HARRIS & CO. PROPRIETORS

WATFORD, JULY 12, 1912.

From Old Subscribers.

Thos. Shirley, Vancouver: The Watford boys here are all doing well. Good weather. City doing well, skyscrapers going up in all directions. For 32 years I have been a subscriber of Guide-Advocate and the news is as fresh as ever.

G. R. Baird, Humbolt, Sask.:—I enclose money order for \$1.00 in payment of my subscription for another year. It is always good to get the news from home. We have had an ideal summer here and everything points to a very big crop. We have had wet weather for a few days and got an end of the big storm that struck Regina but it did not do any serious damage. Old timers say that things have never looked better in this section. Wishing the Guide continued success.

In a letter to the Editor, G. C. Kilpatrick says:—Mother and myself left Hamilton on April 15th on a tour of Western Canada. We spent a couple of weeks visiting friends and relatives in Moosemin, Sask., New Westminster B.C., and Vancouver, finally landing in Victoria about May 5th. Everything in this part of the world is on the boom and all hopes are directed to a grand increase in 1915 when the Panama Canal is completed. I have invested in a two story house out here, paying \$4700 for it. In two weeks time the car line suddenly ran up past it and the present value rests at \$5500, so you see there is some money in taking chances. I am at present in with Real Estate firm as this is the best paying business here at present.

CHOP STUFF.

Oil Springs Civic holiday July 18th. Strathroy's civic holiday is on July 29. From one small piece of potato imported from Ireland, Wesley Coulson, of Leamington, dug 41 fairly good sized ones.

Mr. G. E. McIntosh, Forest, is making a month's tour through Ontario investigating transportation facilities for the Ontario Fruit Growers' Association.

Wm. J. Rettan, formerly of Sarnia, died at Yarmouth on Sunday. Mr. Rettan was a prominent Orangeman and a Past Grand Master of the Orange Order in Ontario.

Another bereavement in the same family, which makes it the sixth in ten months, occurred Sunday in Alvinston, when Martha Gough daughter of Nelson Gough, and wife of William Waggood, died, aged 22 years. Besides her husband and father, she leaves three sisters and three brothers.

Mr. and Mrs. Henry Thomas celebrated the 50th anniversary of their wedding day with a family reunion at their home near Florence on June 27. At seven o'clock about thirty guests sat down to a wedding supper on the lawn under a green bower, prettily decorated with Chinese lanterns and Union Jacks.

A valuable horse belonging to Geo. Smith, Widder, fell into a cistern the other evening. Through the use of the telephone neighbors were on the scene in a short time, and the animal was rescued unharmed. Another instance of the value of the telephone, as one neighbor put it, He saved enough that day to pay for a telephone all his life.

With one or two exceptions the local papers of Essex and Kent counties were loud in their denunciation of the stand taken by the Methodist conference in regard to growing tobacco. They say that to be consistent that body should also put the barn on corn, wheat, rye, and other farm produce, all of which is used in the manufacture of intoxicants.

Two Turks, disguised as clergymen, were caught by the Sarnia police Saturday attempting to mislead the local clergy on a religious book deal. The men, who talk broken English, state that they are getting up a new Bible and always asked for financial help. Many clergymen in Western Ontario towns are mourning the loss of money to the frauds.

Latest Modes in Ladies Shoes

JULY REDUCTIONS

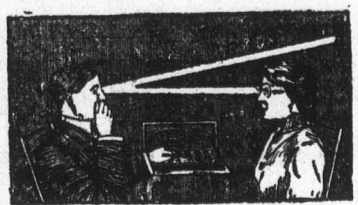

The best way to avoid poor values in buying shoes is to let us sell you good shoes. Our new style Oxfords really need no comment. All we need to do is to show them.

We'll give you a demonstration in shoe service that is out of the ordinary. Just at present we're reducing prices to make room for the Fall Stock. That means making it worth your while to buy quickly.

See the Special Values in the Shoe Window.

DARK ROOM TESTING

Every child on reaching the age of seven years should have the eyes examined. Many children have defective vision, and it often happens that one eye only is affected. This throws all the work on the better eye while the other through disuse frequently loses its function entirely. With proper lens correction this trouble will be wholly overcome. If accompanied by parents we will be glad to examine children's eyes free of charge.
