DOING A CHRISTIAN DUTY.

I was advised to try Mr. Noel's Vita-Ore for rheumatism. I called on Mr. Messervey and got circulars and his opinion about it. He said it had cured others, and according to reports in circulation it was a wonderful remedy for all complaints. I took one package, and in ten days—using internally three to six times a day, also externally—I was cured. Before taking V. O. I had been laid up one year and a half, and could not get on number seven boots without cutting them all to pieces. In twelve days I could put on my number six shoes. Every vestige of rheumatism is gone. I am now the proudest man in the North End. I have a most ravenous appetite, and could eat a horse. All who are suffering as I did, try V. O. and be convinced that there is nothing to beat it for rheumatism, and I honestly believe it will cure anything it is recommended to cure if used according to directions. Use more water internally than directions, it will do no harm.
