

## 25 - Cases New Staple Goods - 25

BY going direct to the market with the spot cash, we have been able to secure 25 cases of the finest range of staple dry goods ever brought to Watford. Prices are soaring as never before and are bound to go higher. We were mighty lucky to secure these old quality values at lower prices than we ever looked for. Remember this entire shipment is made up of "before the war" qualities and guaranteed dyes. It will be years before we expect to be able to offer such values again. Look over the list below. Anticipate your needs and the larger quantities you buy, the greater will be your savings.

**FLANNELETTES**—light and dark fancy patterns, plain white and pink.  
**SATEENS**—in all fancy shades, as well as cream, white and black.  
**GINGHAMS**—Scotch and Canadian makes, in dress and apron patterns.

J. H. HUME, AGENT, WATFORD

Thomas Lucas, of the London Road, has just recovered from a severe attack of the grippe and is again in his usual health. He is now in his 89th year and can be truly classed among the oldest of our pioneers, having resided in this section of country for 85 years, 65 of that being spent on the old homestead where he is at present.

Reeve Wilson, of Wyoming, lately received and signed the agreement between the Municipality and the Electric Hydro Commission, and the necessary wiring will be proceeded with as soon as the wire can be secured. The debentures will soon be issued and the wiring of private houses and public buildings will be proceeded with as soon as possible.

### Lenten Pastoral

The Rev. S. P. Irwin, Rector of Watford and Brooke, has issued the following Lenten pastoral:

DEAR PARISHIONERS:—There can be no question of the value of the sacred season of Lent. The Master went into the wilderness for 40 days and 40 nights. He did this to equip Himself for life's course. Preparation for the future life is no small task. To bring Christian principles to bear on trivial matters, to build up a Christian character is a life's work.

Among the many opportunities of Lent, none compares with the opportunity to know Christ better and love Him more. If we wish to know our friend well, we must be with him in times of trouble and affliction and learn the deeper sorrows of his heart and if we wish to know our Saviour well, we must go with him into the wilderness of temptation, into the garden of agony, into the judgment hall of injustice and to the cross of Calvary.

In this year of war we need especially to be men and women of prayer. We must not neglect the Spiritual forces in this conflict, we need to be much with God in public and private prayer.

Let our Lent be also a preparation for the great feast of Easter. May we rejoice together in the Risen Life for it is our "duty" and "privilege" to come to the Lord's Table. I hope that the weekday and Sunday services will be largely attended.

Your friend and rector,  
 S. P. IRWIN.

The Rectory, Lent 1916.

### Wrist Watch Presented to Ward Zavitz

A very enjoyable time was spent at the home of Mr. and Mrs. John Zavitz, on Friday evening last, when about eighty of the friends and neighbors assembled to show their appreciation of the loyalty and service of their son, Ward, who has enlisted with the 149 Battalion. The house was beautifully decorated with flags and bunting. During the course of the evening Ward was called upon and made the recipient of a wrist watch, fountain pen and unbreakable mirror as Mr. C. Dolbear read the following address:

It is with hearts full of sincere gratitude that we, your friends and neighbors, have assembled to spend a social evening with you before your departure from our midst. You have nobly responded to your country's call to fight under the proud folds of the Union Jack to assist in crushing the German despot and his murderous system of militarism. The spirit of patriotism which prompted your action is to be highly commended and we realize that by enlisting you offered to help protect us and our homes. As a slight token of appreciation we ask you to accept these articles, trusting that they will be of use, and will serve as a remembrance of the people of Watford.

We hope that you may never see active service and that the flag of peace will soon be triumphantly unfurled consecrating our cherished ideas of justice and liberty.

We look hopefully forward to the time when we may welcome you safely home and may our Heavenly Father guide and protect you till that time arrives. May the light of His countenance be shed upon you to light the path which duty calls you to follow.

Signed on behalf of the friends and neighbors.

BASIL MADDOCK  
 CLARENCE DOLBEAR

Mr. Ward Zavitz made a suitable reply. The evening was spent in music and games and a very dainty lunch was served by the ladies.

While winding the clock one evening recently, Mrs. Geo. Dresser of Wheatley, had the misfortune to fall from the chair on which she was standing and severely injured her side. It was thought at first that some of her ribs were broken, but this proved not to be the case.

### RHEUMATISM

### A MYSTERY

Unless Rooted Out of the System it Grows Worse and Worse

Some diseases give immunity from another attack, but rheumatism works just the other way. Every attack of rheumatism invites another. Worse than that, it reduces the body's power so that each attack is worse than the one before. If any disease needs curing early it is rheumatism, but there are few diseases physicians find more difficult to treat successfully.

Wet weather does not cause rheumatism as was once thought, though weather conditions may start the aches and pains. Rheumatism is now known to be dependent upon the blood condition and medical authorities agree that the blood becomes thin with alarming rapidity as rheumatism develops. Maintaining the quality of the blood is, therefore, a reasonable way of preventing and curing rheumatism. That it works out in fact is shown by the beneficial results which follow a fair use of Dr. Williams' Pink Pills.

These pills actually make new, rich blood which drives out the rheumatic poison, and while the blood is kept in this condition there is no danger of the trouble returning. Mr. W. T. Fell, Palermo, Ont., says:—"I was attacked with a trouble which was ultimately pronounced rheumatism. Often I was barely able to crawl into bed, and seldom able to do a full day's work. In this condition I doctored for a year, absolutely getting no better. Then I consulted another doctor whose chief consolation was that unless I could get rid of the trouble I would be a cripple for life. He prescribed dieting, and I doctored with him for at least six months, but instead of getting relief I became weaker and less able to get around. Then I decided to try a doctor in Toronto, and was under his treatment for about four months with no better results. I gave up the doctors and tried other remedies which were equally futile. Then one day our store keeper sent me a box of Dr. Williams' Pink Pills, saying, that if they did not help me I need not pay for them. I took them and then got some more and found they were helping me. I probably used \$10.00 worth before I felt fully cured, but they did cure me and were cheap as compared with the other treatments which did not help me. The cure was made several years ago, and I have not had a twinge of rheumatism since. To-day I am well and strong and I believe I owe it all to Dr. Williams' Pink Pills."

You can get these pills through any medicine dealer or by mail, post paid, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

The W. W. Ferguson Co. of Petrolia, has made an assignment.
