PULPWOOD DUTY
MAY BE REMOVED
Strong Interests Influencing
Congress Towards That
Course

U. S. SUPPLY NOW SHORT
Court Orders That Vancou-
ver World Pay All Label
Suit Costs

November, Nov. 25.—During his re-
cent visit to Chicago, William Murray,
manager of the Canadian Bank of
Commerce, learned on excellent author-
ity that the congress at its next session
is likely to remove the duty on pulp-
wood. A strong agitation in favor of
this radical step is now being carried
out by various industrial interests. It
is being waged on the ground that the
price of lumber in many localities is
prohibitive, and that unless the duty
is removed the efforts at reforestation
will be nullified. The same argument
is being used in regard to pulp-wood,
the domestic supply of which is yearly
becoming less, with a corresponding
increase in prices that threatens to
obliterate the mammoth editions of the
big daily papers.
Crushed between two heavy logs
and carried down a mountain, Patrick
Cummings, a handlogger employed
near Chatham channel, B. C., received
injuries from which he died a few
minutes later. Cummings was work-
ing with Andrew Gallenski, just above
the channel, when the accident occur-
ed. He was carried down into the
water, sustaining frightful injuries.
Gallenski removed him from the water,
and placing him in a boat, started for
Allison's camp, across the channel.
Before the camp was reached, however,
Cummings was dead. Upon examina-
tion it was found that his abdomen
was badly torn, that his left leg was
terribly mangled, that the flesh of his
right leg was badly lacerated, and that
he suffered internal injuries as well.
Cummings was forty years of age, but
his home is unknown.
The Pull court unanimously today
overruled the judgment of Mr. Justice
Clement affecting the costs in the
suit recently brought by the
World newspaper against the Provin-
ce. The World must now pay all
costs.

Dense Clouds of Smoke Thought to
Presage Another Considerable
Eruption

Naples, Nov. 25.—Mount Vesuvius
after two months of inactivity, is emit-
ting clouds of dense smoke, accom-
panied by considerable roaring from
three fissures around the old crater.
Some alarm is felt in the surrounding
towns in view of the recent earth-
quakes in Calabria, it being recalled
that the great eruption of April 1906
followed the Calabria earthquake of
1902.

Propaganda, secretary of the Congrega-

Giovanni Archibugi, and Mgr.

be placed on Cardinal Rinaldi, ex-
cardinal in Spain, on Cardinal

TALK OF CONSCRIPTION
U. S. Adjutant General Says Army
Cannot Be Kept Up to Full
Strength

Washington, Nov. 25.—The difficulty
of securing recruits for the United
States army, the prevalence of deser-
tions and an unwelcome suggestion
that the European system of conscrip-
tion or compulsory military service
may become necessary to maintain the
army at its maximum strength, are
the features of the annual report of
Adjutant General Ainsworth to the
secretary of war.
"Notwithstanding the most strenu-
ous effort on the part of the war de-
partment and the recruiting officers
and their parties in all parts of the
country," says the adjutant general's
report, "it has been found impossible
wholly to make good the losses occa-
sioned in the present strength of the
army, to say nothing of increasing
that strength to the limit authorized
by law and executive order. The gov-
ernment in its efforts to procure men
equipped with private employers, who
are able to offer men much greater in-
crements than the government now
offers, at least in the matter of pay. If
the present conditions continue there
will be nothing for the government
to do but to meet this competition by
materially increasing the soldier's pay
or by evading competition by a
resort to conscription."

START CAR SHOPS
AT FORT WILLIAM
Lake Superior City to Be Lo-
cation of an Important
Industry

Fort William, Nov. 25.—The Fort
William Car Company, Limited, which
has been promoted by S. E. W. Smith,
of the Carnegie Trust company, of
New York, which has about completed
the sale of the company's bond issue
of \$200,000 to a foreign syndicate, will
be fully organized in a few days and
work on the plant begun here.
A report from Edgar Tripp, com-
mercial agent for Canada in Trinidad,
states that since the raising of the
quarantine business generally on the
island has been much brighter. A
considerable rise in the value of ca-
sao will mean, if it is maintained, an
extra profit to the planters of nearly
a million sterling. The market price
of sugar leaves but little over the
cost of production, but the arrange-
ment to extend the Brussels conven-
tion until 1912 lends a stability to
the industry that had been much
shaken of late, and crop operations
are being prosecuted vigorously.

