### CAPT. D'ARCY HINDS WILL MAKE PUBLIC REASON HE RESIGNED

Will Is Not Going Smoothly at  
Camp Borden.

### FIRST COURT-MARTIAL

Many Fires Reported and an  
Attack on Major  
Gardiner.

(Special to The Advertiser.)

CAMP BORDEN, July 28.—Capt. D'Arcy Hinds of the 20th Battalion has resigned his commission. He predicts his reason with the statement that on August 1 he will be a civilian and free to speak. He organized and raised the 11th Regiment and 20th Battalion.

Four more fires broke out today on the training grounds.

The first court-martial of the camp was held here today. It was composed of the usual officers and the assistant judge advocate-general, Lieut.-Col. J. A. MacDonald, K. C. Its proceedings were strictly private, and the results will appear in camp orders.

The departure of portions of the Western Ontario units on a fortnight's leave makes very few within the lines.

Some of the London units do not take kindly to the suggestion of a monthly leave of four days. Other soldiers further west think well of the proposal.

All the men from Grey County home on harvesting furlough have returned.

Pte. H. J. Garrett, 110th Battalion, along with two other soldiers, was arrested by Major Gardiner, who is in the 11th Battalion. Major Gardiner claimed that while he and his men were beating out a fire Garrett endeavored to start another fire. The two other soldiers, who were taking part in the beating, attempted to incite a crowd of soldiers to attack Major Gardiner and his prisoner.

### POSTOFFICE EMPLOYEES ARE DOING THEIR SHARE IN TRAINING.

Several Members at the Front and More  
in Training.

The members of the Letter-Carriers' Association gathered together on Friday afternoon to bid farewell to Pte. D. E. Graham, who has enlisted in the 12th Middlesex Battalion, and who is on his farewell leave. Assistant Postmaster Duncan read a suitable address and also presented him with a handsomely engraved wrist watch. Pte. Graham, prior to his enlistment, was an employee of the postoffice for years, and the association wished him good luck and a safe return. Besides Pte. Graham the association has two members overseas. Sergt. Simmons in battery, and Pte. A. Dalton, of the 12th Battalion, Camp Borden, also three members attached to the Postal Corps at Carling Heights and four more at Camp Borden postoffice.

MAY RECRUIT ANYWHERE.  
MONTREAL, July 28.—On behalf of the Irish Rangers, to whose recruiting work in Toronto and Hamilton exception has been taken by battalions in those cities, it was this morning officially stated that the enlistment of men to enlist men all over Canada, even though its headquarters are in Montreal. It was pointed out that the battalion was for Irishmen, exclusively.

### Any Woman's Struggle for Good Health Quickly Rewarded

A Simple Home Treatment Now  
Advocated That Gives Fine  
Results.

When a woman's face grows haggard and pale, when she is tired all day and reaches to cry when night comes, she ought to know something is wrong.

Putting off only makes matters worse. The best advice we can give any sickly woman is to test out the following treatment:

At the close of every meal, with a sip or two of water, take two chocolate-coated Ferrozone Tablets. This seems to be the best thing going for folks that are tired out, rundown and in need of a strengthening, building-up medicine.

Ferrozone's action aids the three principal functions of the body—digestion, assimilation, elimination.

By strengthening digestion it forms an abundance of rich, red blood—this gives good color.

By perfecting assimilation, Ferrozone supplies nutrition—this gives strength, vim, stamina.

Elimination is assured because Ferrozone quickens the action of the liver, kidneys and bowels—this guarantees the maintenance of vigorous health.

Ferrozone puts you on the right road—the one that leads to health.

Not a man, woman or child needing blood, vigor, endurance—not a person who is weak, nervous or sickly, not a person in ill-health who won't receive immediate help from Ferrozone.

As a tonic and restorative, as a health-bringer and body-builder, Ferrozone is unrivaled. It cures because it contains the elements that build up and strengthen. Try it yourself—sold everywhere in 50-cent boxes, 6 boxes for \$2.50, or by mail from the Carrhazone Co., Kingston, Ont.

