

Bear River and Western Annapolis

BEAR RIVER.

Telephone.

Miss Atlanta Robblee, of Granville, is visiting her aunt, Mrs. John R. Chute.

Mr. V. T. Hardwick had the misfortune to sprain his ankle on Tuesday evening, and is confined to the house.

Mr. Ralph Eaton, president and manager of the Hillcrest Orchards, Kentville, was in town the first of this week.

Mr. Frank Rice left for Boston last Saturday. He will also make a visit to Pennsylvania before returning to the Klondike.

Mr. A. V. Smith, of Halifax, is filling the position of manager of the Union Bank here during Mr. W. M. Romans' absence.

Mr. W. J. Spinney, of Torbrook Mines, who has been spending a few days with his sister, Mrs. Millidge Armstrong, returned home Monday.

Mr. Thebert Rice left for Boston, Mass., last Saturday on a business trip, his object being the purchase of some machinery for his monument works.

Mr. Guy Morehouse, engineer of Keweenaw Bear River, having been laid up a few days with a severe attack of tonsillitis, the boat did not sail until Wednesday.

We are pleased to note that Miss Margaret M. Harris, who has been quite ill, is improving. Miss Ethel M. Purdy is teaching Miss Harris' department in Oakdene this week.

As Mr. Edward McCormick was driving his team on Long Lake last week his ox put his foot through the ice, and a fish came up through the hole. He examined it and found it to be a young salmon. He put it back again.

It pays to read the advertisements of enterprising home merchants. They are the people who deserve your patronage.

If you want to know all you have ever done, and many things you never thought of doing, just run for office, and you'll get your character aired in good shape.

The Canadian government has voted \$50,000 towards the relief of conditions in Kingston, Jamaica. A steamer with supplies has been forwarded from Halifax.

Hon. A. H. Comeau, of Meteghan River, has been called to the senate of Canada, and left for Ottawa Wednesday of last week. An election will probably be held at once to elect another member for Clare. The liberals of the county met in convention at Weymouth yesterday for the purpose of selecting a candidate, the particulars of which we cannot get for this issue.

A public meeting will be held in Oakdene hall Thursday evening, January 31st, at 8 o'clock, under the auspices of the Bear River Board of Trade, for the purpose of discussing the advisability of changing the name of this town and to devise ways and means of securing adequate fire protection. As this is a matter in which all are interested, or should be, a large attendance is requested.

The Bear River Granite and Monument Works shipped a nice monument to Bermuda, W. I., last week. Since the establishment of this industry here by Mr. Thebert Rice, about a dozen years ago, the business has been on the steady increase. Mr. William Willis, foreman of the works, informs us that it will take several weeks yet to fill last year's orders. Mr. Rice contemplates putting in more machinery, and he now is in Boston having in view the purchase of two compressed air machines.

The annual meeting of the Bear River Board of Trade held last Tuesday

evening was largely attended. Officers were elected for the ensuing year as follows: W. W. Clarke, president; C. H. Purdy, vice-president; W. E. Read, secretary-treasurer; council, J. V. Thomas, A. B. Marshall, T. H. Miller, C. W. Phinney, J. Arthur Rice, Dr. L. J. Lovett, George T. Tupper, John A. Purdy, W. G. Clarke, L. Ruggles, W. A. Purdy and F. W. Fleet. Full details of the meeting and the president's report will appear in next issue.

The militia department at Ottawa has forwarded to Lenfest Ruggles, principal of Oakdene Academy, two Mauser rifles as souvenirs. No information accompanied them, but as they show the mark of service it is supposed they are relics of the Boer war. Mr. Ruggles has been trying for some time to start a cadet corps in connection with the school, but so far has received very little encouragement. We believe the training the boys would receive from such an institution would be of material advantage to them, not only at the present time but in the future and we hope the trustees and parents will take the matter up with the principal and that in the near future we may have a cadet corps.

BEAR RIVER S. S. CO.

The annual meeting of the Bear River Steamship Co., Ltd., was held on the 15th inst., at the office of Clarke Bros.

The report of the managing director giving a detailed statement of the business for the year was received and adopted. With the close of 1906, the steamer has completed fifteen months of service, and made during that period sixty trips between Bear River, way ports and St. John, besides doing the towing on the river and Basin in connection with tonnage loading at this port. The result of the business showed a substantial balance to the credit of the company and a dividend of ten per cent was declared covering the operations of the company to date.

FROM THE ANTILLES.

Chamberlain's Cough Remedy Benefits a City Councillor at Kingston, Jamaica.

Mr. W. O'Reilly Fogarty, who is a member of the City Council at Kingston, Jamaica, West Indies, writes as follows: "One bottle of Chamberlain's Cough Remedy had good effect on a cough that was giving me trouble and I think I should have been more quickly relieved if I had continued the remedy. That it was beneficial and quick in relieving me there is no doubt and it is my intention to retain another bottle." For sale by W. A. Warren, Pharm. B.

SMITH'S COVE.