Kaiser's Health Improves
London, Nov. 25.—Emperor William
continues to improve daily. He walks
and drives about Highgate. He has
decided to prolong his stay for a week
or two beyond the fortnight originally
contemplated, and is planning to
take sea cruises in addition to motor drives.
He yesterday attended the village
church, joining heartily in the singing
of hymns. A despatch from Athens
states that the Emperor is expected
to visit Corfu in Petrograd, St.
Castle Achillion, which he recently
acquired.

IRISH PARTY MAY

Leaders Negotiating Agree-

London, Nov. 25.—Nationalist unity
appears to be on the eve of accom-
plishment. Communications have been
passing between the leaders of
the party, and William O'Brien,
member of parliament for Cork,
speaking at Ballycullen, West-
ford, today expressed the belief that
all the Nationalist representatives
would be brought under the same

DUMA TO CZAR
Lower House of Parliament Tells Em-
peror Nicholas What it Wants
to Accomplish

St. Petersburg, Nov. 25.—The text
of the address of the lower house of
Parliament to the Emperor Nicholas
is as follows:
"Most Gracious Sire: Your Im-
perial Majesty has deigned to greet
the members of the Third Duma and
to invoke the Almighty blessing on
the legislative work before us. We,
therefore, have the liberty to express
personally to Your Imperial Majesty
our feelings of gratitude to the Su-
preme Ruler of Russia, and our
thanks for the right of popular repre-
sentation granted to Russia and se-
cured by the fundamental laws of
the Empire. Have confidence in us,
Sire. We wish to devote all our abili-
ties, knowledge and experience to
strengthening the reform of govern-
ment, which is given new life by the
imperial will in the Manifesto of Oc-
tober 30, 1905, to pacify the Father-
land; to assume respect for the laws;
to develop popular education; to pro-
mote the general welfare; to be a but-
tress for the greatness and power of
indivisible Russia, and to thereby
justify the confidence placed in us
by Your Majesty and the Fatherland."
General Colville Killed.
London, Nov. 25.—Gen. Sir Edward
Colville came to his death yesterday
as a result of an auto accident. The
general last night was riding a motor
cycle down a country lane in Surrey.
Upon turning a sharp corner he colli-
ded violently with an auto driven by
his old friend and battlefield comrade,
Gen. Sir Henry Seymour Rawlinson.
Gen. Colville was thrown to the
ground, striking his head, and died
from his injuries during the night. He
was born in 1852, and was one of the
generals who were recalled from
South Africa during the Boer war,
owing to the disasters sustained by
the troops of his command.

Famine Relief in India
London, Nov. 25.—Evidence of the
serious situation anticipated in India
through the failure of the crops is af-
forded by an official memorandum in-
dicating the necessity of preparations
for famine relief on a large scale. The
measures proposed include the dis-
tribution of about a crore of rupees
as advances for wall-digging, and for
the purchase of seed, as well as large
suspensions of revenue payments from
the people. The existence of famine
conditions have been proclaimed
throughout India, and it is probable
that the crop failure will be as general
as that of 1896.

The Thaw Trial
New York, Nov. 25.—While District
Attorney Jerome probably will move

the difficulty of securing a jury before
the Christmas holidays, Martin W.
Fuchs, who is the defendant's counsel,
today that he had not agreed to a post-
ponement. Mr. Littellson said he did
not intend to ask for a change.

