This Company is now issuing **Five-Hundred-Dollar Investment Bonds**, payable in ten years from date of issue, affording all the advantages of compound interest accumulations on small sums of money.

These Bonds are the obligations of this Company, and are specially protected by a sinking fund, invested in first-class Real Estate Mortgages. They are plain, definite contracts, subject to no contingencies whatever, are non-forfeitable after one annual payment, with values definitely stated thereon. For a small outlay they secure a fixed and generous return.

Young men and women and persons of moderate means, are solicited to examine carefully the plan of these Bonds, and note the fact that \$3.90 monthly, \$11.30 quarterly, \$22 00 half yearly, or \$42.70 annually, will produce **Five Hundred Dollars** at the end of **Ten Years**, with participation in profits, affording thereby unequalled opportunities for saving and accumulating money, and all at very moderate cost.

The Company is prepared to receive applications from reliable Agents at all points where it is not already represented.

**WM. KERR, Manager.**

THE SAFE DEPOSIT VAULTS of the Company cannot be surpassed for absolute security. Call and examine, or write for Circular.
