

November 24, 1932.

M. Adelard Godbout,
Minister of Agriculture,
Department of Agriculture,
Quebec, P. Q.

May I once more express my appreciation of the evidence of your interest in agricultural problems disclosed by your visit to Macdonald College. I assure you that the members of the staff were delighted to have this personal talk with you and your Deputy and I am sure nothing but good will result from your visit. It was a great pleasure to me to meet you and I hope that I shall often have that good fortune in the future.

Ever yours faithfully,

Principal.
