

The Perfect Egyptian Cigarette

Maspero Freres Cairo, Egypt

No. 22, plain	10 for 15c
No. 31, cork-tipped	10 for 15c
No. 37, plain	10 for 25c
No. 41, plain	10 for 50c

Maspero Cigarettes are universally recognized as being the most perfect Egyptian Cigarettes on the market. They are smoked all over the world.

ARRANGE CONFERENCE TO SETTLE STRIKE

Company Has Withdrawn Its Refusal To Recognize Officers' Guild.

[Canadian Press.] New York, Oct. 29.—A London cable says: The Peninsular and Oriental Steamship Company yesterday retreated from its refusal of the previous evening to recognize the Imperial Merchants' Service Guild in the dispute which has led to forty officers going on strike.

In a circular inviting the officers to meet them today to discuss the situation, the directors stated that the officers may either select their own speakers from among themselves or if they require assistance in stating their case there will be no objection to a speaker not connected with the service.

The engine room staff of the Royal Mail Steamship Company's vessel, the Arlanza, ceased work yesterday at Southampton because the company would not cede the engineers' demands for increased pay and better conditions of service. The Arlanza was due to leave for South America on Friday.

BUYING FORTY PAIRS OF SILVER FOXES

Canada Fox Exchange Has Closed Options On Thoroughbreds.

[Canadian Press.] Charlottetown, P. E. I., Oct. 28.—The Canada Fox Exchange closed options today for forty pairs of island-bred silver foxes, 1914 crop, for the Canadian Pacific Fox and Fur Company, which is being floated by an Anglo-Canadian syndicate in Montreal. The capital is one million dollars, and will be underwritten in New York and London.

NO TRACE OF BOGUE FOUND IN BTFFALO

Young Paying Teller. From This City Is Still Missing.

[Special To The Advertiser.] Buffalo, N. Y., Oct. 29.—Although the police here have incessantly been on the lookout for James Bogue, the young paying teller of the London (Ontario) branch of the Bank of Toronto, who mysteriously disappeared from the Emping Hotel in Niagara Falls on Oct. 10, no trace of him has yet been secured.

He has received a letter from John Pringle, manager of the London branch, stating that Bogue had not returned to London.

BOY'S FOOT BADLY SCALDED

MOTHER SAYS ZAM-BUK ACTED LIKE MAGIC!

Mrs. E. Capell, 21 Sydney street, Hamilton, tells how beneficial Zam-Buk proved in her family. She writes: "My little boy, aged one and a half years, put his foot into a pot of boiling water. The foot was so badly scalded that the skin came off with his stocking, and he had a shocking scald, from instep to toes."

"I at once sent for a supply of Zam-Buk, and as soon as this was applied, it seemed to act like magic and gave him ease. It was good to tell that Zam-Buk stopped the pain, because up to applying it I had to nurse the child all the time, but soon after I applied Zam-Buk he was anxious to get on the floor and go on with his play."

"I only used four boxes of Zam-Buk, and the scald was then entirely healed; so I consider this the best investment ever made. I believe Zam-Buk would have cured the scald even more quickly had the boy been lying down all the time, but after beginning with Zam-Buk, it made the cure so easy that he was soon on his feet and playing about again."

"I might also tell you that my next boy to him, aged five years, had some bad broken chilblains. We used Zam-Buk on these also, and it cured them. For sores of any kind I shall in future use only Zam-Buk."

Housekeepers everywhere speak similarly of Zam-Buk. It is a sure cure for eczema, rashes, ringworm, chapped hands, scurvy, heat rashes, cuts, burns, ulcers, discharging sores, abscesses, piles, inflammation, festering and all skin injuries and diseases. Fifty cents box, all druggists and stores, or Zam-Buk Company, Toronto, for price. For skin diseases use also Zam-Buk Soap, 25c tablet.

WANT AMERICAN MEAT TO COME INTO CANADA

Sarnia People Can Now Buy Ontario Meat Cheaper Across Border.

[Canadian Press.] Sarnia, Ont., Oct. 29.—The tariff reduction recently made by the States is having its effect on the cost of living here. People are already going over to Port Huron to buy their meat, and paying the duty on it as well.

