

NERVOUS, IRRITABLE, AILING WOMEN

Mrs. Britten Tells How She Was Restored To Health After
Suffering for More Than A Year.

Another Triumph for Lydia E. Pinkham's Vegetable Compound

Dimondale, Mich.—"I had inflammation and a displacement and weakness, and it had been neglected so long that it caused great pain, and this affected my mind and nerves so that I was very irritable. I had severe pains every month, so that I was often obliged to lie in bed for two days at a time. I suffered for more than a year before my friends said, 'Why don't you try Lydia E. Pinkham's Vegetable Compound?' So I purchased one bottle after another until I had taken ten bottles, then Lydia E. Pinkham's Sanative Wash. I received so much benefit from this treatment that I am now able to do my own work."—Mrs. W. D. Britten, R. No. 2, Dimondale, Mich.

Another Michigan Woman says:

"I was bothered for a long time with female troubles and was so nervous I felt almost afraid at times. I also had a pain in my right side and was certainly in a bad way. Lydia E. Pinkham's Vegetable Compound has relieved me of these nervous feelings and pains and I am much better in every way. I don't know just how many bottles I have taken, but I took it for nearly a year and it has done me a world of good."—Mrs. JESSIE GRANGER, R. No. 8, Box 61, Kalamazoo, Michigan.

Good health is a woman's greatest asset. With it she may be the inspiration of her husband, a happy mother, and the life of the home. Without it she suffers agonies herself, household duties are a burden, and her family is made miserable by her condition.

Is it any wonder that these women were nervous and irritable after suffering so long from such deranged conditions? Such ailments act directly upon the nerves, and it has been said that a large percentage of nervous prostration, nervous dependency, "the blues," and nervous irritability of women arise from some derangement of the female organism.

If women who are in this condition would only profit by the experience of others and take Lydia E. Pinkham's Vegetable Compound at once, much suffering and unhappiness would be averted, as everyone knows a nervous, irritable, ailing mother makes the home unhappy and her condition irritates both husband and children.

A blazing runaway just west of Getty's gasoline station, Leamington gave the firemen a run Sunday evening shortly after 7. Don Ferguson, son of J. T. Ferguson, was taking on gasoline at the station and for some reason lit a match which ignited the fumes of the gasoline causing it to burst into flames. The car was pushed from under the station shed and the chemical turned on which soon had the blaze extinguished. The top was burnt off and the upholstery destroyed. The blaze caused quite a commotion for a short time.

IRISH ARE STUBBORN.

British Cabinet Will Consider Sinn Féin Reply.

LONDON, Sept. 6.—De Valera's reply to the Lloyd George note of August 26 is an "irrevocable rejection" of the terms handed the Irish president at the close of the London parley. The reply was handed out at Down Street Sunday.

De Valera renewed his expression of willingness to continue negotiations, which both as to general peace terms and details, shall be conducted on the guiding principle of government by consent of the governed.

It is absolutely impossible at this stage to say whether the British Government will renew the parleys, or send an ultimatum to de Valera, bidding him to accept the existing proposals or prepare for a renewal of warfare.

Ministers are now hastening north for a Cabinet meeting, summoned especially at Inverness.

Gen. Macready was at Gairloch discussing the situation with the Premier, who had summoned him urgently from Dublin on Friday.

Among the hopeful signs discernable in London is de Valera's comparison of the Dominion offered by Lloyd George and that actually enjoyed by other members of the British commonwealth.

This is interpreted here as meaning that a real Dominion status might be accepted by the Dail Eireann, provided England prepared to relinquish naval, air and economic control of the country.

It is a singular fact that up to the time of the publication of de Valera's letter, opinion in Dublin was more optimistic than that in London. This is apparently based on an idea that Lloyd George will amend his peace offer rather than embark on further warfare. That view is not entertained, however, in any quarter of Britain.

Even the staunchest English friends of Ireland are convinced that allegiance to the British crown, the special status of the Ulster counties and the retention of definite ties between Ireland and England will remain the deadlock basis of the Westminster's Cabinet terms, whether amended or not.

