

INGLUVIN

Brooklyn, N. Y., August 10th, 1878.

Dear Sirs:

It is with great pleasure that I report to you briefly my experience, and also that of eminent Physicians, as to the valuable medicinal qualities of **INGLUVIN**, and testify to its superiority in all cases, over Pepsin.

Drs. F. A. Howe and E. P. Lusk, of Newburyport, Mass., report a case of Chronic Dyspepsia, as follows: Our associate in medicine, Dr. E. Cross of this city, was taken violently sick. For a time his life was despaired of; everything was tried, but with no good effect. Finally, **INGLUVIN** was administered in doses varying from 5 to 10 grains; to our surprise, the patient began at once to mend, and rapidly convalesced. We cannot speak too highly of **INGLUVIN** in this case; it is certainly a valuable remedy.

Dr. F. W. Campbell, of Montreal, Canada, says that with **INGLUVIN** he cured 3 out of 4 cases of **VOMITING in PREGNANCY**.

Dr. C. F. Clark, Brooklyn, N. Y. has used **INGLUVIN** very extensively in his daily practice for more than a year, and has fully tested it in many cases of **VOMITING in PREGNANCY, DYSPEPSIA and SICK STOMACH**, with the best of results.

Dr. Edward P. Allen, New Bedford, Mass., mentions a case of Vomiting, caused by too free use of Intoxicating Liquors; **INGLUVIN** was administered in the usual way, the effect was wonderful, the patient had immediate relief.

A gentleman living in Toronto, Canada, gives his experience. He says, I was suffering terribly from Indigestion. I could eat nothing, life was almost a burden to me. **INGLUVIN** was prescribed in 5 to 10 grain doses, the medicine was taken for about two weeks; result, a permanent cure.

In fact were I to note all the remarks of the profession and my experience in relation to this remedy, and report to you the cases in detail, you could fill a volume with expressions as to its great efficacy in the troubles for which it is recommended.

Yours Respectfully,

Chas. H. Bennett,

144 Lequeux St., Brooklyn, N. Y.