### LITTLE NIPPONESE SOLDIER OF THE 153RD.

### JAP SOLDIER NOW IN 153RD RANKS WITH OLD FRIEND

Transfers From 164th To Be  
With Capt. Bennett.

### MOST EAGER TO LEARN

Came to Canada to Sell Autos  
to Japanese Colonists on  
Pacific Coast.

Pte. L. Pau, No. 62641, of the 153rd Battalion, claims to be the only Japanese soldier in the Canadian army east of Vancouver. His claim is probably correct, there being very few Japs east of the coast.

Pau's story is one of peculiar interest. He is a typical Jap, about five feet four inches in height. He is stockily built. A round "bullet" head covered with jet black hair surmounts broad shoulders. His swarthy face breaks into a smile as with short, gasping, guttural words he tells his story.

Father Manufactures Motors.

Pau's father, he told The Advertiser.

### CHANCE FOR PIPERS IN CONSTRUCTION BATTALION

Twelve Are Wanted for Pipe Band  
of 239th.

Lieut. Taylor, who is recruiting in the city for the 239th (Railway Construction) Battalion, is endeavoring to obtain twelve men for a pipe band. This will include both pipers and drummers. The instruments are being purchased by Lieut.-Col. J. W. Stewart, O. C., who is now in Scotland, so that only the best will be obtained. If it is found impossible to secure first-class pipers here they will be brought from Scotland.

The battalion, which has its headquarters in British Columbia, is officered almost entirely by Scotchmen or Scotch-Canadians. Col. Stewart was born in Scotland, and several years ago purchased a large tract of land in the city of the Duke of Sutherland. It comprised an estate of 105,000 acres, which he afterward turned over to the people who formerly lived upon it. Besides this, he owns another estate of 100,000 acres in Scotland.

He is a thoroughly practical man for the position of O. C. of a railway battalion, as he has been an engineer for many years. His latest work was the Selkirk Tunnel, which is now nearly completed.

It is expected that nearly two hundred men now working on the tunnel will sign up with the battalion on the completion of the work.

The battalion has authority to recruit anywhere in the Dominion and recruits are not being taken on at any recruiting office in No. 1 division. A special office has been opened in the city at 418 Talbot street, where Lieut. Taylor is in charge. Special recruiting notes have been printed and will be distributed throughout the city. The battalion expects to get two hundred men from London.

Next week the recruiting officer will make a tour of some of the towns in the district. He will visit Goderich, Kincardine, Exeter and Wingham.

BACK FROM TOLEDO.—Detective Robert Egerton returned last night from Toledo, where he attended the funeral of his brother William, whose death occurred in that city on Monday. The death of Mr. Egerton came suddenly, he having been a guest of Detective Egerton a few days before.

### LITTLE STORIES OF CAMP BORDEN

The first real pay to troops at Camp Borden starts today. This is the end of the month, and the Bank of Montreal will pay out in the next four or five days over \$1,250,000. Four tellers will pass the money through the outer windows to the waiting line outside.

The new "clink," now practically finished, has been nicknamed "Hotel Widgery," after Lieut. James Widgery, provost marshal and head of the camp police. Lieut. Widgery is one of the camp "institutions" and is a well-liked officer. He is well known locally for he was the regimental sergeant-major of the 7th Mounted Rifles. Years ago Lieut. then Sergt. Widgery came to London as instructor of the 1st Hussars.

Some of those who held refreshment and other concessions in the vicinity of the local camp and who moved them to Angus, the boom town near Camp Borden, when the majority of the troops were transferred from this city, are among the itinerant shopkeepers who have been planning and are now carrying out. Scores and scores of refreshment booths, etc., were opened in Angus, but because it is three miles from the camp and because the regimental officers supply the majority of the goods offered in the booths, business is reported as extremely quiet.

