CONFERENCE FOR SECURITY AND CO-OPERATION IN EUROPE

ENCOURAGEMENT OF REPRESENTATIVES IN REACHING
OBJECTIVES—MOTION UNDER S.O. 43

Mr. Jesse P. Flis (Parkdale-High Park): Madam Speaker, I seek the attention of all hon. members of this House on a matter of urgent and pressing necessity under the terms of Standing Order 43. In view of the fact that Canadians have a deep interest in international security, human rights and co-operation among nations, and in view of the fact that the Conference for Security and Co-operation in Europe, known as CSCE, begins officially on November 11, 1980, in Madrid, Spain, I move, seconded by the hon. member for Okanagan-Similkameen (Mr. King):

That this House urge the representatives of each nation to work in a spirit of co-operation to achieve the objectives of security, disarmament, trade, human contacts, free flow of information and human rights.

ENERGY

RESTRUCTURING OF OIL SANDS PRICING POLICIES—MOTION
UNDER S.O. 43

Mr. Bill Yurko (Edmonton East): Madam Speaker, I rise under the provisions of Standing Order 43 on a matter of urgent and pressing necessity. The federal government has structured its oil sands pricing policies to aid its policy of nationalization and confiscation of segments of the oil industry. This is an unacceptable policy. Therefore I move, seconded by the hon. member for Saskatoon West (Mr. Hnatyshyn):

That the federal government should undertake immediately to restructure its oil sands energy pricing policies to provide uniform, consistent and fair pricing for all tar sands oil being produced and commercial terms for all new tar sands projects which would permit rapid capital recovery and accelerated development of this major resource.

Madam Speaker: For presentation, this motion requires the unanimous consent of the House. Is there unanimous consent?

Some hon. Members: Agreed.

CANADIAN BROADCASTING CORPORATION

CONTROL OF POLICY—MOTION UNDER S.O. 43

Mr. Mark Rose (Mission-Port Moody): Madam Speaker, I rise as a result of the appearance of officials of the CBC this week before the Standing Committee on Communications and Culture. Considering the fact that a Conservative "heavy" has recently charged that the CBC has been infiltrated by "NDP moles", while the NDP believes the corporation is dominated equally by Liberals and Tories, and Quebec Liberals frequently express alarm that Radio-Canada is under the influence of separatists, I move, seconded by the hon. member for Oshawa (Mr. Broadbent):

That the Secretary of State inform this House exactly which political party actually runs the CBC and whether or not that party might be the Rhinoceros Party and, if so, why the Rhinoceros Party has been denied its legitimate right to control the CBC.

Madam Speaker: For presentation, this motion requires the unanimous consent of the House. Is there unanimous consent?

Some hon. Members: Agreed.

Some hon. Members: No.

PUBLIC SERVICE

CALL FOR MEASURE TO IMPLEMENT TERMS OF RESOLUTION—
MOTION UNDER S.O. 43

Mr. Dan McKenzie (Winnipeg-Assiniboine): Madam Speaker, I rise under the provisions of Standing Order 43. In light of the many fears respecting entrenchment of language rights in the constitution as they apply to public servants, and that the resolution entitled "A Declaration of certain Principles respecting Employment in the Public Service of Canada", passed in June of 1973, is not law, I move, seconded by the hon. member for Moose Jaw (Mr. Neil):

That this House instruct the government to bring forth the necessary legislation so that paragraph 7 of the resolution of June, 1973, will be made law as part of the Official Languages Act, and that paragraph 7 of the resolution be expanded to include Crown corporations, so that unilingual public servants will not feel stifled in their jobs or denied promotion because they are not bilingual.

Madam Speaker: For presentation, this motion requires the unanimous consent of the House. Is there unanimous consent?

Some hon. Members: Agreed.

Some hon. Members: No.