It is claimed that meat can be purchased cheaper across the line, counting in the duty as well, than it can be bought here.

Butter and eggs have also gone up, and many of the boarding houses throughout Sarnia are raising the price of meals.

As was first predicted, the workingman, the person least able to stand it, is the one who suffers by reason of the exportation of food necessities.

Many people are pointing out that the only way to remedy present conditions is to let American meat come into Canada duty free.

ARRESTED CASHIER FOR STEALING \$55,000

Fled to South America and Then Came Back as a Stow-away.

[Canadian Press.] New York, Oct. 29.—John C. Schildknecht, the young cashier for the Washburn-Crosby Flour Company, who is charged with the embezzlement of \$55,000 from his employers, is announced by operatives for a detective agency to have been arrested by them. He is being held in his room in a Brooklyn boarding-house and will be turned over to the authorities today, the detective says.

Schildknecht took refuge in the boarding-house on his arrival here several days ago as a stowaway aboard a lamp-post and Holt liner from South America, whence he fled soon after his alleged speculations were made known by his employers. His flight led to the discovery that although only a \$20-a-week clerk by day, he had at night been spending money freely on Broadway and at suburban resorts. Now, according to the detectives, he is tired of being hunted, and was anxious to give himself up.

MAY BUY PROPERTY OF DUKE OF SUTHERLAND

Lloyd George Wants Offer Made to Government Directly.

[Canadian Press.] London, Oct. 29.—Lloyd George has addressed a letter to the Duke of Sutherland in regard to his indirect offer to the Government of 200,000 acres of his highland property at \$10 an acre. The Chancellor has indicated that if the duke will write the offer to him officially it will be placed before the proper department for consideration by the Government.

\$5,000,000 SHIP IS NOW USED AS TARGET

Winston Churchill Will Watch Expensive Gunner Tests at Portland.

[Canadian Press.] London, Oct. 29.—Big guns bombard a target in the shape of the old battleship Empress of India, the most costly ever fired at, will be watched today by Winston Spencer Churchill, off Portland. The powerful armor of the Empress of India will make the gunner tests one of the greatest importance. Twenty years ago this battleship cost \$5,000,000, and only recently she was ranked as a first-class battleship.

Within a few months Prince Rupert, B. C., the Pacific coast terminus of the Grand Trunk Pacific Railway will have its first permanent hotel building. This will be "The Premier," now well advanced in construction, and which is being completed as quickly as possible. The building is the first modern fireproof, brick steel and concrete hotel ever erected north of Vancouver, in either Canadian or American territory. The building has a frontage of 50 feet on Second Avenue and 100 feet on Sixth street, and overlooks the Grand Trunk Pacific reserve, which is to be laid out in a park. The hotel is five stories high and contains 80 bedrooms with hot and cold running water in every room, the majority of the rooms being furnished with private baths. The cost of the building is \$1,000,000, and before the spring of 1914 the hotel will be in operation and open for the reception of guests.

5,000 CLAYMAKERS LIKELY TO WALK OUT

General Strike Will Follow the Refusal For Increase in Ohio.

[Canadian Press.] East Liverpool, Ohio, Oct. 29.—Clay makers employed in the 35 general ware potteries of East Liverpool and Wellsville, Ohio, and Chester and Newell, W. Va., quit work today when they were refused an advance in wages.

A number of plants were closed, and if the strike is not settled by nightfall all the potteries in the district will be compelled to shut down, affecting 5,000 hands.

The clay makers recently formed an independent union and are not affiliated with the National Brotherhood of Operative Pottery, whose officers last week in New York signed a tentative scale for two years with the United States Pottery Association.

OFFICIAL FIGURES GIVE GLASS 385 MAJORITY

More Than Forty Ballots Shown To Have Been Rejected or Spoiled

The official count of the ballots cast in the East Middlesex campaign will show a majority for Mr. S. F. Glass over Mr. R. G. Fisher of 385 votes. The count was completed Tuesday afternoon, but owing to the neglect of a returning officer to place his signed statement in his box the official declaration will not be made until Saturday. Those present Monday were: W. B. Harding, returning officer; Gordon Guest, clerk; S. F. Glass, W. G. Fitzgerald, representing Mr. Glass, and R. O. Smith.