The latest staff officer to visit Camp Borden for inspection of the troops is Lieut.-Col. Mayes, who is director of bayonet fighting and physical training classes all over Canada.

The protest of the 118th (North Waterloo) Battalion against the shooting of the week-end pass has been heard. When this leave was shortened it made it from Friday night after supper, until Sunday night. Now it will extend to midnight at 10 p.m. The distance the 118th has to go forced the men to travel Friday night, and all Sunday, giving them only a day at home. Scores of the men of the 118th, they were complimented by the officers on the orderly manner of stating their grievance.

While the number of illegal absentees from the camp, those listed as "absent without leave" is still below the 1,000 mark, it is not shrinking very fast. The latest announcement shows the number to be 590. A further reduction is being forecast by the staff officers, but it seems rather slow in materializing.

Fires in Camp Borden have been so numerous that double guards have been posted all around places where they are likely to occur. The men from London have done their share in fighting a number of them, and the camp has had a taste of bush life so far as fire-fighting is concerned.

LITTLE STORIES.—On farm baba the student of those men in Western Ontario battalions off on harvest furlough follows:

19th Battalion ..... 395  
161st Battalion ..... 334  
15th Battalion ..... 250  
The men from the 15th who were prospective early departure overseas.

Two new ambulances, a Government issue, have been sent to the camp. The men of the medical corps detachments in camp. They have been badly needed.

A number of further inspections by staff and visiting inspecting officers will be conducted next week. Special attention is being paid to those detachments that have been warned for overseas service or those that may be warned in the near future.

While the number of those away from Camp Borden on harvest furlough is placed at 5,000, none of the units there have the same showing as the 16th and the 153rd, in the London camp. The highest total of farmers away from any Borden Battalion is 352 from the 126th (West County) Battalion. Both the 16th and the 153rd have many more than that.

Under the auspices of the Overseas Chapter of the J. O. D. E. the band of the 111th (South Waterloo) Battalion will provide the music for a Sunday band concert in Victoria Park. As usual, the proceeds will be in aid of the soldiers' comfort fund.

Major-Gen. W. E. Hodgins, late of the 11th Battalion, is now acting adjutant-general of the Canadian forces at Ottawa. He is among the members of the militia who have been honored by having some of Camp Borden's streets named after him. The others are Sir Sam Hughes, Surgeon-Gen. Placet, Brig.-Gen. H. M. Elliott, master of ordnance, and Brig.-Gen. Logie, camp commandant. Two streets were named after Ruby and Allen, the daughters of Sir Sam Hughes. Hon.-Col. R. S. Lowe, constructor of the camp, selected the names.

## THE RED CROSS BLOKE

(The following lines were penned by Henry Vost, 142 Stude Lane, Levenshulme, Manchester, who is now serving in the Red Cross units at Verdun, France. The words were arranged with the assistance of a wounded soldier.)

Private Lane is a nephew of Henry Gill, 314 George street, Sarnia, manager of the Stuart Preserving Company.)

Not a blinkin' rap do we care for the chap  
Who's a Red Cross sign on his sleeve  
Till we get to the front, on the stand to shunt.

An' a farewell bomb when you leave.  
Midst that flying death you hold your breath.  
An' life seems suddenly dear,  
While the Red Cross chap is out of sight.

In the safest part, at the rear.  
It doesn't seem fair for him to be there,  
While we face the powder and smoke,  
An' check the Hun with red-hot guns.

An' cheer and curse and choke.  
But many a lad feels thundering glad,  
When 'right lends a sheltering cloak,  
To be overruled by the chap he's called

The blooming Red Cross Bloke.  
My own turn came—it's part of the game—  
In a scrap we had before Lee.  
When the blinkin' Hun tried to pinch the guns

Of the 15th—never mind whose.  
They tried and tried, an' you bet they died.  
While we lost many a chum.  
When the message came through—  
"Now, lads, stand to!"

And the next was "Here they come!"  
We charged and yelled, an' the line was held.