Commercial Agent in Trinidad
Reports Business There
Flourishing

Ottawa, Nov. 25.—Trade Commis-
sioner McLaren, at the outset of his
report, says that the outlook for the
export of Canadian wheat and
flour to Japan are not very promising.
Japanese importers have made in-
quiries in Canada, but have not been able
to secure quotations on sales.
Nearly all the Canadian exporters are
agreed that conditions are not favor-
able for much business at this time.
A contract has been made between
the Imperial Cold Storage Co., of
Tokyo, and a Melbourne firm for the
import from Australia of frozen meat
and dairy produce of over \$500,000.
The contract covers a period of three
years.
A report from Edgar Tripp, com-
mercial agent for Canada in Trinidad,
states that since the raising of the
quarantine business generally on the
island has been much brighter. A
considerable rise in the value of ca-
sao will mean, if it is maintained, an

son of the Earl of Elgin, Colonial Sec-
retary is now at government house.

MOTORMAN CRUSHED
IN TRAIN COLLISION
One Death and Many Injuries
Caused by New York Sub-
urban Wreck

New York, Nov. 25.—A rear-end
collision of two suburban trains oc-
curred in the Bronx today. The mo-
torman was killed and a number of
passengers injured. The collision
took place at 176th street and Boston
road, where the tracks are run over-
head instead of underground. One
car was left hanging over the edge of
the track. The second train stalled
near 176th street station, and the
train behind ran into it. The mo-
torman was crushed to death in his
compartment and pinned so that his
body could not be moved. Fire started,
but was quickly extinguished by
the fire department, which came over-
dressed passengers were in each train.
One of the first to be removed was a
woman.

The Berlin Bourse

bourse today improved in all depart-
ments, especially Americans, upon
New York advices. Business, how-
ever, was checked by the receipt
of reports from the London and Paris
exchanges.

Little Girls Killed
Sydney, Nov. 25.—Ella and Jennie,
daughters of Mr. J. J. O'Brien, were
killed by a New York Central
passenger train near Greenway today.

to school. The crossing gate was down
for a freight train, and the girls went
under the bars and struck by a
passenger train on another track.

Secretary Left's Escape
Krasnoyarsk, Siberia, Nov. 25.—It
was learned here today that the train
upon which Secretary Taft and his
party are traveling over the trans-
siberian railroad from Vladivostok to
Moscow had a narrow escape from
being wrecked yesterday. A switch
in one of the trestle trains became open
when it should have been shut, but
it was discovered before the train
reached the trestle. The engine and
cars were thrown onto the siding it would
have crashed into a number of freight cars.

SHOT PROVED FATAL
Saskatchewan Farmer Dies From a
Wound Inflicted by Mounted
Police Corporal

Grenfell, Sask., Nov. 25.—Robert
Deathwaite, a farmer living a few
miles south of here, was shot and
fatally wounded by Corporal Dunn,
of the Mounted Police, while resisting
arrest. Deathwaite was an eccentric
old man who refused to pay taxes un-
til compelled by legal process to do
so, and last spring shot at a bailiff
who was attempting to serve a dis-
tress warrant. He was arrested for
this offence, but let out on bail.
Efforts have been made since to se-
cure him on trial, but he resisted suc-
cessfully all attempts until Saturday,
when Dunn, assisted by another
mounted policeman from Regina, de-
cided to take him at any cost. In the
scrimmage he was very severely
wounded, and died while under a sur-
geon's care at Regina. He has a
brother in Vancouver.

turn its attention instead to tunnelling
the Little Saint Bernard.

New York, Nov. 25.—Thirteen per-
sons lost their lives and several were
injured today in a tenement-house
fire at 197th street and Second avenue.
All the dead are Italians, seven of
whom are children. The bodies were
found huddled together in rooms on
the top floor of the four-story build-

in the Steve Adams murder case was
discharged at 5:45 p. m. Sunday, being
unable to agree on a verdict after be-
ing out since 8:30 o'clock Saturday

Law of Lese Majeste.
Berlin, Nov. 25.—The house yester-
day discussed the first reading of the
bill designed to reduce the number of
prosecutions for lese majeste. It pro-
vides that action can be brought only
when the offense occurs in the course
of the performance of the duties of
the office and only with the consent
of the minister of justice of the
state where the offense was not com-
mitted in a public place. The bill
also provides that offenses shall lapse
by the statute of limitation.