The count is:

TROUBLE IS OVER

Kaiser and Wife to Visit Prince Ernest of Cumberland.

[Canadian Press.] New York, Oct. 29.—A London cable says: The Kaiser and the Kaiserin are expected to go to Rathenow tomorrow to congratulate their son-in-law, Prince Ernest August, son of the Duke of Cumberland. This means a settlement of the difficulties regarding his accession to the throne of the Duchy of Brunswick, which takes place Monday.

CALE ON LAKES

Duluth, Minn., Oct. 29.—Boats dotted Lake Superior as far as the eye could reach hourly today, the big fleet held here by the storm getting away at daylight. Only five steamers were anchored in the harbor.

All night the wind blew a gale, and about an inch of snow fell. Near morning the wind died down, the lake smoothed out, and a procession of boats started down the lake. The temperature went down from 24 above to 14 above during the night. The forecast is for colder weather and more snow today.

MINERS CELEBRATE SUCCESS OF STRIKE

[Canadian Press.] Hazelton, Pa., Oct. 29.—Hardly a wheel turned today in the anthracite coal fields of Pennsylvania. The miners celebrated Mitchell Day in honor of the anniversary of the successful termination of the strike of 1900, the first conducted in the hard coal belt under the leadership of John Mitchell, the president of the United Mine Workers of America.

The 1900 strike was the initial clash of the mine workers with the anthracite operators, who before that time had dealt with the Knights of Labor. The struggle won for the men a ten per cent wage increase and other concessions.

MAY RESORT TO TECHNICALITY IN DEFEATING VOTE

Effort Made To Prevent Separation of Waterworks and Hydro.

EVASION SEEMS PROBABLE

People's Mandate To Be Annulled by Handing Control to Hydro Commission.

In spite of the fact that the mandate of the people, expressed by their votes last January, was decidedly in favor of the separation of the water and electrical departments, an effort is now being made to prevent this separation. When the question of the separation of the waterworks was submitted to the ratepayers at the last municipal election, 2,079 voted for the abolition, the bylaw carrying by a majority of 281.

Despite the clearly-expressed desire of the ratepayers, it is being freely stated at the city hall that the separation will never go into effect. The fiscal year of the water commission ends in November, and it was planned according to the bylaw, that the separation would take place then. As yet no report has been received on the approval of the waterworks, nor has any effort been made to provide the necessary machinery for the carrying on of the waterworks business after the separation takes place.

Two Alternatives Exist. There are two ways in which separation might be prevented. One of these is the evasion of the question on a technicality, and the other is by submitting the question to the ratepayers again. After the treatment accorded it at the last municipal election, it is hardly likely that the opponents of the measure would try conclusions again on a popular vote, so it seems as if evasion would be the only possible course left for them.

Under the terms of the separation, the control of the waterworks is left with the council. No specification as to management or system is made, so it is therefore claimed that it would be possible for the council to assume control of the waterworks, nominally, and then instruct the water commission to continue as at present. Technically, it is claimed to be within the council's rights to defeat the object of the people's mandate in this manner, and furthermore it is said that it will be the procedure if the Graham electrification clique in the council can be whipped into line. Judging from past experience this would be no hard task.

People's Wish Ignored. The fact that the order of the council to the commission to proceed with the management as at present would be equivalent to a direct contravention of the expressed desire of a majority of the ratepayers, cuts little figure with those who are determined to prevent the divorce of the waterworks and hydro at any and all costs. Having behind the technical powers that allow the council to make any arrangements to manage the department the commission will be allowed to continue as heretofore. The only difference will be the nominal yoke of surveillance, so to speak, that will be placed on the commission. It is a safe prediction that the arrangement now being gone through that the utility commissioners instead of being responsible to THE PEOPLE for their control of the water system, will be responsible to the COUNCIL ONLY.

KILLED GIRL AND THEN SUICIDED

Love-Sick Farmhand Shot His Employer's Daughter.

