and Medical Jurisprudence. RANCIS MINOT, M.D., Hersey Professor of the Theory

JOHN P. REYNOLDS, M.D., Instructor in Obstetrics.
RENRY W. WILLIAMS, M.D., Prof. of Ophthalmology.
JAVID W. CHEEVER, M.D., Prof. of Clinical Surgery. JAMES C. WHITE, M.D., Professor of Dermatology.

ROBERT T. EDES, M.D., Assistant Prof. of Materia Medica. HENRY P. BOWDITCH, M.D., Assis't. Prof. of Physiology. CHARLES B. PORTER, M.D., Demonstrator of Anatomy. and Instructor in Surgery.

FREDERIC I. KNIGHT, M.D., Instructor in Percussion. Auscultation and Laryngoscopy.

J. COLLINS WARREN, M.D., Instructor in Surgery.

Accident Professional Profes

REGINALD H. FITZ, M.D., Assistant Professor of Patholo-

gical Anatomy.

THOMAS DWIGHT, JR., M.D., Instructor in Histology.

EDWARD S. WOOD, M.D., Assistant Professor of Chemistry.

HENRY H. A. BEACH, M.D., Assistant Demonstrator of Anatomy WILLIAM B. HILLS, M.D., Instructor in Chemistry.

Other Instructors: FRANCIS B. GREENOUGH, M.D., and EDWARD WIGGLESWORTH, JR., M.D., on Syphilis.

GEORGE H. F. MARKOE, Instructor in Materia Medica.

WILLIAM L. RICHARDSON, Instructor in Obstetrics.
J. ORNE GREEN, M.D., and CLARENCE J. BLAKE, M.D., on Otology.
JAMES R. CHADWICK, M.D., on Diseases of Women. CHARLES P. PUTNAM, M.D., on Diseases of Children.
CHARLES P. PUTNAM, M.D., Legturer on Diseases of Children.

CHARLES P. PUTNAM, M.D., Lecturer on Diseases of Children.
JAMES J. PUTNAM, M.D., on Diseases of the Nervous System.

THE plan of Study was radically changed in 1871.\* Instruction is now given by lectures, recitations, clinical teaching and practical exercises, distributed throughout the academic year. This year begins September 30, 1875, and ends on the last Wednesday in June, 1876; it is divided into two equal terms, with a recess of one week between them. Either these two terms is more than equivalent to the former "Winter Session," as regards the amount and character of the two terms is more than equivalent to the former "Winter Session," as regards the amount and character of the instruction. The course of instruction has been greatly enlarged, so as to extend over three years, and has been so arranged as to carry the student progressively and systematically from one subject to another in a just and natural order. In the subjects of caretony, histology, chemistry, and pathological anatomy, laboratory work is largely substituted for, or In targed as to carry the student progressively and systematically from one subject to another work is largely substituted for, or the subjects of anatomy, histology, chemistry, and pathological anatomy, laboratory work is largely substituted for, or added the subjects of anatomy, histology, chemistry, and pathological anatomy, laboratory work is largely substituted for, or

Instead of the customary hasty oral examination for the degree of Doctor of Medicine, held at the end of the three Instead of the customary hasty oral examinations on all the main subjects of medical instruction has been distributed through the whole three years; and every candidate for the degree must pass a satisfactory examination in every one of through the whole three years; and every candidate for the degree must pass a satisfactory examination in every one of through the principal departments of medical instruction during his period of study. added to, the usual methods of instruction.

DIVISION OF STUDIES.

For the First Year—Anatomy, Physiology and General Chemistry.
For the Second Year—Medical Chemistry, Materia Medica, Pathological Anatomy, Theory and Practice of Medicine,

Chaical Medicine, Surgery and Clinical Surgery.