An adjourned public meeting was held in the Temperance hall on Tuesday evening last to further discuss the adoption of a new name for this place. It was one of the largest gatherings ever assembled here, the ratepayers turning out en masse showing that interest in the subject is very keen. The committee appointed to consider and recommend names brought in their report, which was received and adopted and which gave a list of six names to be chosen from. A ballot being taken, "Naples" was declared to be the unanimous choice of the meeting. The announcement was received with applause. The necessary steps will be taken forthwith to make the new name effective, therefore in due time "Smith's Cove" will be superseded by that of "Naples," which appears to be very popular. The "Naples" of Nova Scotia has a good sound and should prove a good advertisement not only for this particular

picturesque spot, but for Digby and the whole county. It was also decided to petition the proper authorities to have the post office now known as Joggins Bridge, changed to West Naples.

At the public meeting on Tuesday evening last the sum of sixty dollars was pledged towards a fund to be used for the repair of the hall, which is sadly in need of it. It is estimated that two hundred and fifty or three hundred dollars will be required for this purpose, and it is to be hoped that subscriptions will continue to come in until the necessary amount has been raised.

William S. Harris, who lives on the Bear River road, is planning on going to San Francisco the last of this month. He will remain a year and perhaps locate permanently. He has a son and daughter living there. Fletcher Adams has been inspecting the Dowley property known as "Hillside" with a view of purchasing the same. The value placed on the property is said to be in the vicinity of twenty-two hundred dollars.

Miss Balster, who has had charge of the industrial department of the school here, left for her home in Middleton on Wednesday last. She resigned to take effect on the first of February, but illness compelled her to leave before that date. The trustees are negotiating for the services of another teacher.

CLEMENTSVALE.

During the week of prayer the meetings in the Clementsvalle Baptist church were of special interest. Pastor Martell is encouraged in the good work and is continuing the same. Mr. Lesley Berry was hastily summoned home by the serious illness of his wife last week. Amos Pyne, brother of Mrs. Berry, accompanied him.

Mr. and Mrs. Thomas, "Milford House," were the guests of Mr. and Mrs. D. Keshishian Sunday.

Joseph Berry came home to attend the dedication service at Virginia. Impressive services were held in connection with the opening of the new Baptist meeting house at Virginia. Mon was preached by Rev. J. W. Balcom, a former pastor. In the afternoon Rev. N. A. Whitman, of Annapolis Royal, preached, and Rev. I. A. Corbett, Bear River, was the preacher in the evening.

The many friends of Rev. J. A. Balcom are pleased to see him in these parts. He will probably remain a few days to assist Pastor Martell in the special meetings in the old church at Clementsvalle.

CLEMENTSFORT.

Miss Eva Rawling has returned from a visit to Liverpool, at her brother's, Mr. Thomas Rawling.

Miss Ella Gilliat has returned from a visit with friends in Bridgetown. Capt. Edmund Rawling made a short visit last week at his home here. He has been absent some two or three years. His many friends were glad to see him again.

Old Colony Division gave a free entertainment on Friday evening last. There were a good many present and all seemed to enjoy themselves immensely.

Mr. Taylor Ray, son of Col. Ray, met with a very painful accident last week by being thrown out of the carriage on leaving Annapolis for home. He was cut very badly about the face and head. Dr. Archibald is dressing his wounds daily at present.

Rev. Mr. Lockward is away from home on a visit.

Miss Leota Koop is visiting friends at Yarmouth.

The funeral of Mrs. Walter Romans took place yesterday (Monday) from the residence of her parents, Pleasant street, Dartmouth. The cortege was a long one and it represented the business, social and professional men of Halifax and Dartmouth. The funeral proceeded from the house to Christ church cemetery, where interment took place. Services were conducted at the house and grave. The floral offerings were numerous and beautiful. The deceased lady was well known throughout the town and had many acquaintances in Halifax. She was beloved by all and her early demise is deeply regretted.—Telephone.

Teething Babies.

are saved suffering—and mothers given rest—when one uses Nurses' and Mothers' Treasure

Quickly relieves—regulates the bowels—prevents convulsions. Used 50 years. Absolutely safe. At drug stores, 25c. 6 bottles, \$1.25. National Drug & Chemical Co. Limited, Sole Proprietors, Montreal. 41

—they are all alike.
Each biscuit as light as if made by fairy hands.
Baked to a golden russet brown.
So fresh, and crisp, and tempting, that just opening the box is raising the appetite.
And you find a new delight in every one you eat.
You get perfection when you get
Mooney's Perfection Cream Sodas

DEEP BROOK.

Mrs. H. S. Vroom returned home from Boston last Saturday accompanied by her brother.

Rev. J. Lockward received a summons from the Bishop last week to come to Halifax on important business, consequently there was no service in the parish last Sunday.

Mr. Geo. E. Dittmar, of this place, is married this evening, 23rd, to Miss Carrie Lamberton, the Rev. H. How, of Annapolis, officiating in the absence of the rector, Rev. J. Lockward. Another popular young bachelorette of this place is to join the ranks of the benedicts very shortly.

A pie and ice cream social was held at the residence of Mrs. Silas Copeland last Thursday evening. A very enjoyable time was spent and a snug sum added to the funds of the Baptist church. Mr. B. E. Clements helped to entertain the guests with selections from the phonograph.