[Canadian Press.] Frederick, Md., Oct. 29.—Dorsey Kelly, 24, a farm hand, today shot and killed Mrs. Mary Fleming, daughter of his employer, and then committed suicide. Jealousy of the young woman, with whom Kelly was said to have been infatuated, is believed to have prompted the deed.

JOHN WEBER DIED AT NIAGARA FALLS

Had London Bricklayers' Union Card in His Pocket.

Buffalo, N. Y., Oct. 29.—John Weber, aged 55, who is believed to have relatives in London, and who carried a card from the London, Ontario, Bricklayers' and Masons' Union, was found unconscious last night in Niagara Falls, and expired shortly afterward in Falls Memorial Hospital.

As far as could be learned, no bricklayer by the name of John Weber has been employed in this city recently. He was not known to members of the London Bricklayers' Union. The name does not appear in the city directory.

LOSS IS \$30,000

Principal Business Block at Port Maitland Was Burned.

[Canadian Press.] Yarmouth, N. S., Oct. 29.—The principal business block of Port Maitland, N. S., was wiped out by fire this morning. The buildings destroyed were the combined store and residence of T. E. Goudie; a large warehouse, owned by him, and the dwelling and store of W. S. Porter. The loss, which is partly covered by insurance, is estimated at about \$30,000.

LOOKING BEYOND HER NOSE.

[Chicago Record Herald.] Every community has a chronic gossip, but she always thinks it is somebody else.

SEVEN YEARS IN PRISON FOR SCHMIDT'S PAL

New York Dentist Was Found Guilty of Being Counterfeiter.

[Canadian Press.] New York, N. Y., Oct. 29.—Ernest a Muret, bogus dentist and companion of Rev. Hans Schmidt, slayer of Anna Ammiller, was sentenced today to serve seven years and six months in the federal prison at Atlanta for having in his possession a complete outfit to be used in counterfeiting \$20 bills. Muret was convicted yesterday.

In sentencing Muret, the court denied his request to be permitted to return to Germany and remain there. A physician, appointed by the court, to examine Muret, reported that his lungs were affected by disease, but that he was not a victim of tuberculosis. United States Marshal Henkel said he would take Muret to Atlanta as soon as Muret could attend to a few personal matters here, probably within a day or two.

VOLTURNO SURVIVOR CANNOT BE LOCATED

Toronto Chef Is Very Anxious Regarding Whereabouts of His Wife.

[Canadian Press.] Montreal, Oct. 29.—Railway officials and the immigration authorities have been asked to look out for Mrs. Joseph Ernst, who, with her children, escaped from the Volturmo when she caught fire in mid-Atlantic, was carried on one of the rescue steamers to Liverpool and brought back to Canada on the Campanello. Mrs. Ernst is the wife of the chef of the Central Hotel, Toronto. She should have reached Toronto last night, and when she failed to turn up her husband began to make inquiries for her. Mrs. Ernst telegraphed from Halifax on landing that she was sick, but would travel through to Toronto all the same.

Several hundred of the victims of the Volturmo have passed through here, but no sign of Mrs. Ernst has been seen.

SPARK FROM MOTOR CAUSED DEATH OF 28

German Dirigible Disaster Due to Explosion of Gas Behind New Windshield.

[Canadian Press.] Berlin, Oct. 29.—The explosion of the dirigible Zeppelin L.L., which on Oct. 17 cost the lives of 28 officers and men of the German navy and army, composing the entire crew, is attributed in the official report on the disaster to a partial vacuum formed in the centre gondola behind a new kind of windshield.

This was used for the first time on the ill-fated airship for the better protection of the crew, and it sucked the gas escaping from beneath the aluminum structure of the dirigible into the gondola, where it was exploded by a spark from the motor. The possibility of such a section had been overlooked by the Zeppelin's constructors and the naval aeronautic experts, and it has now been decided that the shield is not to be used in the future.

CANADIAN FLOUR MILLS HAS \$100,000 DEFICIT

Special Committee Will Inquire into Affairs of the Company.

[Canadian Press.] Montreal, Oct. 29.—Bondholders of the Canadian Cereal and Flour Mills, Limited, at a meeting held yesterday, appointed a committee of three to inquire into the affairs of the company, and report to a further meeting of bondholders on Nov. 19.

