The Canadian BEE Journal will not make a special club offer with the Beekeepers' Magazine for the ensuing year. We mention this that our subscribers may not think that it is at our instance, should they continue to receive the journal mentioned. Our clubbing price will be \$1.40.

We can supply 250 envelopes and 250 note heads, each with your name and business neatly printed on the corner for one dollar. The paper is of good quality, the envelopes are in boxes of 250 and we pay the postage. At this writing we have executed nearly three hundred orders, and have in many cases been favored with repeat orders for friends. Cash should accompany order and copy be plainly written.

BEE-KEEPERS' CIRCULARS.

During last season we printed quite a large number of catalogues and price lists for beekeepers, and we believe that in every instance the work as well as the price gave satisfaction. We have much better facilities now than we had at that time for turning out work, and we shall be happy to quote prices to any who may be requiring circulars. All we want is the privilege of estimating, and we will then leave the matter with the customer. We generally get up a sample circular (in blank form) showing the style and quality of paper which we quote price for, and we always allow the free use of any cuts or illustrations which have ever appeared in either the C.B.]. or our catalogue. Give us an idea of what you want and we will try and send a sample of it with prices.

A SPECIAL OFFER.

We have a special offer to make to our present subscribers. It is one which we should advise all who want to take advantage of it to take the chance while it is offered. You all know how nice it is to have a nicely printed note head and envelope for your correspondence. It gives you a business standing, which blank paper and envelopes never can. Now, then, to all those who send in their renewals for the JOURNAL for another year we will forward by mail, post paid, 250 note heads and 250 envelopes—good paper and nice large envelopes—for 75c. That is \$1.75 will procure your renewal for another year and the paper and envelopes printed as advertised. If sent for by themselves the latter are worth \$1.00 4

THE BEE-KEEPERS'

**REVIEW.

About January 10th, 1888, we shall begin the publication of a 16 page monthly with the above title. As indicated by its name, one of its distinctive features will be the REVIEWING of current apicultural literature. Errors and fallacious ideas will be faithfully but courteously pointed out, while nothing valuable will be allowed to pass unnoticed. But few articles will be copied entire, but the ideas will be extracted given in the fewest words possible and

articles will be copied entire, but the ideas will be extracted, given in the fewest words possible, and commented upon when thought advisable.

Another feature will be that of making each number to a certain extent what might be termed a SPECIAD number. For instance, a large share of the correspondence, extracts and editorials of the first number will be devoted to the subject of "Disturbing bees in Winter." Winter.

Our own apiary will hereafter be largely experimental, and of this our readers will have the benefit. The price of the REVID W will be 50 cents per year; and while we have not the slightest objections to receiving subscriptions in advance our only request is that each one interested will send his address and allow Uncle Sam to hand him a copy of the first issue as soon as it is printed.

THE PRODUCTION OF COMB HONEY.