For the Third Year—Therapeutics, Obstetrics, Theory and Practice of Medicine, Clinical Medicine, Surgery and Chairman Chairma

Clinical Surgery. Students are divided into three classes, according to their time of study and proficiency. Students who began their students are divided into three classes, according to their time of study and proficiency. Students who began their students are divided into three classes, according to their time of study and proficiency. Students who began their students are classes, according to their time of study and proficiency. Students who began their students are classes, according to their time of study and proficiency. Students who began their students are classes, according to their time of study and proficiency. Students who began their students are classes, according to the students are classes, according ission. Examinations are held in the following order:-

At the end of the first year—Anatomy, Physiology and general Chemistry.

" secondyear—Medical Chemistry, Materia Medica, and Pathological Anatomy.

" third year—Therapeutics, Obstetrics, Theory and Practice of Medicine, Clinical Medicine, and

Surgery.

Examinations are also held before the opening of the School, beginning September 27th. Students who do not intend to Texaminations are also held before the opening of the School, beginning September 27th. Students who do not intend offer themselves for a degree will also be received at any part of the course, for one term or more. Any student may obtain, without an examination, a certificate of his period of connection with the school.

Reconstruction of the School of the Schoo

REQUIREMENTS FOR A DEGREE.—Every candidate must be twenty-one years of age; must have studied medicine three full years, have spent at least one continuous year at this School, have passed the required examinations, and have

presented a thesis. COURSE FOR GRADUATES.—For the purpose of affording to those already Graduates of Medicine, additional facilities tor Course for Graduates.—For the purpose of affording to those already Graduates them, the Faculty has pursuing clinical, laboratory and other studies, in such subjects as may specially interest them, the Faculty has testablished a course which comprises the following branches:—Physiology, Medical Chemistry, Pathological Anatomy, Subblished a course which comprises the following branches:—Physiology, Medical Chemistry, Pathological Anatomy, Subblished a course which comprises the following branches:—Physiology, Medical Chemistry, Pathological Anatomy, Subblished a course which comprises the following branches:—Physiology, Medical Chemistry, Pathological Anatomy, Subblished a course which comprises the following branches:—Physiology, Medical Chemistry, Pathological Anatomy, Subblished a course which comprises the following branches:—Physiology, Medical Chemistry, Pathological Anatomy, Subblished a course which comprises the following branches:—Physiology, Medical Chemistry, Pathological Anatomy, Subblished a course which comprises the following branches:—Physiology, Medical Chemistry, Pathological Anatomy, Subblished a course which comprises the following branches:—Physiology, Medical Chemistry, Pathological Anatomy, Subblished a course which comprises the following branches:—Physiology, Ottobal Chemistry, Pathological Chemistry Surplished a course which comprises the following branches:—Physiology, Medical Chemistry, Pattoning of American, Percussion and Laryngoscopy, Ophthalmology, Otology, Hygiene, Dermatology, Syphilis, Pyschologial Medicine, Electro-therapeutics, Gynæcology and Obstetrics.

Single branches may be pursued, and on payment of the full fee also the privilege of attending any of the other starcties of the Medical School, the use of its laboratories and library, and all other rights accorded by the University will be granted. Graduates of other Medical Schools who may desire to obtain the degree of M.D. at this University, will be started as a constant of the degree of the degree

will be granted. Graduates of other Medical Schools who may desire to obtain the degree Course.

Will be admitted to examination for this degree after a year's study in the Graduates' Course.

REES.—For Matriculation, \$5; for the Year, \$200; for one Term alone, \$120; for Graduation, \$30; for Graduates, Course, the fee for one year is \$200, for one Term, \$120; and for single courses such fees as are specified in the Catalogue.

logue. Payment in advance. Members of any one department of Harvard University have a right to attend lectures and racitatious in any other

department without paying additional fees.

DR. R. H. FITZ, Secretary, 108 Boylston, Street, Boston, Mass. For further information, or Catalogue, address

<sup>\*</sup> In and after September, 1877, an examination on entrance will be required. For particulars see Catalogue.