While no official statement was issued as to the affairs of the company it is understood that the report for the year, which ended Aug. 31, showed a deficit, after bond interest and writing off for bad debts, etc., of approximately \$100,000.

MERCHANTS PLEASED

Ferry Boats Are Running to Black River Again.

[Special To The Advertiser.] Sarnia, Oct. 29.—The ferry boats, which have been running to the Butler street landing at Port Huron, are back again at the regular landing place in Black River. Merchants on the other side and travellers from this side are more than pleased by the return to the old and more convenient landing.

HEAD AND NOSTRILS STUFFED FROM GOLD

"Pape's Cold Compound" Ends a Cold or Grippe in a Few Hours.

Your cold will break and all grippes misery end after taking a dose of "Pape's Cold Compound," every two hours until three doses are taken. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose-running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.

GOVT. WOULD REFUSE DEMAND OF ELECTORS

Fiat in Ottawa Separate School Case Would Not Be Granted.

[Canadian Press.] Toronto, Oct. 29.—Officials of the Ontario department of education state that before the separate school authorities at Ottawa can bring an action against the province to enforce their claim to the school grant, it will be first necessary for the separate school authorities to secure a fiat from the attorney-general before any action can be brought against the province in the courts.

"It is most unlikely," said a provincial official today, "that the fiat would be issued even if asked for, because the cancellation of the grant to the separate schools at Ottawa has been sanctioned by Hon. Dr. R. A. Pyne, minister of education, and it is hardly likely that Hon. J. J. Foy, attorney-general, and a member of the same cabinet, would assist an action against one of their number, especially as the refusal to pay the provincial grant to the separate schools is likely the result of a cabinet discussion."

RARE STAMPS STOLEN

Valuable Collection Was to Have Been Placed on Exhibition.

[Canadian Press.] New York, Oct. 29.—A stamp collection valued at many thousands of dollars has been stolen mysteriously from Willard Parker Butler, a lawyer at No. 49 Wall street. The stamps were awaiting exhibition in the National Exhibition of Philately, and were taken from No. 143 East Thirty-sixth street. The loss was discovered soon after.

Detectives have been placed on the case, and dealers throughout the country have been warned. The collection contained 5,000 pieces, and was especially rich in rare sets of Natal, Cape of Good Hope, French, German and Papal States stamps.

STRIKING MINERS TO WALK TWENTY MILES

Monster Crowd Expected to March Into Court at Houghton.

[Canadian Press.] Calumet, Mich., Oct. 29.—The 141 Algonquin copper mine strikers who are to appear before Circuit Judge O'Brien at Houghton Thursday to answer the charges of contempt of court for alleged violation of an injunction against picketing, have announced that they will walk the entire twenty miles from their homes.

It is believed that their ranks will be filled en route by other strikers, and that by the time Houghton is reached two thousand or more will be in line.

WALL PAPER REMNANTS

We have a quantity of one-room lots that must be cleared out. Now is a good chance to buy and save money.

A. E. JOLLY & CO.
190 Dundas Street.

By George Randolph Chester
Author of
GET-RICH-QUICK WALLINGFORD
BOBBY BURNIT, THE JINGO, Etc.

WALLINGFORD AND BLACKIE DAW

Perhaps the most amusing and entertaining of the Wallingford stories are those which go to make up the latest Chester book—WALLINGFORD AND BLACKIE DAW.

Chester never repeats. Each tale is delightfully new, each escapade like nothing heretofore related. The creative genius of the author, his fresh invention, his clever plots, his dashing humor, his sprightly dialogue, and racy slang are here seen in most glowing examples.

COLD WAVE CAUSES MUCH SUFFERING

[Canadian Press.] Kansas City, Oct. 29.—October temperatures records of twenty-five years were broken in Missouri, Kansas and Oklahoma, when the thermometer today showed readings ranging from 16 degrees above zero at Concordia and Dodge City, Kas., to 30 at Dallas and Abilene, Texas. Coming on the heels of snow and sleet storms, driven by a biting wind, the drop in temperature caused great suffering to live stock. Snow covered all of Kansas and parts of Oklahoma and Missouri. The heaviest fall recorded was 3 1/2 inches here.
