round when Hagan planted a right-hander full in Danforth's stomach, followed by a left-handed upper cut. Danforth fell heavily upon the floor and only recovered before the call of time. He made a desperate effort to recover, but the moment he got on his feet Hagan landed another swinging left-hander which again sent him sprawling. The third time he got up he was again knocked down and he remained on the floor until the ten seconds were up and the seconds carried him to his corner. The second round lasted only I minute and 45 seconds. Hagan was declared the winner and given the purse.

To Sell Her Stage Bresses.

London, March 10.—Miss Mary Anderson (Mrs. Navarro) has created some stir in theatrical circles here by advertising the sale of all her stage dresses, thestrical scenery and stage properties, thus confirming the announcement that it is her intention to retire definitely from the stage. The general impression prevailed in theatrical and other circles that after a reasonable period of the enjoyment of wedded life the fair American actress would return to the stage. Suicide Near Thamesville.

Thamssville, Ont., March 10.—A case of suicide came to light here to-day. Yesterday Morris Cornish, a farmer living in the township of Oxford, about three miles from here, brought his wife, who was going on a short visit to friends in Hamilton, to town for the train which goes east at 3:39 p.m. After returning home he went to the house of a neighbor, and while there seemed to be very despondent. This morning the neighbor thought that he would go over and see if his friend Morris had recovered from his state of despondency. With another neighbor he went into the house and found Cornish lying across the foot of the bed with his throat cut. In the room adjoining the bedroom they found a razor, covered with blood, lying on the table. A large pool of blood was to be seen on the floor and another on the bed where he was lying. The children, of whom there are five, asy that they left their papa sitting reading the newspaper when they went to bed about 8 o'clock, and on arising in the morning they were horrified to find him as described.
