## Change of Name but not our business policy

Although the house of M. W. Waitt & Co., Ltd., has been in business for half a century there has not been a Mr. Waitt connected with the firm for the past twenty-one years.

The policies of the house for reliability, honesty and square dealing, established by the

founder in 1862, have been ably maintained by our president, Mr. Herbert Kent.

These policies will be the foundation for our business in the future, which from June 2nd will be known by the name and trade-mark below.
