Church Education in the Province of Quebec.

The volume of the proceedings of the thirty-seventh Annual Synod of the Diocese of Montreal, held in January, 1896, con-

tains much interesting matter, and, perhaps, certain points in reference to Church Education are as interesting as any part of the volume. There are two parts of the proceedings to which special reference will be made in this article. (1) Report of the Committee on Education, pp. 101-106; included with this we shall take the report of the Committee on Dunham Ladies' College pp. 106-107. (2) Report of Bishop's College, Lennoxville, pp. 107-110. (1) In considering the committee's report we note that the committee confined itself to institutions geographically situated in the Diocese of Montreal. Since the Synod of Montreal has equal powers with that of Quebec in the government of Bishop's College, we might have expected in a report on education some reference to that Church University. However this omission, if it may be regarded as such, is amply made up by the full report of the Lennoxville institution, which we note was presented by the Principal, who was invited to take a seat in the Synod. The position of Bishop's College in Quebec Province, with regard to the two Dioceses of Quebec and Montreal, is similar to that of the University of Trinity College in Ontario with regard to the Dioceses of Toronto, Ontario, Huron, Niagara and Ottawa. That University is geographically situated in Toronto Diocese, but it is governed equally by representatives from the other Dioceses of the Civil Province of Ontario. Algoma too is represented by its Bishop on the Board of Governors. This point is urged as making for the wider view of Church Universities; they are not meant to be diocesan in-