L. S. Morse, inspector of schools, visited Deep Brook last Friday. Principal Halliday being away on important business, Miss Lockward of the east department took charge of the advanced department during the inspector's visit.

Mr. and Mrs. Loran Adams are receiving congratulations on the birth of a son.

The community were shocked to learn of the sudden death of Mrs. W. M. Romans, wife of the popular bank manager.

State of Ohio, City of Toledo, Lucas County,

ss Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured, by the use of Hall's Catarrh Cure.

OBITUARY.

MRS. W. M. ROMANS.
The death of Mrs. W. M. Romans, beloved wife of the manager of the Union Bank of Halifax branch here, occurred on last Friday after a short illness. The remains were taken to Dartmouth on Saturday for interment. We copy the following from the Chronicle:

The funeral of Mrs. Walter Romans took place yesterday (Monday) from the residence of her parents, Pleasant street, Dartmouth. The cortege was a long one and it represented the business, social and professional men of Halifax and Dartmouth. The funeral proceeded from the house to Christ church cemetery, where interment took place. Services were conducted at the house and grave. The floral offerings were numerous and beautiful. The deceased lady was well known throughout the town and had many acquaintances in Halifax. She was beloved by all and her early demise is deeply regretted.—Telephone.

WHY SUFFER FROM RHEUMATISM?

Do you know that rheumatic pain can be relieved? If you doubt this just try one application of Chamberlain's Pain Balm. It will make rest and sleep possible, and that certainly means a great deal to any one afflicted with rheumatism. For sale by W. W. Wade, and Bear River Drug Store.

IS EITHER PICTURE TRUE?

A certain class of newspaper men assert that a farmer is the most independent man on earth, and that he has nothing to do but enjoy life. That when winter comes and the blizzard's on the wing, he toasts his foot in the oven and reads the local newspaper, and the only thing that disturbs him is a call three times a day to a banquet of mince pies and other luxuries. It is a mistake. The industrious farmer begins work long before the sun thinks of getting up, with his soul shrouded in gloom he proceeds to build a fire and soften his boots with a sledge hammer. He then takes a lantern and shovels his way to the barn and feeds the hogs. It is then time to feed the newly arrived calf, which seems to delight in butting a pail of milk over the tiller of the soil until he only needs to be stamped to pass for a package of oleomargarine. He crawls through a barbed wire fence to dig a stray sheep out of the snow, feeds the cows, cleans the stable, gathers up the frozen chicks, chases a stray pig worth 25 cents for four miles, and does not catch it; doctors a sick horse, freezes his fingers, gets kicked by a lousy steer, and when the gloaming comes and quietness broods over the earth, he has a single half hour to meditate and wonder how he will pay his taxes.

◆◆◆
EARTHQUAKE SHOCKS.
Williamsport, Pa., Jan. 10.—A series of shocks, evidently earthquakes, were felt in this section from 5.45 to 4.50 o'clock this morning. Buildings shook so that families were awakened, and rumbling sounds were heard over an area of twenty miles.

SHOCKS AT BALTIMORE.

Baltimore, Md., Jan. 10.—Earthquake shocks were felt at several points in Baltimore County, north of here, at about 5.45 o'clock this morning. The shocks, which were slight, were distant and lasted about fifteen seconds.

SWEDEN IS AFFECTED.

Stockholm, Jan. 10.—Two distinct and sharp earthquake shocks were felt at several points in Sweden at 1.30 this morning. Despatches received from Arvika, Mellerud and Stromstad report that the rocking of houses at those places caused a hasty exodus of the alarmed inhabitants.

RUMBLINGS LIKE THUNDER.

Christiania, Jan. 10.—Two severe shocks of earthquake were felt at 1.30 o'clock this morning accompanied by rumblings like thunder. Telegrams received here indicate that the shocks were felt at three towns in Norway. The disturbances caused considerable alarm but no damage has been reported.

GASPERAUX ELECTRIC LIGHT PLANT.

A press report says: Sixty-five men are engaged at work on the electric light plant which is being put in at White Rock. Many Cornwalls people were sceptical in regard to their having an electric light system this year. Those people will be interested to learn that sixty thousand dollars' worth of machinery has been ordered for the completion of this plant by the Company. The wheel which is now on its way to White Rock, weighs forty tons. The engineer of the company reports the prospect for a good electric light system excellent. If no rain occurred for months the plant would not be effected, as the supply of water from the Gasperaux River, by which it is to be run, is so bountiful. The putting in of the plant is being rushed along and the system is expected to be in running order by the first of April.

THE PLAIN DAUGHTER.

Don't keep her in the background try to develop her self-confidence. She should be taught to make the most of herself, and who can teach her so well as her mother?

If she is growing up too quiet and seems never to have anything to say, exert yourself and draw her out. Lead her into general conversation at every opportunity; let her feel that her thought and opinion about different matters are of some weight and importance.

Do not let her sink into that state of mind which is content to let other people take the burden of conversation as she sits by in apparently stupid silence. It is a habit which will grow upon her, and which will only become more deeply fixed if referred to in any way. Some day her chances of a happy and useful life may be ruined by it.