NIGHT TRAGEDY ON LAKE.

Schooner Went Down With All But Two of the Crew.

ST. CATHARINES, Ont., Sept. 5.—The steamer Key West, which went up the Welland Canal Saturday, reported when she reached Port Dalhousie, her first stop after leaving Lake Ontario, that on Thursday night she had collided with and sunk the schooner Oliver Mowat at Duck Island, down the lake. All but two men on board the Oliver Mowat had been lost, the Key West captain reported. He had picked up the two men in the water, their names being George Keegan and John Menaker. There were either five or seven on the lost boat.

The two men were taken on with the Key West, up the canal, and reported when they reached Port Dalhousie, before the boat had left Port Dalhousie before the fact of the loss of the Oliver Mowat was known here.

According to the brief story of the wreck, told by the captain of the Key West at Port Dalhousie, the Oliver Mowat apparently had not been carrying lights and was not seen by the Key West until she was right on her. It was thought there was plenty of time for the Oliver Mowat's crew to get off, as they were all standing ready, but the boat suddenly gave a lurch and sank in a few seconds.

The Oliver Mowat is owned by Hopburn, of Port Dalhousie, and the Key West by the Keystone Transportation Co., of Montreal. The Oliver Mowat was an old boat, having been built at Milhaven in 1873. She was registered at Kingston and was a vessel of 341 tons.

The strictest censorship has been imposed on all newspaper correspondents in Spain. As rail and wire communications have been cut at eighteen points in the kingdom, it has proven almost impossible to obtain definite information on the situation in the battle areas.

In diplomatic circles here officials expressed doubt that the Government will be able to cope with the situation owing to the fact that it has recently been necessary to send large numbers of troops into Morocco.

"Shin-Plasters."

The term "shin-plaster" as applied to Civil-war currency is originally said to have been applied to the depreciated Continental currency. During the war people resorted to postage stamps and private notes; the latter, representing 10, 25 and 50 cents, were of little value beyond the particular locality where they were issued, except as "plasters for broken shins," hence their name "shin-plasters."

Delaware's Nicknames.

During the American Revolution, the commander of a brigade in Delaware was a veteran cock-fighter, who always bet on "the blue hen's chickens." Thence the name came to be applied to the members of his brigade, and finally to the state itself. Delaware has also been nicknamed "the Diamond state," as being small and precious.

PAINFUL NEURALGIA
TORTURING SCIATICA

Both Come From the Same Cause
—Thin, Watery Blood.

Most people think of neuralgia as a pain in the head or face, but neuralgia may affect any nerve in the body. Different names are given to it when it affects certain nerves.

Thus neuralgia of the sciatic nerve is called sciatica, but the character of the pain and the nature of the disease are the same. The pain in neuralgia is caused by starved nerves. The blood which carries nourishment to the nerves has become thin and impure and no longer does so, and the pain you feel is the cry of the nerves for their natural food.

You may ease the pains of neuralgia with hot applications, but real relief from the trouble comes by enriching and purifying the blood. For this purpose Dr. Williams' Pink Pills are strongly recommended. These pills make new, rich blood and thus act as a most effective nerve tonic. If you are suffering from this most dreaded of troubles, or any form of nerve trouble, give these pills a fair trial, and note the ease and comfort that follows their use.

You can get Dr. Williams' Pink Pills from any medicine dealer, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

SEPTEMBER
Can we remember this September, When the year has flown, The true impression of this session, To our existence known.

With Heaven's blessing on every lesson
That human hearts are needing, They have been started, duly imparted.

That's if, we have been feeding, Yes, earthly crosses, financial losses, Hearts broken, but not burst; For choicest living, they have been given.

To save us from the worst, Youth's favored sailing, with nothing ailing, With all that's light and free, Created neatly, we've tasted sweetly, A pleasant part had we.

What we've enjoyed, what we've destroyed, Were our selections wise, When labors ended, what has been blended

In character our size, What a sour building, firm and unyielding, For storms will surely come, A thing of beauty, in doing duty, Before September's done.

