TODMORDEN ASKS FOR RELIEF WORK

Meeting Decides That Township Council Can Raise Money Needed.

COMMITTEE APPOINTED

W. F. Maclean, M.P., Promises to Attend Meeting and Support Proposal.

W. F. Maclean, M.P., Ald.-elect H. H. be requested thru the press to send a Ball and R. Barker of the township council attended a meeting of the Todmorden like delegation to the council and get Relief Committee in St. Andrew's Hall the proposal under way at the earliest last night. A number of ratepayers were moment. That if there be any legal present and ways and means of providing employment for the large number of unemployed men in the district was enthusiastically discussed, terminating in the appointment of a committee to wait on the township council on Monday afternion to lay before them a proposal for a bylaw appropriating about \$100,000 for works necessary in the township for

works which could be gone on with in the township and stated that by a mill lie street, perhaps a part of Woodbine on the dollar \$22,000 could be raised and and grading at the head of Codarvole Should Lay Sewers.

W. F. Maclean M.P., suggested that sewers on Don Mills road, Pape avenue, Leslic street and a part of Woodbine avenue were quite possible. He was of the opinion that about \$20,000 could be raised for sewers on these streets, approximately half of the sum being paid away in labor.

He suggested that a bylaw for the ap-

propriation of \$100,000 be passed by the township council for works thruout the township to help the unemployed. there was any legal bar to this proceeding, they should ask the Hon. W. H. Hearst, Premier of Ontario, to enact legislation validating the bylaw.

Petitions Prepared.

J. A. Macdonald supported the proposal and stated that following the meeting last Wednesday night he had drawn up a petition asking the township council for a sewer on Pape avenue, which had been signed by nine-tenths of the property-owners on the street.

A. Allpress supported the proposition, but wanted connections made on the streets running at right angles to the

Relief Work for the Township of York.

A start was made at Todmorden last night in the direction of getting the Township of York to start needed public works in the suburbs to so as to afford work for the many men thrown out of employment because of the war. What the meeting did was to appoint a committee of nine to wait on

the council on Monday afternoon and press for a bylaw authorizing the raising of say \$100,000 for building sewers, street gradings, fills and the like, to e sooner or later made a tax on the properties immediately benefited. "UNEMPLOYMENT IS THE VITAL ISSUE

Swansea Ratepayers Urge Township Council to Take Action.

ANNEXATION DISCUSSED

With Home Smith is Valid.

The opening address of President Donald J. McBeth at the Swansea Ratepayers' Association meeting last night outlined in an interesting way some of the work to be taken up during the year.

One step towards postal delivery had overcoming any difficulties; but in already been taken in the naming and numbering of the streets.

The question of unemployment he wanted to see handled in a big way by the township council. The question was a vital one, for, he said, "it seems to be a crime to live in Swansea, for the men of Swansea were denied the privilege of working in the city." The association should therefore take action to induce the council to go further than they had done, especially in the grading of Windermere avenue and in the carrying of the grading of College conclusion.

He would like to see a sidewalk on Windermere avenue carried up to Bloor street and sidewalks on side streets from Windermere to Ellis avenue so that the residents would be able to get to the new Bloor street

The petition for annexation had been presented to the city hall and it fell to the city, he said, to make the next move.

Annexation Petitions. petition for annexation, ex-. B. Hutchison, was in the hands of the city solicitor for examination and the solicitor would report back to the board of control. Word regarding the petition, said Mr. Hutchison, "can't possibly be delayed more than a month. Personally, I think we should hear in two weeks."

Ald. Cameron's notice of motion that no annexation proposals be considered by the city this year would not apply to the annexation of Swansea and Runnymede, thought Mr. McBeth. The Home Smith agreement had aiready been made. It was recommended by Mr. McBeth hat the ratepayers on Winderme

avenue and along Ostend avenue to Bertha, who are within 500 feet of the city limits, should apply by petition to the York Township Council for the laying, on a local improvement plan, of a water service from the 12-inch main now laid on Shaw street. The application had already been granted before this 12-inch main had been laid, and when laid, a connection had been put in coming south on Windermere avenue, and Mr. McBeth thought a renewed application would lead to the

laying of the supply in the spring. Committee Appointed. A committee, consisting of Charles any talk like that here," said the presi-Shaw, M. Crombie, D. J. McBeth, R. Farrow, J. Aishford, A. A. B. Hutchison was appointed a representative to attend the next meeting of Ward Seven Ratepayers' Association and Charles Shaw the next meeting of Runnymede Association that the association might keep in and advise the purchase by the board touch wit hthe work of these condistricts. Mr. Hutchison stated there were several matters in connection with ward seven ,the consideration of which would prove of advantage to Swansea.

Mr. Crombie condemned strongly the

system of open voting in the election of school trustees, and it was decided that the secretary should lay the matter before the Hon. Dr. Pyne, minister of education.

The issuing of a permit to the board education for the erection of chool for weak children in Hig Park was dealt with in the following reso ution, which was unanimously adopted: "That this association confer and endeavor to work in unison with similar associations in the city to strongly protest against the principle involved and the precedent established in the leasing of a section of High Park to the board of education for the purpose of erecting a school for weak children, of a suitable site elsewhere outside the city parks."

Many ratepayers spoke strongly against the proposed building. "High Park is one of the finest parks Canada." said Wallis Fisher. the granting of a permit to erect building there the council is establish ing a precedent which cannot justly be set aside. In time there will be nothing to prevent any civic institution or even private corporation from also violating park territory in the same manner.
