

"Meat and bread together make the essentials of a healthful diet. Such are the facts of experience. The advancing science of later years explains them.—PROFESSOR ATWATER.

PANOPEPTON

BREAD AND BEEF PEPTONE

Presents all the constituents of the two great types of food in a perfectly soluble, diffusible and absorbable form.

In sickness, the indications and necessities for a comprehensive nutrient are no less plain than in health. The expedient of pre-digesting or peptonising this food is one of the most rational, scientific and important advancements of modern medicine.

PANOPEPTON conserves and imparts energy, sustains the system, resists the inroads of disease and quickly enables the digestive functions to resume their normal power, and thus appropriate ordinary foods.