Not victims waiting! but souls creating
The fate that must be ours, The part that's scanty, the part that's plenty, Whether in fruit or flowers.

Children Cry FOR FLETCHER'S CASTORIA

THE MARKETS

TORONTO LIVE STOCK.

TORONTO, Sept. 6.—Live stock receipts at the Union Yards last night were 195 cars—Cattle, 2,346, calves, 289; hogs, 845; sheep, 2,704.

A good deal of activity was in evidence at the Union Stock Yards, despite the holiday. Receipts in all departments were heavy enough, but with the exception of hogs, were slightly under those offering on the previous Monday. The cattle run was about 500 less than that of a week ago and there were 40 more hogs yesterday. All the abattoirs were closed for the Labor Day holiday, but despite this the buyers were on the market, and although trade could not be termed brisk a fairly good clean-up was effected.

Prices mostly showed little change from last week, although values were higher in spots for the best quality butcher cattle. An export demand of some proportions was in evidence, one of the commission firms and a couple of the packing houses operating with purchases of about 500 head.

Stocks seemed to be more in demand than feeders and sales were made from \$4 to \$4.50. Real good cows were in demand, but medium quality animals were not wanted. The bull trade was quiet.

BUFFALO LIVE STOCK.

BUFFALO, Sept. 6.—Cattle receipts, 80 cars; shipping grades slow; butchers' steady; choice to prime shipping steers, \$9.50 to \$10; good to choice shipping steers, \$9 to \$9.25; best hand steers, \$8.50 to \$9; fair to good, \$7 to \$7.25; best fat cows, \$5 to \$5.25; medium to fair, \$3 to \$3.50; cutters, \$2.25 to \$2.50; canners, \$1.50 to \$2; light fancy bulls, \$5.50 to \$6; best heavy bulls, \$4.25 to \$4.50; common bulls, \$3 to \$3.50; best feeders, 700 to 800 lbs., \$3.25 to \$3.50; medium feeders, \$2.50 to \$3; stockers, good, \$4.50 to \$5; light common, \$3.50 to \$4; best milkers and springers, \$5 to \$10; mediums, \$4 to \$5.
Hogs, 70 cars; steady; heavy, \$9 to \$9.25; Yorkers, \$8.50 to \$8.65; pigs, \$8.75 to \$8.85; yorkers, \$8.50 to \$8.65; pigs, \$8.75 to \$8.85.
Sheep, 30 cars; higher; tops, lambs, \$9.75 to \$10; yearlings, \$8 to \$7; weaners, \$4.50 to \$5; ewes, \$3 to \$4.
Calves, 16 cars; top, \$4; fair to good, \$2 to \$3.50; grassers, \$4 to \$5.

Killed While Hunting.

BARNIE, Ont., Sept. 6.—Fred Parr Plumber, a well-known business man of Barrie, who killed Wednesday evening by the accidental discharge of his own rifle while out shooting in Essa, about twenty miles southwest of Barrie, with three other local men, George Vickers, Fred Loth and Harold McNabb. He was not over thirty yards from two of the others when the accident occurred, but he being hidden by a ridge, no one witnessed the tragedy.

It is supposed that in climbing his way through the thick undergrowth he tripped over a log and discharged the rifle. The facts were reported to Dr. Lewis, coroner, but it is not likely that an inquest will be necessary. Deceased leaves a widow, but no children.

Canadian Lumber Wanted. WASHINGTON, D.C., Sept. 6.—In spite of demands of Northwestern shingle men, that the duty of 50 cents per thousand, as fixed in the Fordney Bill in the House, be retained by the Senate, western pine interests oppose the duty, and expect later on to make a strong showing against it. Senators on the finance committee are showing a marked disposition to oppose any form of lumber duties aimed at Canadian lumber.

The reason is found in the pressure of farm organizations for free lumber. Testimony before the finance committee, moreover, has revealed that the British Columbia shinglemen are superior to those made on the United States side, because the latter are kiln-dried to excess.
