To Whom It May Concern: My attention having been called to the Neal Treatment for the cure of the drink habit, that it did cure in three days, elicited my personal investigation, and to do so it became necessary for me to send one of my people to the Neal Institute to be treated. This I did and I am pleased to say that he was cured perfectly, and the patient assured me with great forcefulness that he no longer had the least inclination to drink and that all desire, craving and appetite for drink had been taken away.
