Cherry Pectoral

No other complaints are so insidious in their attack as those affecting the throat and lungs none so trifled with by the majority of suffer ers, The ordinary cough or cold, resulting perhaps from a triffing or unconscious ex-posure, is often but the beginning of a fatal sickness. AYER'S CHERRY PECTORAL has well proven its efficacy in a forty years fight with throat and lung diseases, and should be taken in all cases without delay.

A Terrible Cough Cured. A Terrible Cough Cured.

"In 1887 I took a severe oold, which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up. I tried Avra's Gherry Prectorally which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the Petroal a permanent cure was effected. I am now of years eld, hale and hearty, and an satisfied your Gherry Processes.

"While in the country last winter my little boy, three years old, was taken ill with croup' it seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PECTORAL had saved my darling's life. Can you wonder at our gratitude? Sincerely yours,

Wheat Growing in Carleton

[From the Woodstock Enterprise The Province of New Brunswick has never yet obtained fame and name as a wheat-raising Province, but, you to feel scarcely able to be on your feet; that from time to time, yields of wheat in different parts and Counties of the Province, have been reported, equal to vital forces, rendering you irritable and fretful, any of those celebrated wheat-growing can easily be removed by the use of that mar-Province, have been reported, equal to lands of both sides the Atlantic, and,
