WASHINGTON, Nov. 13. - Disquietisg rumors regarding the security of Christian teachers in Turkey between Trebizond and Erzeroum were about the State department to-day, but the officials refused to allay the popular apprehension. There is ground for the belief that the department had heard from Minister Terrell to day, and that his advices, while showing that a perilous state of affairs confronts the American missionaries and teachers in that section, do not state that actual murders have been reported to him. The navy department also has an officer as near to the scene of the rumored troubles as a warship can get. for many of the local steamers. All the Quesnelle river claims appear to be giving good returns and one which has not been mentioned and which will come into prominence next year is that situated below Forty-Mil Creek, and at present being prospected by Montrealers. Mr. Duhig says that on the north fork of the river there are splendid water privileges—the only want in the Cariboo country. He says, too, that there is a very strong probability that a telephone wire will be strung connecting 150-Mile house on the main road with Quesnelle Forks. The service would be of great value and benefit would be derived from it in innumerable ways.
